Meal With Heat!
 Pain and soreness is a sign of congestion. The blood is improperly circulating somewhere. Heat relaxes the parts and equalizes the circulation. The prompt application of a **WATER BOTTLE** will cure many ailments quicker than internal medicine—and it's a natural way of doing it. This modern appliance is apt to be needed any hour in the home. It costs too little to be without—\$1.00 in **HEAT**, with several prices in between.
 Comes to us when you need anything hot and we'll take pleasure in showing you how well we can serve you.

What Did Swift Say?
 He says that all young men should be in debt, not for clothes or smokes or board money, but for some tangible security, that will be growing in value while they are paying for it.
 Buy a good stock and pay for it monthly, then buy another on the monthly payment plan, and then get in debt again, and again and yet again.
 Your contract to pay the monthly sums of \$10.00 or \$25.00 or more, will furnish you with the incentive to provide the money to meet the same, and in the end you will own several good stocks of great value—an asset for your old age.
 If you haven't \$100.00 you can pay \$20 for five months. All particulars free for the asking.
