Amigrants Coming to Canada Must Come Direct-Affects Japanese Influx

OTTAWA, Jan. 7 .- The government has under consideration a change in town, Walter J. Mills was today electprovide that henceforth all immigrants coming to Canada must come direct to Canada, in ports of entry from their native land or from their countries of adopted citizenship. While this regulation would apply to immigrants of all nationalities its chief effect would be to stop Japanese coming to British Colmbia via Honolulu. It is understood hat the Japanese government has informed Mr. Lemieux that there would no objection on their part to such restriction and further promised to estrict immigration of Japanese to Canada to minimum desired by Cana-

MUCH ROUTINE BUSINESS BEFORE LOCAL GOVERNMENT TUESDAY

FREDERICTON, N. B., Jan. 7 .- The | "The fire alarms during the year numocal government met in session this evening with a full attendance of the xecutive. Recorder Skinner and G. N. Gilbert were heard on behalf of the wners of fishing leases of Grand Falls and on the Nipisiquit River, and asked for protection in arrangements entered into with the Drummond Iron Company. It was decided that the attorney general should meet all the par ties interested in St. John and draw up suitable conditions to all.

A delegation composed of Rev. J. H Anderson, John N. Perry and D. W. Ross were heard regarding a claim in behalf of consolidated schools. The government promised to refer the matter to the board of education, which will geet in the morning. The premier said that he had nothing o say as regards an election or a ses-

sion. There was so much routine business on hand that the matter had not been considered at all. The premier said he expected the government would There was nothing to report whatever and published. as regards any reported changes in the government or as to date of election. At the regular monthly meeting of the penses for year amount to \$5,997.09. city council, held this evening, Chief There were 83 lamps, the average cost

smallest since the installation of water system in 1883. In this exceptional year total insurance on buildings injured by fire was \$1,000 and loss \$714.50. The chief in his report makes several recommendations as regards hydrants, and speaks of the firemen's visits dur ing the past year to Moncton and St. John. At both places the treatment ascorded was of the best, the St. John firemen outdoing themselves by their magnificent hospitality. A quantity of hose was purchased in 1907 and the department has now on hand 4,000 feet. A sharp discussion took place over the settlement of the claim made by Hyde and Webster of Montreal against the city, and in the absence of Ald.
