Mary on Deck Again.

Tom on the Hr. Grace Special Police Force.

Dear Sir.—Owing to my silence for a few days past many people about here at least, and probably in other places as well, are wondering the cause. In fact only yesterday I heard a person say that "Mary" had small pox. Now, Mr. Editor, that is a damaging statement as my only trouble is a touch of my old enemy—rheumatism. I will ask you to allow me to tell these people that are slandering me that they better be careful as my Tom is a policeman now. Yes, sir, and doing duty on the streets of Harbor Grace. He is wearing a white badge on his arm, given him by the King, of course I mean the badge. It is such an honour that I wash and iron the King's badge each night and make Tom look right up in G. Although the "rheums" were biting last night I had to go out and see Tom on "dooty." These are hard times on the regular staff of policemen, so much going around, you know, and the work is very laborious walking around on the hard roads without a bit of snow on them. In fact they are often compelled to "take a cab," which must be a great expense to them, though Tom says he expects it will come out of contingencies, and he says he don't know yet where or what contingencies are, but if he finds out before he quits the job he believes him and me will take a trip to Musson Pond to see Jane, and learn all about what the model man of the Agricultural Farm is doing for the island. The ferry across the harbour is running all the winter, and our neighbours from that side find her very convenient, but they are expecting a registered package every mail, containing the gasoline launch promised to them last year. I heard an Island Cove man say the other day he expected it was in the Post Office now, but addressed to the wrong man. I hear the present boat needed a little repair to some iron work the other day and the ferryman asked the "Chairman" if he'd take the part to the blacksmith who had been doing all her work for the past six or seven years. He was told no, all work in

future had to be taken to another "tapper at the anvil." When the former heard this he was not at all pleased, as he considered he had always accomplished his work well and as reasonable as possible. Tom says it was because he was a Liberal, but I don't think that is the reason, times are bad just now, and perhaps the other poor man wanted the job. But I am wandering off from what I started to tell you—it was about the small pox. Whisper, Mr. Editor, don't tell any one, as Tom will surely lose his job. Dr. Allan says it is not small pox at all, only chicken pox, but by the time the authorities discover that, Tom will have money enough earned to start a chicken farm, or a henery, I think they call them out to Dildo where they catch trout. That reminds me what a grand place Dildo would be to build a model farm. I dare say I would have made an effort to write you last week, but "Sunny Jim" had a lot of gas to let off and I was very much taken up with it. I think he is very good on poetry, but still, to use his own words, "he's not the man for me." I'd sooner Tom. Yours truly,
MARY.
Harbor Grace, March 24th, 1910.

A Sneezing Epidemic

It's Not Influenza—But Catarrh That Comes With Change of Season.

Every second person that you meet seems to have a sneeze and stuffed feeling in the forehead and nostrils. To cure promptly, say in half an hour, there is nothing worth using except Catarrhazone. You inhale its balsamic vapor, and feel as if you were among the Norway Pines. This is because Catarrhazone contains a healing medicine, light as pine air, which is breathed straight into the lungs and bronchial tubes. Away goes the cold, sneezing and catarrhal cough cease, bronchial irritation stops; in short, you are cured of catarrh by a pleasant simple remedy, free from sedatives and irritants. Catarrhazone is a good, safe family remedy for coughs, colds, croup, sore throat, that may be taken by young and old with absolute certainty of swift, permanent cure. Try "Catarrhazone," but beware of the substitute who may try to induce you to take something instead of "Catarrhazone." Large size lasts two months. Price \$1.00. Smaller sizes 25c. and 50c. Sold by all dealers, or The Catarrhazone Company, Kingston, Ont.

Trade Mark Inviolable.

Lords Decide Chartreuse Appeal in Favor of Carthusian Monks.

London, March 19.—The Lords of Appeal to the House of Lords have unanimously dismissed the Chartreuse appeal case. The Court has finally decided that the Carthusian monks, who were expelled from France under the Law of Associations, carried with them the secret of the manufacture of this famous liquor and that the sale of their property by the liquidator did not include trade marks.

Lost 8,000 Dollars.

Through a Hole in the Pocket of a Fur Coat.

Guelp, Ont., March 22.—William McCallister, a well known and well to do farmer of Ferguson, lost a wallet of \$8,000, which, so far, the Guelp police have been unable to find for him. He was in the city on Friday afternoon with the money in the inside pocket of his fur coat. He thinks he dropped the package somewhere between the railway station and the Priory Hotel through a hole in his pocket. The money was nearly all in fifty and hundred dollar Traders' and Imperial Bank bills.

MINARD'S LIMENT CURES COLDS, ETC.

Notes From Harbor Grace.

The people of Riverhead are pleased to have the telephone and find it of immense advantage. They are loud in their praises of the obliging manner of the lady at the Central and also the lady in charge of the "phone" in their neighbourhood.

They are, however, anxious to have a daily mail with Harbour Grace proper. At present the mail only goes up there from here three times a week. This often proves inconvenient. A case in point came under our notice where a gentleman was summoned by card to attend a meeting of the Industrial Society at Harbor Grace. The meeting was called for 9 o'clock in the afternoon and he received the card that same evening, although it had been posted two days before. No blame can be laid to the obliging lady in charge of the office there. She has been doing the work for the past 30 years without a complaint. We would like to draw the Postmaster General's attention to the fact that these people can get mail from Harbor Grace only three times a week. Our obliging Postmaster here will, we are sure, be only too glad to do all he can to benefit the people of Riverhead in this respect.

In this connection we think it only fair to say just here that our Harbor Grace Postmaster and his able assistants are without fault. At least no faults are ever spoken of, and if they existed we would not doubt hear them. They are obliging and satisfactory officials, and the public appreciate their efforts to please.

Little Dale Dramatic Entertainment.

The public are reminded of the musical and dramatic entertainment which will be given to-morrow night in the Star Hall by the young ladies students of Little Dale Academy. It will be under the distinguished patronage of His Grace, Archbishop Howley. The C. C. C. band will give selections at intervals and all who attend will spend a very enjoyable hour.

Boy Goes Overboard.

Yesterday afternoon about 3.30 a lad aged about 8 years, in trying to board the Harlaw, fell between the ship and the pier and narrowly escaped serious injury. He struck some object in his descent and was badly cut about the face. He was chilled from his immersion and after being fished out was looked after in the office on the wharf.

CAPE REPORT.

Special to Evening Telegram.

CAPE RACE, To-Day.

Wind west, light, weather fine. The barot. Maggie passed in at 10.30 a.m. yesterday; an unknown brig, was sighted at dark west of the Cape, also bound in. This is probably the brig, belonging to A. Goodridge & Sons, sighted on Sunday but not mentioned in yesterday's report. Nothing sighted to-day. Bar. 30, ther. 28.

Last Night's Entertainments

THE COLLEGE HALL.

In the Methodist College Hall yesterday afternoon the annual tea and entertainment was given by the Alexandra Workers under the distinguished patronage of Lady Williams. The attendance was very large and Mesdames Ayre, Benedict and Tessier with their assistants had a very busy time of it. The entertainment was given for the Home for Incurables, and the children of the Methodist Orphanage, through the kind invitation of Mrs. John Ayre, the President, were present. The concert was most entertaining, the different items being excellently rendered. Those who took part were Mrs. Geo. Ayre, Mr. King, Mr. F. Emerson, and Misses Marie Devine and Elsie Herder.

PRESBYTERIAN HALL.

Yesterday afternoon a Pin Cushion and Doyley Sale was held in the Presbyterian Hall in aid of the fund for the church ship. His Lordship Bishop Jones, Rev. Canon White and other clergymen were present in the audience and a splendid display of fancy goods was made by the ladies in charge of the tables. An excellent business was done and the proceeds amounted to a goodly sum.

B. I. S.

A very enjoyable dance was held in the O'Donnell Wing, St. Patrick's Hall, last night. Several members of the B. I. S. and their friends were present. At midnight supper was served and all present enjoyed the affair immensely.

ST. PATRICK'S CONVENT.

A very nice entertainment was held at St. Patrick's Convent in the school last night. It consisted of an operetta and concert, and the little school children who took part acquitted themselves admirably. Quite a large audience was present. The affair will be repeated to-night.

The Beverage for all Weathers.

EPPS'S COCOA

A delicious food and drink in one.

A Cup of "Epps's" at breakfast Warms and Sustains you for hours. As a supper beverage it is perfect.

Glovertown.

A very pretty wedding took place here in the Methodist Church, on Thursday evening, March 24th, at 6 p.m., when Miss Ida D. Jones, daughter of Andrew Jones, J. P., was united to Mr. Fred B. Arnold, eldest son of Mr. Geo. Arnold, the officiating minister being the Rev. J. Hurst. The fair young bride was very prettily and attractively attired in a dress of cream satin with trimmings, orange blossoms, etc. To grace the occasion she also wore a gold bracelet, the gift of the bridegroom. The bride was given away by her father, Mr. Eli Arnold, brother of the bridegroom was best man, Miss Lillian Burton being chief bridesmaid. After the ceremony a bountiful repast was provided at the home of the bridegroom which was partaken of by a company of friends numbering about eighty. The Rev. J. Hurst, Mr. McGilberry, Ambrose Jones, J. P., Mr. Robert Jones and Mr. James Arnold expressed the best wishes of the company gathered in short but pithy speeches to the happy couple for their future prosperity, the bridegroom suitably responding on behalf of the bride and himself. The happy pair were the recipients of a large number of presents, as well as the best wishes of their many friends for their future prosperity and happiness.—Com.

Not Smallpox.

Yesterday afternoon it was discovered that the little girl Noonan, of 14 Adelaide Street, was not suffering from small pox but had contracted chicken pox, and her residence was released from quarantine regulations. The man Rankin, of Cabot Street, is still under surveillance and a special constable is on duty at his residence.

In a recent explosion at Sydney, Supt. Macley and five men were injured. The explosion was caused by a man pouring cold water into the molten slag pit. The roof was completely blown off the blast furnace building.

Placentia Notes.

Mr. C. Phippard arrived by train Saturday to visit parents and friends, whom he has not seen for the past eight years. Mr. Phippard since leaving here has seen quite a lot of the world. When first he left he travelled direct to the Fiji Islands, and from there to Christmas Island. In these places he spent five years. After leaving the latter place he went direct to Honolulu, and after a short stay continued on to Vancouver. While there he received holidays and immediately travelled across the Continent to New York. From there he sailed to the West Indies and Jamaica on a visit to friends in that part of the world. He then decided on returning to the homeland, and arrived on the day mentioned.

Capt. T. Barron and crew took passage by Wednesday's train for the city. Mr. Barron is now taking the schr. Campania and will go freighting during the summer and fall months. Capt. Barron, though perhaps one of our youngest sailing masters, is one of the best. His schooner is now lying in St. John's harbor. This will be Mr. Barron's first trip as master, and we people of "Ye Ancient Capital" wish him every success in the near future.

The ceremonies during Holy Week were performed by Rev. Mgr. Reardon, assisted by the choir, who rendered some excellent music. The ceremonies all through were deep and impressive and were listened to with rapt attention by the vast congregations present.

Some of our business men have recently imported cash registers for their stores. Those that got them are Messrs. J. Bindon, H. Verran, P. F. O'Reilly and J. Murphy & Sons. The registers are of a very neat make and proves to be a great addition to the different stores.

At present there is great sleigh driving and many avail of the very rare opportunity.

To-day (Monday) is a very beautiful day, fine and clear. Many of our men are in the woods to seek a supply, as there is now very good hauling.

Mr. H. W. LeMessurier will deliver a lecture on "Placentia" in the Star Hall to-night. Among those who will come from the city will be Messrs. F. I. Morris, J. M. Kent, W. R. Howley and R. J. Devereaux, M.H.A's.

New Placentia Ferry.

The members for Placentia District, Messrs. Devereaux, Howley and Morris, left by yesterday's train for Placentia, where the new motor ferry for the Gut will be launched and christened to-day. She is 40 feet long, is very shallow for her size and can accommodate 50 passengers. She will keep on the run during the summer months until 10 o'clock at night. She can be propelled either by steam or gasoline, and is a substantially built boat. In honor of the event a ball and concert will be given in the Star Hall there to-night.

Badly Hurt In Thresher

Blood poison set in—Great suffering—Cure effected by DR. A. W. CHASE'S OINTMENT.

Mrs. C. Hopkins, St. George, Ont., writes:—"I feel like shouting the praises of Dr. Chase's Ointment. While threshing grain, my son got badly hurt. One of the men who was pitching sheaves, missed the sheaf and ran the prongs of the fork into my son's leg. He did not take much notice of it and in a day or two it got sore and very itchy and blood poison set in. We did everything for it but it would heal one place and break out at another and kept on this way for three months.

McAuliffe's Picture of the "Matthew" Entering the Narrows.

We learn that Mr. McAuliffe is desirous of selling his picture of the "Matthew" entering the Narrows, to the Government or some other public body. Mr. McAuliffe has chosen St. John's for the site of Cabot's Landfall, and pictures a ship of the Cabot period outside the Narrows. Mr. Gosling, the honorary secretary of the local committee of the Festival of Empire, wrote to him asking for a loan of the picture to send it to the Crystal Palace for exhibition as the work of a St. John's artist. In reply Mr. McAuliffe stated he wished to sell it, and that the price in Boston was \$500. He is prepared to make a special price to the Government or the Historical Society. He will probably send some other picture for exhibition in the Newfoundland Court at the Crystal Palace.

Mr. McAuliffe was a St. John's boy, who served his full time here to sail-making and was well-known to Mr. Isaac Morris and others. While working at his trade in Boston, he came into prominence as an artist from a picture of the ship "Constitution," renowned in American history.

Messrs. Vickers, Sons and Maxim recently entered into a contract with the Spanish Government to construct a warship on Spanish soil. The Espana is now being rapidly rushed to completion at Ferrol, Spain, by the above-named firm. She will be of 14,763 tons, driven with four screws, and Parsons' turbines will be installed, giving her a speed of 19 1/2 knots.

No Man is Stronger than His Stomach
