

Get Rid of the Dust Nuisance in Your House

Floor-dust carries most of the germs that make doctor's bills mount up. Floor-glass makes floor-dust not worth reckoning with.

Because floor-glass, the craft-wear-off enamel in ten shades, practically DOES glass a floor. And dust won't lodge on a floor-glassed floor. Saves a lot of housework, and banishes a plenty of disease.

Floor-glass and rugs, with the smallest care, insure the health of the household and make a better looking home. Anybody can apply floor-glass—a gallon does 500 square feet.

Just as good outdoors as indoors—and nothing else does so well for either. Why don't you get your floor disease proof?

Your dealer should have floor-glass. Ask us how if he hasn't. You would find our Free Book interesting reading. May we send you a copy? Check in box and name, address, and Varnish & Color Co., Limited, of Toronto.

Gleaned by the Way.

You can learn a little each day, unless you happen to be one of those wise persons who know it all.

Soothing and Healing.

As a means of soothing the inflammation and healing the raw sore of eczema, etc., there is no more effective remedy than the ointment of Dr. Chase's Ointment. It is so effective that it is difficult to imagine anything so wonderful as the effect of it. You can use it and get your money back if you don't like it. The ointment is sold in 10-cent and 25-cent tins, and is sold by all druggists.

Every ballot must be counted.

The first speaker had declared. 'I agree with the gentleman who has just heard,' began the one who followed, 'but I go so far as to say that in certain emergencies, some of them must be counted twice.'

For a burn or scald apply Chamberlain's Salve. It will ally the pain almost instantly and quickly heal the injured parts. For sale by Rand's Drug Store.

'It has been said,' observed Judge Hans Hamilton at Blackpool County Court, 'that so far as motor-car drivers are concerned the world is divided in two parts—the quick and the dead. The quick are those who get out of the way, and the dead are those who don't.'

Jack told Maud her teeth were like stars.

That's a singular expression. He probably meant to say 'pearls.'

'No,' I've a suspicion of what he really meant, though Maud didn't see it. He meant they were like stars because they come out at night.'

Piles

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your druggist for a trial. You can use it and get your money back if you don't like it. The ointment is sold in 10-cent and 25-cent tins, and is sold by all druggists.

Dr. Chase's Ointment

A Scotch laboring man who had married a rich widow, exceptional for her pliancy, was accosted by his employer. 'Well, Thomas,' he said, 'I hear you are married. What sort of a wife have you got?' 'Well, sir,' was the response, 'she's the Creator's handiwork, but I canna say she's His masterpiece.'

Weak women should read my "Book No. 4 For Women."

It is written expressly for women who are not well. The Book No. 4 talks of Dr. Shoop's 'Night Cure' and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by A. V. Rand.

The Sunday-school teacher had been telling his class about Heaven—its beautiful streets, sweet music, etc. Where had he finished he asked: 'How many of my boys want to go to Heaven?'

All the hands went up except Sammie Trotter's.

'Don't you want to go to Heaven, Sammie?'

The boy's answer came unhesitatingly: 'Not yit.'

"Health Coffee" is really the closest Coffee Imitation ever produced.

This clever Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee is in either. Dr. Shoop's Health Coffee is made from purest grains, with milk, nuts, etc. Really it would fool an expert who might drink it for coffee. No. 20 or 30 minutes before boiling. "Made in a minute" says the doctor. Sold by T. L. Harvey.

There is as great genius displayed in advertising as in the higher branches of literature. No problem daunts the modern advertising man. In the window of a little book store in Eighth avenue, New York, was recently hung a great pile of Bibles, marked very low—never before were Bibles offered at such a bargain, and above them all, in big letters, was the inscription: 'Bibles sold as low as 25¢.'

THE TORTURES OF BILIOUSNESS

There is no need to suffer the tortures of biliousness. Mother Seigel's Syrup will cure you—most cure you—because it restores your liver to its normal action. Headache, dizziness, constipation, all disappear when Mother Seigel's Syrup is used. Try it.

ARE ENDED BY MOTHER SEIGEL'S SYRUP.

Stallion "Sensation"

Geo. E. Chipman purchased the government of N. S. 'Sensation,' the well known buckeye stallion. Sensation is the true type of a buckeye, possessing high quality and size, as well as a pedigree equal to that of any buckeye in Canada or U. S. Color: chestnut stripe, near bred foot, white. For sale by Government of N. S. 'Sensation' 2007, 41 (20) Dan. 'Open Louisa' 2005, 41 (20) Dan. 'Boothee Perfected' Imp. 48—(2007) and Dan 'Nancy' by Matchless of Landon, 3rd Dan 'Tidy' by Lord Bascomfield. 'Marjette II' by 'Hayton (Stables)' Imp. 22—(2007) and 'Cameo' Imp. by Donnell. Sensation will stand at W. C. Trenholm's Stable, Grand Trunk, for six months. This is a good chance for any farmer who wants to raise an 'all purpose' horse.

Matter of Habit.

This being overcritical is largely a matter of habit and it does yourself more harm than any one else. Don't criticise your friends. If you can't praise them, don't talk about them at all.

Enter into both work and pastime with the determination to get the best out of each.

Work well and play well, with your soul full of sunlight and good cheer.

It's very disheartening to listen to the complaints of the critical person.

I like to hear things described with glowing enthusiasm. It sounds so happy and cheerful.

But some people seem to be afraid that they will overpraise. It seems impossible for them to give unstinted praise to anything.

Take, for instance, a girl friend of mine. She is pretty and charming in every way except that one. She never meets anyone without finding something wrong about them.

She never goes any place and comes home saying that she has thoroughly enjoyed herself. It really detracts very seriously from her charm.

Don't be afraid of saying nice things about people. The more kind speeches are made, the brighter this world will be, so do your share toward the general happiness.

Have You Stomach Trouble?

When you wake up with headache and bad taste in the mouth, something to settle the stomach is needed. That dull heavy feeling must be lifted, and appetite must be created. Get a tumbler of water, some sugar, and then pour in a stiff dose of Nervine. You'll feel tip top in a few minutes. Nervine invigorates, braces, tones, puts vim and snap into your movements. You'll be fitted for a hard day's work by taking Nervine—nothing better. Large bottle, 25c. everywhere.

A Good Daughter.

There are other ministers of love more conspicuous than she, but none in which a gentler, lovelier spirit dwells, and none to which the heart's warm requitals more joyfully respond. She is the steady light of her father's house. Her ideal is indissolubly connected with that of his friends. She is his morning sunlight and his evening star. The grace, vivacity and tenderness of her sex have their place in the mighty way which she holds over his spirit. She is the pride and ornament of his hospitality, and the chief nurse of his sickness. Fortunately is the home in which is a good daughter.

Whooping Cough.

'In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough,' says Mrs. A. G. Goss, of Daroud, Mich. For sale by Rand's Drug Store.

Lines on Hats.

Lines is to be much used this year by the milliners as a fabric with which to compose their pretty tailor hats and among the original models that have cost them so much and that are guarded so jealously there are many new fascinations.

When satin falls linen will be used instead of lightly stretched over a cleverly modelled frame, just as satin is now. All the charming colors that are coming into fashion—the delicate, yet not insipid blues, pinks, browns and greens—will look very fresh and dainty in this material.

Medicine in the Spring

Winter weakens the System, Saps the Blood, Leaves Us Tired and Thin.

Great epidemics break out in spring, such as fevers, pestilences, and infectious skin diseases.

Winter exhausts us in from air and only the most robust get even a little sunshine. As a consequence of this unnatural mode of life, the blood becomes polluted, thin, colorless. Then we grow listless, fall easily tired, have headaches and find our work a burden.

Reduced to this condition we become an easy prey to disease and fill hospitals and churches.

To rapidly form rich blood, to expel the accumulated humors that winter has stored up in the system, to call back the energy, endurance and vim that will make life joyous, just take Ferrozene, a spring cleanser, unequalled in medicine.

Ferrozene purifies by rebuilding nerve tissue and vitalizing the blood. The entire system soon feels the beneficent action of new rich blood, new organs are stimulated to normal activity, expel poisons and wastes from the body, and the result is the beautifully harmonious working of the system. Weak folks are restored and health becomes an natural consequence as growth from moisture and sunlight.

Men and women fortify your nerves with Ferrozene, renew the blood through its marvelous blood-forming power, regain vigor and enduring strength by its action upon appetite. It restores the system. Use Ferrozene if you want to be strong.

'I increased my weight seven pounds in one month and regained health that had been lost for two years—did this by using Ferrozene,' writes Mrs. C. B. Baybee of Centerville. Ferrozene brought me restful sleep and good digestion, enabled me to relish my meals and work hard all day. I consider it the finest medicine I ever used.

Try Ferrozene yourself, you will see its benefits. It is sold by all druggists.

Gloves Losing Favor.

Who does not know the grinning faces that are made in the monthly allowances by the glove bill? Gloves are expensive. They used to cost a good deal when every one wore short ones, except for full dress evening wear. Now that they must be almost bought by the yard the case is still worse.

Gloves for every gown, and long ones, too, is what the up-to-date girl demands. In the midst of this very much gloved state of affairs a paragraph like the following is rather startling:

Brides are going gloveless to the altar. The sleeves of the newest bridal gowns come to the fingers and end in falls of lace that conceal the hands. Fashionable women are going to the theater gloveless, also; indeed, courageous ones have ventured to church in lace made gowns without the slightest pretense of hand covering.

Mrs. Roosevelt has appeared at concerts and plays in the afternoon without gloves. The fashion will certainly save money for the average girl.

The most common cause of suffering. Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain-Expeller will afford relief.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains and backache.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Bad Attack of Dysentery Cured. 'An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured,' says M. J. Leach, druggist, of Wolcott, Vt. For sale by Rand's Drug Store.

Wearily Raggles—You won't get no thing 'dacent in there. Their people is vegetarians.

Hungry Harry—Is that right? 'Wearily Raggles—Yes, an' they got a dog out a't it.'

Billousness and Constipation. For years I was troubled with billousness and constipation, which made life miserable for me. My appetite failed, I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been to-day had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally—Mrs. Rosa Porter, Birmingham, Ala. These tablets are for sale by Rand's Drug Store.

This notice was posted in a pleasure boat belonging to a certain steamship company.

The chairs in the cabin are for the ladies. Gentlemen are requested not to make use of them till the ladies are seated.

A Case of Poisoning. Not unfrequently caused by cheap corn saline. Be safe and use Putnam's Corn Extractor. Purely vegetable, harmless and always cures. Insist on 'Putnam's.'

Mother (to Willie)—Did you put that sickle with the hole in it in the collection plate this morning?

Willie—Yes.

Mother—That was very naughty. Willie—Well, I thought churches liked holey money.

A SURGICAL OPERATION

If there is any one thing that a woman would more than another it is a surgical operation.

We can state without fear of a contradiction that there are hundreds, yes, thousands, of operations performed upon women in our hospitals which are entirely unnecessary and many have been avoided by LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

For proof of this statement read the following letter.

Mrs. Letitia Blair, Camilton, Ont., writes to Mrs. Pinkham:

'I was operated upon for a tumor, and advised an operation. No one knows what I suffered, and the bearing down pains were terrible.

'I wrote to my sister about it, and she advised me to take Lydia E. Pinkham's Vegetable Compound.

'It has cured me of all my troubles, and I did not have to have the operation after all. The Compound also helped me to pass safely through Change of Life.'

Heading off a Risk

Gas is liable to puff out of the front door of any furnace unprovided for gas escape.

"Sunshine" Furnace has Automatic Gas Damper directly connected with smoke-pipe. Gas pressure always damper sufficiently for it to escape up chimney (see illustration), but heat doesn't escape.

What does "Sunshine" Gas Damper mean to "Sunshine" Furnace? Means protection to the furnace parts against evil effects of gas.

What does "Sunshine" Gas Damper mean to "Sunshine" household? Means furnace can be operated without fear as to "puffing" gas; furnace can be left without doubt as to whereabouts of gas.

What does "Sunshine" Gas Damper mean to "Sunshine" coal account? It means, instead of owner with "ordinary furnace" fear having to keep check-draft indefinitely closed to "let off" gas—when there's two-thirds parts of heat-energy to one part of gas passing up chimney—draft can with all safety be opened, and coal saved for another day's duty.
