### SERIOUS ACCIDENT

John Maggs, a resident of Murray street, met with a serious accident at Blenheim on Saturday evening. He was driving in a rig with another man named Mr. Thompson, of Abernethy, Scotland, when the horse became frightened at a train and ran away. Mr. Thompson jumped from the rig and came off unhurt while Mr. Maggs, who was driving, held on to the reins and attempted to get the animal under control. He was unsuccessful, however, and was thrown out of the rig into a ditch ten feet deep, sustaining severe injuries. He was removed to Dr. Langford's office, where it was found he had received a severe gash in his head which required sixteen stitches in dressing. Mrs. Maggs drove out to Blenheim yesterday and brought him home. While his injuries are very painful, he is able to continue his work this morning.

## GOOD NEWS OF PEACE

### Norwegian and Swedish Delegates Come to an Agreement.

Official Announcement Made Saturday and Delegates Have Gone Home—Terms Will Be Given Out Early This Week—Peculiar Negotiations—Swedish Delegates Worked For Good Feeling—Want Prince Charles.

Christiania, Sept. 25.—The Norwegian delegation arrived here from Karlstad at 11 a. m. yesterday, and was received with cheers by several thousand persons.

PRINCE CHARLES OF DENMARK.

During the past week there has been increasing agitation over the question of a constitution for Norway. The Republicans made great efforts to organize a party, but they are in a hopeless minority, as the candidature of a Bernadotte prince has been abandoned. All attention is now directed to Prince Charles of Denmark, who, if he accepts the throne, will be enthusiastically received.

### AGREEMENT ON ALL POINTS.

Norwegian and Swedish Delegates Successfully Finish Their Work.

Karlstad, Sept. 25.—After protracted sessions extending over some weeks, the Norwegian and Swedish delegates have here to settle the terms of separation of the two countries early Saturday evening arrived at an agreement on all points. The terms were not made public.

### Peculiar Negotiations.

The negotiations which are now concluded were peculiar in nature. On one side, the delegates were four Swedish friends, who at the time of the Riksdag decision were leading members of the committee which framed the Swedish conditions to assent to dissolution. On the other side the delegates were men who led Norway in its revolution of June 7, but who were not guided by any mission of the Riksdag. On the contrary, their every act was looked upon with suspicion by men more radical.

When Sweden's conditions were made known, many voices in Norway were raised against accepting them. Premier Michelsen of Norway was more conservative, and seeing the consequences to Norway of a breach with Sweden was willing to enter into an agreement so long as it was honorable to Norway and preserved as much as possible her national pride. Mr. Berner, President of the Norwegian Storting, and Mr. Loveland, the Norwegian Foreign Minister, were perhaps "not so willing" but they followed Premier Michelsen.

### For Good Feeling.

The purpose of the Swedish delegates was to make an agreement preserving the good feeling between the two peoples. From his viewpoint, of course, Sweden was compelled to insist upon demolition of the frontier fortifications, which Norway, notwithstanding the close relations of the countries, had erected against Sweden's entirely unprovoked invasion. The first purpose of the Swedish delegates was to express as little as possible the feelings of Norway and the Swedish delegates throughout the proceedings have tried to find out a way in which the fortress could be made less threatening, while the others they contended should be demolished. It is believed this point was successfully carried. The Swedish delegates were also anxious to preserve free and untrammelled intercourse between the two countries, and they therefore proposed that Sweden should be made regarding transit and railways which were equal in benefit to both, and which would prevent one country from interfering with the other. These matters also were settled to the satisfaction of both sides.

### Hunting of Reindeer.

Finally Sweden did not consider that she could leave unprotected the interests of the poor nomadic Laplanders, who, for their existence, depend upon the use of pastures in both countries at different seasons for their reindeer. The Norwegians held out against the granting of this right, which had been established for centuries, but it is thought they at last gave in.

### QUESTIONS FOR THE HAGUE.

Limitation of Armaments Urged By the Peace Advocates.

Lucerne, Sept. 25.—The final session of the International Peace Congress Saturday adopted a proposition of the British delegates for the formation of clubs in various centres to further the peace movement. Resolutions were also passed requesting the Hague Congress to discuss the question of limitation of armaments, the creation of an international assembly to discuss questions of general interest, and the codification of international laws. The congress expressed the opinion that neutral powers should interdict the public issue of war loans in their territories. The conference will meet next year at Milan.

Paris, Sept. 25.—Premier Rouvier, Prince von Radolin, the German Ambassador, M. Revell, the French representative on the Moroccan conference, and Dr. Rosen, the German plenipotentiary, had a lengthy conference at the Foreign Office Saturday in connection with the Moroccan question. The drawing up of an agreement between France and Germany has progressed considerably, but has not yet been signed.

### PHONE SAVES LIFE.

Windsor Man Called Up Guelph and Headed Off Death.

Guelph, Sept. 25.—Early Saturday afternoon a long distance telephone call from Windsor asked one of the local papers if a man by the name of Sterling had suicided in Guelph. A reporter who hurried over to the hotel startled the proprietor by the query. The door of Sterling's room was found to be bolted on the inside. The door was broken in and the man found stretched unconscious on the bed, apparently under the influence of some powerful drug.

Medical aid was summoned and Sterling was finally brought around. His first words were for a cigarette. He probably has taken a overdose of morphine in the hospital and will probably recover.

The telephone message undoubtedly saved his life. He had written to F. S. Maroon of Windsor saying "when you receive this I shall have ended my life."

Sterling was formerly a resident and while in that city made several attempts to end his life. He is about 30 years old and was formerly employed by the Walkerville Match Co. as a travelling salesman.

## HUNGARIAN CRISIS NOW

Count Cziraky's Mission With Coalition Leaders Fails.

Attempt of King-Emperor to Formulate Program For Government Is Declared to Be Impossible—Francis Joseph's Ultimatum Cannot Be Accepted By the Hungarian Nation—Public Opinion Behind Coalition.

Vienna, Sept. 25.—The King-Emperor Francis Joseph received in audience at the palace Saturday morning the five leaders of the Hungarian coalition parties (Count Julius Andrássy, Francis Kossuth, Baron Banffy, Count Zichy and Count Albert Apponyi), and suggested that they enter into negotiations with Count Goluchowski, the Minister

of the Imperial and Royal house, relative to the formation of a Hungarian Cabinet.

The King-Emperor showed himself ready to make what he regarded as appreciable concessions in the direction desired by the Hungarian nation.

### Count Cziraky Fails.

Vienna, Sept. 25.—Count Cziraky, who was Saturday appointed by the King-Emperor, Francis Joseph, to negotiate with the leaders of the coalition parties in the Hungarian Diet with a view to the formation of a Hungarian Cabinet, had a conference with these leaders yesterday at the Hotel Bristol lasting for an hour and a half. It is understood that the count received from them a written declaration to the effect that they would be unable to assume the responsibility of government on conditions imposed by His Majesty, as these conditions were directly in opposition to the personal view, and also in opposition to the mandate of the people at the last election.

This, apparently, brings the negotiations to a close. It is admitted here that the situation is worse than ever. Count Cziraky's mission is considered hopeless. Considerable excitement prevails in political circles, and the developments of the next few days are anxiously awaited.

### An Ultimatum.

Buda-Pesth, Sept. 25.—All parties here discuss without special comment the meeting between the King-Emperor and the coalition leaders Saturday, and the conference between the leaders and Count Cziraky yesterday.

They describe the King-Emperor's conditions as an ultimatum which cannot be accepted by the Hungarian nation.

### The Entire Press Is United in Warning the people to act with reserve, pointing out that prudent observance of the law is their best weapon.

It is expected public opinion will stand solidly behind the coalition for some time to come.

### French Republic Sealed.

Paris, Sept. 25.—Constans remains in French naval circles because the plans of the best French submarine have been obtained by the German naval constructors.

A despatch published recently in several papers states that a submarine boat had been launched at Kiel, and that the vessel had been constructed on plans made by a French engineer. It was asserted these plans had been treasonably sold to Germany.

M. Laubeuf, the naval constructor upon whose plans the largest type of French submarine has been built, has declared his belief that the boat launched at Kiel is a copy of the Albatross.

### Roumania and Greece Out.

Bucharest, Roumania, Sept. 25.—The diplomatic rupture between Greece and Roumania has been completed with the departure of the Roumanian Minister from Athens. The interests of the Roumanians in Greece have been entrusted to Italy, while the Russian legation here will guard the interests of all Greeks in Roumania.

### International Trust in Coal.

Buffalo, Sept. 25.—Amalgamation is announced of the Retail Coal Dealers Association of Canada and the International Anthracite Merchants' Association of the United States, who have been in convention here for the past week. The name of the new combination is the International Council of Coal Merchants. In spite of the emphatic denials of those concerned, it is certain to have an effect on the retail price of coal, not only in the United States, but in Canada.

### His Foot Under Train.

Niagara Falls, Sept. 25.—At 2.30 yesterday morning, a young man twenty years old, giving his name as John O'Donnell and residence as Orillia, in attempting to board a freight train moving through the eastbound yard, missed his hold and had his right foot crushed badly.
