Loss of Appetite

Is commonly gradual; one dish after another is set aside till few remain. These are not eaten with much relish, and are often so light as not to afford much nourishment.

Loss of appetite is one of the first indications, that the system is running down, and there is nothing else so good for it as Hood's Sarsaparilla—the best of all tonics.

Accept no substitute for Hood's.

THE LATE MRS. WILTSE

The grim reaper death has again invaded the sanctuary of a home at Lake Elويد, and carrying away a pioneer resident in the person of Eliza Ann Kincaid, relict of the late Amos W. Wiltse. The deceased had been ill for the past 15 weeks from dropsy, succumbing to that malady on Sunday.

NARROW ESCAPE FROM DEATH

About noon on Tuesday of last week a farmer named Troop, who resides near Algonquin, had his team on William street, near the G. T. R. freight sheds Brockville when the horses took fright at a moving train, and galloped madly down William street, dragging the heavy wagon along behind them, with a deafening noise, until they reached they reached that part of the street where the Publow Terrace fronts upon it.

Those who witnessed the scene declare that it was a miracle that Mrs. Brown was not instantly killed by being impaled with the heavy wagon pole. As she sat there helpless and terrified, all three horses plunged and kicked in their efforts to free themselves, and every move they made bruised and crushed the occupant of the market wagon.—Brockville Times.
