

PROCEEDINGS OF THE COUNTY COUNCIL

(Continued from sixth page)

of Brighton, \$15.20 against the County was ordered paid.

Coun. Lamont moved that J. A. Lindsay be heard in reference to automobile charge.

Mr. Lindsay—I went to Bloomfield to hold an inquest on body of Preston Huntly—I hired auto from Mr. Corbett—I got his bill and presented it—I understand it is too high. If the council will pay \$5.00 I will arrange balance with Mr. Corbett. The case seemed to be urgent and the only way to get there was by auto.

In reference to the post-mortem it was made to find out cause of his death. The charge did not include expert examination.

Moved by Coun. Morgan that \$150. be assessed Parish of Brighton for winter roads and paid to the commissioners. Carried.

Coun. Tracey—A man was taken ill in our parish and was ordered to hospital by the Doctor. He came back in a terrible condition. He belonged in Nova Scotia and we decided to send him home. We claim Parish of Wicklow has no right to pay this \$28.78 and I move that the amount be paid to the overseers of poor, parish of Wicklow.

Coun. Melville—I will vote for payment of this bill if it is made a principle to govern future cases.

Coun. Carvell—This is dangerous and if followed up we will have all kinds of bills to pay. We had a man in our parish from Denmark, he got sick and we sent him to Copenhagen. The motion was lost.

In reply to Coun. Tracey the Secretary said charges in cases of this kind can be collected in any part of New Brunswick in which the party has a residence.

Coun. Melville—The M. and N. B. Electric Company want to get into the county and the town of Woodstock seems to be postponing the matter. Our people want Electric power and I will move the following resolution.

Whereas at a previous session of this board the matter of the Gould Electric Co. coming into this county, and by resolution permission was given under certain conditions.

And whereas certain difficulties have developed in the town of Woodstock that no apparent action has been taken, and whereas a number of places in the county are desirous of having such electric system installed. Therefore resolved that this board respectfully ask the Town Council of Woodstock to co-operate in any effort, made to bring about the installation of said electric plant in our county.

Moved by Edwin W. Melville, seconded by E. C. Morgan.

Coun. Melville—For fear they may forget this matter it is best to remind the new town council.

Coun. Perry moved that the four county papers be asked to publish the list of Parish officers. Carried.

Coun. Flemming—There is a feeling of dissatisfaction prevailing over the appointment of the Acting Auditor. I move the motion be reconsidered.

Seconded Coun. Brittain.

Coun. Perry—I would like to know how Couns. Flemming and Brittain voted on this resolution. My impression is they are now out of order.

Coun. Brittain—I didn't vote at all but a silent vote means I voted for it. I understand Miss Vince wants the position.

Coun. Morgan—The whole council voted for Mr. Leighton except two.

Coun. Flemming—I didn't vote at all.

Coun. Carvell—There seems to be a dead-lock and to relieve the situation I moved the resolution that the present Auditor be appointed. I will now move it be reconsidered. So far as I am concerned I take no stock in the talk going around in reference to the relationship between the Acting Auditor and the Secretary. This is one of the rumors started. Motion carried.

Coun. Morgan moved an amendment that Miss Vince be appointed acting auditor.

Coun. Bell (Richmond)—I voted for Mr. Vince on this question as I wanted to be fair. Now there seems to be something queer—looks a little harsh after going through and doing the business—it is certainly a narrow piece of business and there is something behind it. We are not taking any chances and I will not vote to turn this man down.

Coun. Carvell—Let the movers in this explain the matter. Mr. Hartley told me he had no choice and only wanted an auditor who could do the work. What is the reason of this move? I have heard it intimated that some were not satisfied with Chip Hartley and Jack Leighton. But those people who are behind this explain themselves.

Coun. Gallagher (Kent)—This looks like pretty small business.

Coun. Flemming—So far as casting any reflection on our county officials, this was never thought of—we are not casting any reflections.

Coun. Burt—I move this vote be taken by ballot. Carried.

The vote on the amendment was carried 12 to 13 and Miss Lulu Vince was elected acting auditor.

Mr. Leighton—I have acted three days as auditor for which I expect the county to pay me.

Coun. Perry—I move that Mr. Leighton be paid, but I am not prepared to say what amount.

Coun. Brittain—Make it same as councillors, \$3.00 a day.

Coun. Perry—You can't get an auditor for \$3.00 a day.

Coun. Morgan moved Mr. Leighton be given \$10.00 for his services. Carried.

Coun. Morgan had not decided what he ought to do in regard to the relief funds but in order to bring it before the council moved that \$500. each be given to Patriotic Fund and Red Cross Society, and \$250. to Belgian Relief.

Coun. Carvell—The Belgian Relief Fund is a worthy object and I move as an amendment that we contribute \$700. to Belgian Relief Fund. Carried. Coun. Morgan withdrawing his motion.

Coun. Carvell—I move we donate \$700. to Red Cross Society.

Seconded by Coun. Stevens and carried.

Coun. Stevens moved, seconded by Coun. Morgan, that we vote \$700. to the Patriotic Fund.

Coun. Bell (Richmond) moved an amendment seconded by Coun. Melville, that the patriotic donation be left over till June.

Coun. Anderson—Whatever we give let us give it now. We are reaching a pretty high mark—perhaps \$2,000 would be better.

Coun. Gibson—I am in favor of Coun. Bell's motion—we better go slow. There are a lot of things to be found out.

Coun. Melville—we are going beyond jurisdiction. The Belgian vote is all right. The Patriotic Fund is different. Was ever a line of soldiers going to the front as well paid as ours. They get \$1.10 a day and found and a separation allowance. A system of pensions will also be provided. The whole thing is pretty well provided for. We are taxed in many ways to help the soldiers. For us to overreach our jurisdiction is entirely unnecessary.

Coun. Tracey favored waiting until June. We have given pretty generously. Men have been well provided for, and when help is necessary I will give the last dollar. If this money is necessary in June we will give it. The people have and will give generously.

Coun. Bell (Richmond)—Everyone is paying freely. It doesn't seem right for us to give more when it is not needed. Better wait till June and we will give every dollar we can if needed.

Coun. Lamont—I feel like laying it over till June. The money we have voted will go direct to the front—it is necessary—I will vote to carry it over till June.

Coun. Esley favored grants as given to Red Cross and Belgian fund but believe it advisable to wait with Patriotic fund till June.

Coun. Hunter—it will be very unwise to delay paying to Patriotic fund. It is very worthy. Leave it out and it will show us up in a very poor light. No matter how little we pay to this fund we can draw out all we need.

Coun. Moxan—I am in favor of giving to Patriotic Fund now.

Coun. Stevens—Just giving to Red Cross and Belgian Fund seems remarkable. We have had a large and influential delegation before us and to turn them down looks bad. We give to two funds to which we have not been asked to contribute. I will amend my motion to "pay when necessary" and I would like to see us go on record. They are about to raise a third contingent and what will these young men think of this Municipal Council if we put this off. In all fairness let us show a disposition to help them all in our power and do it loyally.

Coun. Bell (Richmond)—Coun. Stevens is a little unfair—we have not refused to pay. Any man can blow himself at the people's expense. We are willing to pay any amount when it is needed, and if needed now we will do so.

Coun. Lamont—I have a proposition that we give \$500 to each fund. I will make a motion later if necessary.

Coun. Burt—it is not fair to shut out Patriotic Fund. Coun. Lamont's idea is right—make it even.

Coun. Melville—I will agree to make it \$500. all round.

Coun. Carvell—I was of the opinion that this county would give \$2000—thought it was conceded. I was in hopes that we would all agree on this matter.

Sovereign Cure for Rheumatism

Mrs. E. W. Hazlett, 103 Wyndolite Street, Windsor, Ont., says there is only one Kidney Remedy in the world for her—GIN PILLS.

"Gin Pills. I know from personal experience, get the sovereign remedy for Rheumatism and Kidney Trouble in any form. I was cured by them after months of suffering. I was helpless—had several doctors and many other remedies but all failed to cure me. Then I tried Gin Pills and the result that I am well to-day. I heartily recommend them to any person suffering from Kidney or Bladder Trouble."

National Drug and Chemical Co. of Canada, Limited, Toronto 261

Coun. Perry—I think \$500. for each fund is generous. We are only leaving this Patriotic Fund over till June. We must not be too lavish with other people's money.

Coun. Gallagher (town)—I am in favor of a good generous contribution to the Patriotic Fund. The town has already given \$7000 to this fund. We must not be too niggardly and should do our share and do it now.

Coun. Brittain—I am at a loss how to vote. I am in favor of Belgian Fund. I am interested in Patriotic Fund and I am almost convinced that this county can easily give the \$2000—making \$600 for Patriotic Fund.

Coun. Anderson—I want to go on record as willing to give \$2000. Amendment lost.

It was finally agreed and carried that \$600. be given Canadian Patriotic fund.

On motion Sheriff Armstrong was voted payment for attendance at council.

Coun. Stevens read the estimates, as follows, and moved their adoption. Carried.

On the Advice of His Doctor

He Used Dr. Chase's Ointment for Protruding Piles With Splendid Results.

Too often a doctor can only think of an operation when asked for a treatment for piles. Some are sufficiently broad-minded to use the most effective treatment available, which is undoubtedly Dr. Chase's Ointment, as was proven in the case referred to in this letter.

Mr. Simon E. Jones, Railway street, Inverness, N.S., writes—"I have found Dr. Chase's Ointment the best treatment obtainable for protruding piles. For three years I suffered from piles, and was advised by a local physician to try Dr. Chase's Ointment. I had tried many treatments in vain, and therefore knew which is the best. I can highly recommend Dr. Chase's Ointment, and you are at liberty to use this statement."

The record of cures of every form of piles which stands behind Dr. Chase's Ointment is the strongest guarantee you can have that it will promptly relieve and cure this ailment, even in the most aggravated form. 60c a box, all dealers.

onded by Coun. Melville that the proposition of the Manager of Sentinel to furnish 125 books with proceedings of Council, January and June sessions, with list of parish officers be accepted. Carried.

The Building Committee was named as Couns. Stevens, Burt and Melville.

Scott Act Committee—Couns. Bell, Callagher and Melville.

God Save the King was sung, and Council adjourned.

PREMIER OF P. E. ISLAND.

Hon. John A. Mathieson Has Been In Politics For Fourteen Years.

The Hon. John Alexander Mathieson, Premier of Prince Edward Island, who has recently announced a war gift of one hundred thousand bushels of oats to Great Britain from the island province, is one of the most energetic and persistent politicians in public life in Canada to-day. A strong physique and an sanguine, irrefragable temperament fit him to play the part. He is fifty-one years of age and of mixed Scottish and Irish ancestry. He was born at Brasley Point on the north side of the island, but represents in the Legislature the straggling constituency of Georgetown at the extreme south-eastern end. In his own constituency he is very strong, electorally, making it a point to visit every division once a year. In his younger day he was a schoolmaster, but is at present a lawyer with an extensive practice before the provincial bar. He has been Premier three years and before attaining power had to defeat a Government which had been in power for twenty-two years. Mr. Mathieson was first elected to the P. E. Legislature at the general elections of 1900 and had been a member for less than three years when elected to the leadership of the party.

The Provincial Opposition was a very passive affair until Mr. Mathieson's advent. He had lived out west for some time and while there had imbued some western ideas on politics and other matters. He was firmly impressed with the fact that so long as the Opposition continued themselves with mild academic discussions of the Government they might remain content to sit in Opposition. He told his colleagues how he felt and forthwith plunged into an aggressive campaign against the powers that were. His methods appealed to his colleagues and the Conservative electorate, and he was asked to accept the leadership. After that he maintained an aggressive campaign on the hustings and on the floor of the Legislature, and with such effect that at the general election of 1908 the once overwhelming Government majority was reduced to two. Two bye-elections, bitterly fought by the Opposition under Mr. Mathieson's leadership, wiped out their small majority. Premier Palmer resigned and the lieutenant-governor sent for the leader of the Opposition to form a Government. This Mr. Mathieson did, and at once appealing to the country, was sustained by an overwhelming majority, only two Liberals being returned to the Legislature.

A Hint To Cities.

If people in cities are as good as their word, and are desirous of increasing the acreage under crop in 1915, they might begin first on the large areas of farm land that have been bought by enterprising real estate men, for subdivision into city lots. There are hundreds of acres around Toronto that could thus be brought under cultivation this fall and made to produce something more than the land surveyors' stakes, a beautiful park gate entrance, and an occasional house or two. And Toronto is not alone in this respect either. There are other centres where a belated vision has taken hundreds of acres of land that should be producing food, and brought them under the spell of the real estate man. If they have not yet been brought under production, there must be thousands of these suburban acres adjacent to western cities. Nearly every city, therefore, has an opportunity at its very doors to increase the wheat acreage of 1915. City plowing bees should be in order just now. There are many idle teams and men, too, in our cities. The plows are all that are needed, and they can be secured very easily. First bring the unused suburban acres under the spell of the plow. When that is accomplished the movement should be extended to the country and assistance given the farmer in preparing more land for the 1915 crop. Farmers will welcome their co-operation. Many farmers on account of the help question have as much as they can well attend to without bringing more land under cultivation. But with the help and co-operation of people in cities they may be able to extend Canadian farming.

is not out of business as some have supposed.

It is true that three years ago we did intend to abandon the

General Merchandise Business

and devote our time entirely to Insurance and Real Estate. Owing, however, in the first place to the Balkan War and more recently to the General European War the Real Estate Business in the West has for the present become practically dormant.

We have therefore stocked up again and shall continue to do business as in the past.

Our store is not so large or our stock so heavy as formerly but we have

Fresh Goods Coming in Constantly and Prices are Right

We shall be glad to see all our old customers at the new place of business and can assure the mthat we shall endeavour to merit their patronage. Special attention given to
