

Pictures on your Farm

Are now easy to get, for Kodak has made photography so simple that even a child can take good pictures and its inexpensive as well as simple.

What would you give to-day for an album of pictures of your family from the time they were babies up to the present; of the prize stock you've raised; of the crops you've grown; of the improvements you've made?

Maybe you can't get such an album at any price now, but you can start to-day collecting for the future.

The Kodak on the Farm is a little booklet of explanation, a copy of which we are keeping for you. Get it next time you're in town.

Paid \$200 for Passing Bottle

A young Walkertonian who essayed to play the "good fellow" by taking along a bottle of booze when driving with two chums to Hanover on the afternoon of Saturday, Dec. 30th, paid dearly for his hospitality when on Monday last he was fined \$200 and costs by Magistrate Tolton for this violation of the liquor law. One of the trio, to wit; George Moore, who works in Hanover, gave the thing away when on being pulled for being drunk in Hanover he told the magistrate how the bottle circulated on the trip from Walkerton. He admitted having a touch-up of cider at the home of a friend after arriving in the factory town, and this mixture of drinks appears to have given him a showy jag that later brought him into the police court. His "squeal" on the Walkertonian was only wrung from the Hanoverian by the court declaring that he must go to jail or divulge. With the damps of the prison confronting him he let the cat out of the bag, with the result that Provincial Inspector Beckett, who was prosecuting the case, got busy on the phone and ordered License Inspector White to get after the scalp of the Walkertonian who had passed the juice jug around. The trial of the local talent was set for hearing before Magistrate Tolton in the Town Hall on Tuesday morning, but finding himself up against it with the cards all stacked against him he defendant threw up his hands and settled on Monday night by pleading guilty and paying a fine of \$200 and costs which it seems, is the minimum assessment for serving free drinks in a public place under prohibition. The offence was no doubt committed in sunflower innocence, but ignorance of the law is no defence in court, which some drum-heads who are serving refreshments behind lumber piles in town may discover before another buckwheat crop is off.—Times.

A Serious Charge

President Hahn, of the British League, Kitchener, made a sensational statement at a meeting of the league on Friday night that a plot had been discovered, believed to have been inaugurated by pro-Germans, to put down the British if they attempted to celebrate on Monday night. His statement was to the effect that boxes of rifles and ammunition had been discovered in a school house in a nearby village, and made the declaration that it was there for no good cause. Further, he asserted that in one house in the city were congregated 83 men all armed to the teeth.

Lieut. J. A. Cronin of Kincardine, who went overseas with the 160th Battalion, has been granted a three months' leave and arrived home last week. Lieut. Cronin was ill with pneumonia after arriving in England and is now home to recuperate.

The members of the 161st (Huron) Battalion were treated to an excellent and appetizing dinner on Christmas day by the officers of the battalion. The dinner included 600 lbs. of chicken, corn, cabbage, potatoes, plum pudding, nuts, candies, oranges, tea and coffee.

**Housekeeping Is Not the
Task It Used to Be**

MODERN invention has done away with much of the hard work. For instance, the cleaning and polishing of hardwood floors, the dusting of moldings, the tops of high furniture, the stairs, under the radiator, etc. These back-breaking tasks are now made easy with the

O-Cedar Mop Polish

With it you can dust, clean and polish a hardwood floor in the time it formerly took you to get ready to do it.

Besides, you do not have to get down on your hands and knees to dust under the bed or other hard-to-get-at places, or to stand on a chair to dust the top of the high furniture. All of the hard work is now made easy with the O-Cedar Polish Mop. It gathers all the dust or dirt from everywhere and holds it. The mop is easily cleaned by washing and then renewed by pouring on a few drops of O-Cedar Polish.

Try it at Our Risk Try it two whole days with this understanding: If you do not find it satisfactory in every respect we will return your money. The price is only \$1.50 and it will save its price many times over in a short time.
