

REV. P. W. DIXON REMEMBERED.

Popular Pastor on eve of Departure
on Long Journey Receives
Generous Donation.

PURSES OF \$600.

Before Return will Visit, Ireland,
the Continent, Egypt and
Palestine.

An informal and pleasant event on Wednesday evening was the presentation by the congregation of St. Mary's parish to their pastor, the Rev. P. W. Dixon, of an address and a purse of over \$500.

A week or so ago, when the congregation definitely learned that their pastor had concluded arrangements to leave next week on an extended visit to Ireland, the land of his birth, and to other European and Eastern countries, there was a spontaneous movement among them to testify in tangible form to their love and esteem for him. A committee of young men of the parish was accordingly formed to receive subscriptions, and in a few days the handsome purse mentioned was in hand.

It had been intended to make the occasion a public affair, but at the earnest request of Father Dixon, when he learned on Tuesday what was about to occur, it was decided to make the presentation informal, and accordingly it was delegated to a committee composed of Messrs. P. Hennessy, J. D. Creaghan, M. Bannion, John Morrissey, P. B. Wheeler, C. Craig and John Dalton. On Wednesday evening the committee waited upon Father Dixon at the Glebe House, and Mr. Hennessy read the following address:

"Reverend Father: It is beyond our power to tell with how much genuine joy the announcement of your European tour was received by each and every one of St. Mary's parish. Hearts harder than ours could not be unresponsive to your devotion for the thirty years. We realize more fully than we can express the debt incommensurable that we and our children owe you. Yours has been a labor of love and self-sacrifice, and we only wish that it were given us to repay a hundred-fold the blessings that you have ever scattered on our pathway.

"As a very inefficient token of our grateful loyalty we beg you to accept this purse of gold. If our hearts were our bankers, it would contain thousands instead of hundreds.

"The hope that your voyage may be a pleasant one lies deep within us, but deeper still is the trust that you may return to us soon, greatly invigorated by your well-earned rest.

(Signed) The Parishioners of St. Mary's. The address was engrossed on silk and beautifully illuminated with a design including maple leaves, shamrocks, roses and fleur-de-lis. It was prepared by the talented Sisters at the Convent, and is a very artistic piece of work.

Father Dixon, in reply, thanked the committee, and through them every member of the congregation, for this unexpected and handsome expression of their good-will. It did not need this purse nor this address to convince him of the loyalty and devotion of his people. He had had those during the thirty-six years of his pastorate, and they had helped to lighten his work. He had always felt proud of the active faith and generosity of the people of the parish. They were following in the footsteps of their fathers. He indulged in some interesting reminiscences of the early years of his incumbency of the parish. Many changes had taken place since then, and many of the boys who in those days attended Sunday School, and sat at the feet of their elders for instruction, were today heads of their own families in the parish, and bringing them up according to the excellent example of the good old men of those olden days.

In referring to his proposed travels, Father Dixon said that he would first visit Ireland, his native land, which he had not seen since leaving it forty-three years ago. The Green Isle place of course he the most interesting place to him, and he spoke of the glories of Irish history, the many historic and

secret spots within its borders. After spending some six or eight weeks in Ireland, he would be joined by the Rev. Father Richard of Rogersville, and together they would visit England, France, and other European countries, spending probably a couple of months in Rome. They would also spend several weeks in the Holy Land and countries around about, and he would probably be absent until next March.

In closing the reverend gentlemen again thanked the congregation for their magnificent gift, and assured them they would be remembered by him daily in his prayers and in the Mass.

After ice cream and other refreshments had been served, and some pleasant conversation, the delegation withdrew.

Father Dixon was also presented with a purse of \$100 and a complimentary address at Douglstown last Sunday. The members of the A. O. H. took a prominent part in the presentation. Father Dixon has no more devoted parishioners than those at Douglstown, as his acknowledgment of their presentation said.

Father Dixon left on Monday morning, and will sail from Halifax on the steamer Dahome. He will be joined in Ireland by Father Richard about the first of September. The reverend gentlemen have the best wishes of all classes and creeds in the community for a pleasant and beneficial trip and a safe return.

KEIR HARDIE EXPLAINS SOCIALISM.

Its Platform is Food for Children,
Work for the Strong and Com-
fort for the Poor.

Toronto, July 22.—"Socialism is an intellectual movement which does not appeal to the instincts of the individualist or of the incompetent, but to the instincts of a man who loves his fellow man and desires to see a truer conception of life prevail than obtains at the present moment. Socialism assumes a higher type of humanity. It is the embodiment of the Sermon on the Mount in every day business life community."

These sentences spoken with conviction, formed the keynote of an address which James Keir Hardie, M. P., leader of the British Socialists and chairman of the Labor party in the British House of Commons, delivered before the Canadian Club, when an opportunity was taken of his brief stay in the city to entertain the labor leader to luncheon.

Four hundred members of the club and their friends assembled to hear him.

Mr. Hardie was applauded again and again as he described the work cut out for the independent labor party, the majority of whose members are Socialists. "Whether you agree or disagree," he said, "Socialism is a

factor to be reckoned with, both in the old country and here.

"The advent of the labor party was some 16 or 17 years ago, when the work began. But at the last election, when thirty members of the party were returned, the country woke up to a fact the existence of which they had overlooked."

As to the programme they concentrated first of all on the provision of meals, at public cost, for starving school children. They had been endeavoring to secure that every child who went to school should be sure of at least one square meal during school hours. (Applause.) They were also endeavoring to have the L.C.C. amended so that work might be provided for those capable, unemployed. And they felt strongly about old age pensions. These were three immediate items of their program for children, work for the strong and comfort for the poor. (Applause.)

A GUARANTEED CURE

For All Forms of Kidney Disease. We the undersigned Druggists, are fully prepared to give the following guarantee: Every 50 cent bottle of Dr. Pierce's Kidney-Wash Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys. "Money cheerfully returned if the sufferer is not relieved and improved after one of the bottles. Three to six bottles, according to the nature and extent of the trouble, will cure and restore the patient to health. P. R. D. Ross, Newcastle, N. E.

Minard's Liniment for sale everywhere.

PRESENTATION TO MR. SMALLWOOD.

On Wednesday Mr. Cameron Smallwood, who was so badly injured in the recent train wreck on the Indian town branch, was presented with a purse of about \$100. The purse was collected by Conductor Vye and chief despatcher McNutt, two popular railway men, and was cheerfully contributed to by a large number of railway men and citizens. Mr. Smallwood received very serious injuries in the wreck, but his many friends hope to see him on the road soon again.

CONSTIPATION.

For constipation there is nothing quite so nice as Chamberlain's stomach and liver tablets. They always produce a pleasant movement of the bowels without any disagreeable effect. Price, 25 cents. Samples free. All druggists.

Round Hill, N. B.

April 24th, 1907.

C. GATES, Son & Co.,
Dear Sirs:
I can highly recommend GATES' No. 1 SYRUP for dyspepsia and indigestion, and also a great remedy, if not a positive cure, for piles, when they are induced by constipation. I can also recommend your LIFE OR MAN BITTERS as a purifier of the blood, and speak from experience, as I have used your remedies in my family for many years.

Yours very truly,
C. W. SHORT

CAPITAL, 500,000 SHARES—PAR VALUE \$1.00 PER SHARE

FULLY PAID AND NON-ASSESSABLE

First Allotment of 50,000 Shares at Fifteen Cents per Share.

15c.

15c.

Our Option on this small block of Underwriters' Stock expires August 6th, 1907—Subscriptions Post-marked at a later date will be returned. Do you realize that investments of a hundred or a thousand will grow rapidly into hundreds and thousands and millions of dollars? The over-conservative and skeptical will smile—they will laugh at these predictions, some will even consider this a joke—but remember Cobalt, if you please, two or three years ago? Then it was a "vision," it was a "dream," "a flash in the pan," "a bubble," somebody was "crazy"; but now it is different. Those crazy men are now classed among the smartest and keenest business men of the day. The actual value of a few mines are worth at the present date more than one hundred millions of dollars. These are facts.

In presenting this investment for subscription we appeal to the good judgment of sensible persons as to its merit.

It embodies, we believe, a correct method for developing and establishing successful and paying mining enterprises.

We desire to conduct, first of all, a successful Mine Development. We intend this to be done in a way that will be absolutely fair and honest, and bring the largest profit possible to those who co-operate with us.

We, therefore, desire this proposition to be well understood by investors. We wish it to be known just how we propose to develop, establish and operate dividend paying Mining Companies by and through this investment.

THE PLAN.—The plan involved in this proposition is that of uniting or consolidating the investments of a limited number of persons into one sum, and under one management, to be used in acquiring and developing Mining properties in this wonderful region.

THE PRINCIPLE involved in this investment we believe, is one of absolute fairness to all interested. The "promotion interest" common to all mining companies, and which is the great unfair feature to investors who put their money into stocks of these companies, and whose money develops and makes the mine, if a mine is developed—does not exist in this proposition. There is no "promotion interest" set aside, and against the interest bought and paid for by the investors.

In this proposition the investors, and all the investors, become promoters. They take the "promotion interest" and all the interest. They own the whole enterprise. No matter how large or small the investment—all stand on an equal basis. Our field of operation is probably one of the greatest, and without doubt the richest, mineralized region in the world.

For its basis, upon which we will establish and build up several great producing, paying mining companies, we will exploit and develop in a mining-like and careful manner extensive mining properties now known to us, and other properties which we may acquire for the mutual benefit of all investors in this Company.

SUBSIDIARY COMPANIES.—The Larder Lake Exploration and Development Company will incorporate a series, not to exceed five, of Subsidiary Mining Companies upon only the real proven properties acquired.

In each and every Subsidiary Company incorporated, whether Mining, Milling, Smelting, Water Power, or Electric Light, the Exploration Company will take 90 per cent. of the capital stock of each Company so incorporated, and will put 10 per cent. of the Capital Stock of each Company in its treasury. It will probab-

ly never become necessary to sell any of this Treasury Stock.

Out of the total Capital Stock of each Subsidiary Company, the EXPLORATION COMPANY will retain 50 per cent. as its "Holding Stock." This will always control the Company. It will take and hold 40 per cent. for the mutual benefit of all stockholders in the EXPLORATION COMPANY. This 40 per cent. will be known as "Selling Stock," and as a market is created it will be sold, and the proceeds received will be distributed pro rata to the stockholders in the Exploration Company, as their interest may appear.

The stock of the Subsidiary Companies will be listed on the New York Curb and Mining Exchanges of the country, and started at 50 cents a share, where it can be bought and sold according to the daily market quotations. This will afford a channel by which stockholders can sell the 40 per cent. "Selling Stock" from time to time, if they wish.

PROPERTIES.—Many different mining properties will be acquired and developed as stock in the EXPLORATION COMPANY is subscribed for. All properties will be described, and reports submitted regarding same, as soon and as often as they can be examined by the engineers.

The mining properties that will be acquired for this proposition will be located in the gold and silver belt, extending from the Montreal River through Northern Ontario, eastward into Quebec, and will include proper properties in the Lady Evelyn District, the new Montreal River Silver District, Cobalt District, and the gold districts around Round Lake, Larder Lake, Lake Abitibi, and in the great undeveloped mineralized section of Quebec lying just east of Larder Lake and extending northward to Lake Abitibi.

We shall try and make every dollar count, and make as few mistakes as possible. We hope to create such an interest in this enterprise with investors, that will result in extensive and widespread co-operation.

Under this plan nobody can truthfully say that it is not a great mining investment. We want every investor to feel a personal interest in this Mine Development. The investors in this Company will own this enterprise, and we want them to co-operate with us and our associates to make it a great success.

We are now organizing THE LARDER LAKE EXPLORATION AND DEVELOPMENT COMPANY with what we consider sufficient capital (\$500,000). We now have options on, and propose to acquire five distinct and separate properties which will be incorporated at \$100,000 each (100,000 shares—par value \$1.00.) The Exploration Company will at all times hold a control-

ling interest in each of these companies, so that sixty per cent. of the dividends earned and declared will be paid into the treasury of the parent company, and the other forty per cent. distributed among the stockholders on record. This in our opinion will enable us to pay dividends and large ones in the very near future.

The Board of Directors of THE LARDER LAKE EXPLORATION AND DEVELOPMENT COMPANY will be composed of only engineers of national repute setting a precedent in this line—Mr. Robert Morton will be president, which fact in itself guarantees conservative and able management.

Investors have been pouring their money into over-capitalized mining companies, they have been plunging about wildly in the hope of some day "striking it rich" never stopping to think for one instant that the greater part of their money never reaches the ground, as a rule seventy-five per cent. of the money invested in stock schemes goes into the broker's hands. He pays his salesmen 20 to 50 per cent. on every dollar turned in, he must get his own commission and engineers must be paid.

We never have had associated with us a stock sales man, we require no commission and our engineers will be our directors, so that every dollar invested with us on this proposition will be honestly used in the purchasing and development of the different properties.

We are now offering for subscription the first allotment of stock in the LARDER LAKE EXPLORATION AND DEVELOPMENT COMPANY—every one hundred shares entitles the holder to forty shares of stock in each of the subsidiary companies to be incorporated, making in all 200 shares of stock in five separate companies, which, as soon as development work is started and dividends announced, will make the stock of the Larder Lake Exploration and Development Company almost invaluable. This first allotment of only 50,000 shares (\$1.00 par value) will probably be largely over-subscribed in a few days.

The next allotment will be put out September 25th, 1907, at 75c. per share or higher.

This price (15c.) will positively be withdrawn Aug. 6th, 1907. If this allotment is over-subscribed remittances will be promptly returned. Checks, drafts and money orders must accompany all applications and be made payable to the financial agents.

Interim certificates will be promptly returned to subscribers. The stock certificates of the Company representing the shares purchased will be issued and delivered as soon as allotment can be made, after the 6th of Aug. to all subscribers who purchased at the first underwriting price prior to that date.

Don't wait! Be wise! Act NOW! NOW IS THE TIME! Here is an opportunity that exists that which you had two or three years ago at Cobalt. Perhaps you will say as you did then, "How do we know they have got any silver up there?" Perhaps you say now: "How do you know there is any gold at Larder Lake?"

ROBERT MORTON & COMPANY,
NEW YORK, FINANCIAL AGENTS,
DENVER,
SAN FRANCISCO.

84 Victoria St., TORONTO, Can.

Are you going to get in now, in time, at Larder Lake; you can now get in at ground floor prices on inside properties, making big profits and lots of money; or will you wait three or four months or a year, and then fall all over yourself in an irresistible desire to net in anywhere or at any price!
