\$4 Saved Two Fingers

The fingers were those of Mr. J. W. Bennett, of 539 Craig St. E., Montreal. He says, "A falling beam badly smashed my hand. Two fingers were so severely crushed that the doctors said they would have to be amputated. Naturally I didn't want this, so decided to try Zam-Buk first. I applied Zam-Buk daily, and by the time I had used \$4 worth, the injury was completely healed. My fingers were saved!"

Just another illustration of the healing power of Zam-Buk. Accidents will happen. It may be your turn next. Better get a box and keep it handy. Accidents are less frequent than skin diseases, and remember this—

Zam-Buk is just as good for eczema, ulcers, skin diseases, and piles, as for cuts, burns, bruises. All druggists and stores 50c. box, or \$ for \$1.25. Refuse substitutes.

Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

A SHOE FOR THE FUSSE MAN

Yes, it's true that some men are mighty fussy about their foot wear—as particular, if not more so, than some women. Still, we don't blame them. Shoes do make such a difference in a man's attire; they are more conspicuous than women's. Our shoes satisfy very fussy men.
