ORGANIZATION OF FARMERS. A FEATURE OF THE DAY. The development of Farmers' Institutes and other means of education successful prac- tical farming has proven beyond a doubt that the present day farmer requires to be a student of his work. The most successful ones are not a rule, those who do the greatest amount of manual labor, but they are found ranking first as prize winners on all agricultural exhi- bitions. James Rogers, a resident of Tilsonburg, Ontario, Ont., for 45 years, has taken numerous first prizes during the year. LITTLE MEN AND WOMEN for November. In this number, Little Men and Women starts off its serial and series, and very bright and valuable reading they promise to be. "Bockers," by Margaret Compton, is a story of two very up-to-date city boys. "Nellie Ogg and Her Goals," by Frank Pope Humphrey, is a beautiful romantic true Scotch story of "bominic Prince Charlie's" time. Mr. Pratt's "Whirling Globe" will in a novel manner give pictorial account of "all the children in all the world." "All Around a Doll House," by Annie Isabel Willis, promises to make easy the learning and furnishing by diagrams and picture. The first of the children's art papers, "Painters and Paintings of Child Life," is full of lovely pictures after Sir Joshua Reynolds. There is also the first of a charming series, "Where Mamma Used to play," with a full-page picture. The Thanksgiving element is strong; a jolly frontispiece by H. P. Barnes, a true story, "Shubel's Thanksgiving Bear," by Kate Upon Clark, a New Mexico story Mrs. De- land, "Teresa's First Thanksgiving," and a big Thanksgiving poem by Mrs. Daiz. "The Small Boy at Grandma's." There is also a curious story of Animal Sagacity by W. Thomson. "A four-footed Trapper," \$1.00 per year, 10 cents a number. The Alpha Publishing Co., Boston.

The December number of the Delineator is called the Christmas Number and is filled with holiday good things. The Ex- position of Winter styles is complete, and the Season's Millinery is attractively presented. There is a special holiday article on Dolls and their Dressing, and another on Novel Home-Made Christmas Gifts, a theme pleasantly supplemented by the conclusion of Tillie Moore Littell's ac- count of how to make Crepe Paper Brown- ies. The practical side of the Christmas Dinner has an exposition all its own, while the Christmas Turkey itself figures in an amusing sketch of Cabin Life in the South, by Lucia M. Robbins. Henry C. Wood tells how some bright young people of the Blue Grass Region celebrated Christmas at "Happy Valley," and a helpful article on Carving completes the tribute to the day. Other articles make up a very readable number.

Subscription price of the Delineator \$1.00 per year or 15 cents per single copy. Address all communications to The Delineator Publishing Co., of Toronto, Limited, 33 Richmond St. West, Tor- onto, Ont.

Hadwick, Nov. 21st 1895. Mr. Editor,—Serves you just right, you should have known better, than to publish false and defamatory statements concerning Lammell, and that too on the word of "A Mother." What does a mother know about these matters? Do the best you can, and get out of the way of impending danger, by coming out over your signature in next week's Advo- cate, and let the Lammell case be settled never be held responsible for the opinion of correspondents, and if "A Mother" she never would have

A GRATEFUL LETTER. A PRINCE EDWARD ISLAND LADY SPEAKS FOR THE BENEFIT OF HER SEX.

Had no Appetite, was Pale and Easily Exhausted—Subject to Severe Spells of Dizziness, and Other Distressing Symptoms. THURSDAY, P. E. I., May 30th, 1895. To the Editor of L. I. Imperial: Dear Sir,—I see by your paper the names of many who have been benefited by the use of Dr. Williams' Pink Pills. I feel that I ought to let my case be known as I am sure that many women might be benefited as I have been. For a number of years I have been almost an invalid. I did not know the nature of my malady. I had a tired feeling, being exhausted at the least exertion. I had no appetite and was very pale. I sometimes felt like try- ing down never to rise. A dizziness would sometimes take me causing me to drop where I would be. During these

A Dizziness would Overtake me. spells of dizziness I had a roaring sound in my head. I took medical treatment but found no relief. My husband and father both drew my attention to the many articles which appeared from time to time in your paper concerning the cures wrought by Dr. Williams' Pink Pills. At first I had no faith in them, in fact I had lost faith in all medicines and was re- sisting medicine ever discovered. Sold by all dealers, but only in boxes the wrapper around which bears the full trade mark, "Dr. Williams' Pink Pills for Pale People." Pills offered in loose form, by the hundred or ounce, are imitations and should be avoided, as they are worthless and perhaps dangerous.

PETER MITCHELL'S CASE. THE EVIDENCE TAKEN BY THE COM- MISSIONER IN CHIEF AT CHATHAM TO-DAY.

CHATHAM, NOV. 28.—At the instance of the Montreal Street Railway Co. a commission has been issued out of the Superior Court of the province of Quebec to take evidence in Chatham as to the physical and mental condition of Hon. Peter Mitchell. The evidence so taken is to be used in the suit of Mr. Mitchell vs. the Montreal Street Railway Co. to offset the evidence taken recently at New- castle by a commission issued at the instance of Mr. Mitchell to examine certain Newcastle witnesses in his behalf. This is an action brought by Mr. Mitchell against the company to recover \$15,000 damages for injuries, which he alleges he received in an accident on this road in the City of Montreal almost a year ago. Mr. R. A. Lawlor is the commissioner, Mr. Gordon Edgar, official stenographer, Hon. L. J. Tweedie and Mr. Warren C. Winslow appearing for the company and Robert Murray for Mr. Mitchell. The testimony of many witnesses was taken including that of Mr. D. G. Smith, D. M. Loggie, W. B. Snowball, Hon. J. B. Snowball, Capt. Bullock of Steamer Nelson, John O'Brien M. P. P., William Kerr, President of the Liberal Association and James Carter.

Mr. D. M. Loggie had noticed Mr. Mitchell's lameness and other infirmities, and attributed them to the accident, but said if he had not known of the accident he would have attributed them to Mr. Mitchell's advanced years. J. B. Snowball had also noticed his lameness, but thought it was assumed. D. G. Smith attributed his apparent mental and physical decay to his advanced years. Capt. Bullock, who had noticed Mr. Mitchell's lameness, thought one of his legs was longer than the other. John O'Brien, M. P. P., had met Mr. Mitchell every year for a number of years but could not see any apparent change in his condition.

The evidence, as a whole, tended to show that whatever infirmities Mr. Mitchell labored under were due to his advanced years and that no change for the worse was apparent since the accident. The commission is adjourned till to-morrow.
