In 1869, there were 9,906,067 gallons of whiskey made in Kentucky, and last year only 5,869,738 gallons.

year enty 5,809,738 gallons.

The value of fish,exported from Canada during the last fiscal year, is over \$3,608, 549, nearly double what it was ten years age. The sum collecte from the fisheries during the year was \$16,522, 43; expenditure \$42,263,38; and cost of maintaining Marine police and cruisers, \$69,664.

The earth is said to be growing smaller.

In two thousand millions of years it will be as small as Rhode Island where they are unable to shoot woodcocks with the finest of birdshot for fear of shooting into some other State.
