PAN-AMERICANISM.

Chief Apostle Wants Co-operation of Canada.

John Barrett, the unique, the irreplaceable, the lovable, finally has retired from the directorship of the Pan-American Union after 25 years devoted to the public service, 14 of them spent in the upbuilding of the Pan-American Union. He is succeeded by the capable Dr. L. S. Rowe, a former assistant secretary of the Treasury, later in charge of Latin American affairs for many years. Mr. Barrett resigned for the reason, which he frankly states, that if he remained much longer at his present post he would find himself "in danger of going eventually from the beautiful Pan-American Union, which he loves with the affection of a parent for its favorite child, to the lowly poorhouse." Mr. Barrett says that after spending a month with his aged mother at the family homestead in Grafton, Vt., and a brief trip to Panama to assist in the inauguration there of the new Pan-American College of Commerce, he will establish connections in large American and possibly some Latin American cities as a general counsellor and adviser in Pan-American and other international affairs, based on his long official experience.

An entirely separate and civil project of international character, however, to which he will contribute his spare time and which will most appeal to public interest, will be the carrying to early completion of the organization, already initiated by him, of a great popular and practical "League of American Nations and Peoples," which will probably be known either as the "League of the Americas," or the "Pan-American League." Its purpose will be to organize effectively for Pan-American progress, prosperity and peace that large and rapidly growing number of men and women in North, Central and South America who realize the immense possibilities for the good of the Americas which will result from their economic, social and intellectual co-operation, free from political, governmental or official control. This league will in no sense be a special agency of the United States for advantage over the other American countries or antagonistic to Europe or Asia. Mr. Barrett says, but a natural and logical co-operative effort of Western Hemisphere peoples, from Canada to Chile, for Western Hemisphere good.

A new and important feature will be the active participation of Canadians, who heretofore have been treated to a degree as outside of the Pan-American family. It will not rival in any way or clash with the work and prerogatives of the Pan-American Union, as a great international office which is strictly official and hence limited in its popular activities. It will co-operate with and enlarge upon the work of the powerful Pan-American Society of United States, whose headquarters are in New York city and of which Mr. Barrett had the honor to be the founder several years ago.
