Picture Making
 By Enlarging.

Pictures attract everyone, and when amateurs realize that not only can they make photographs, but by having these small photographs enlarged they can get real pictures, then the fascination of their hobby is increased a hundredfold. Many of their negatives will possess a value they did not anticipate, as the small direct prints they make are often too inconspicuous to attract attention. We make the very highest grade of enlargements, and do the work promptly.
 If you have a small photo which you are fond of, have us enlarge it for you, and the result is sure to please you a hundredfold more than the small one ever did.
