Guelph Evening Mercury

TUESDAY EVENING, SEPT. 10, 1872

Town and County News.

Mr. JOHN ANDERSON has received "The Leisure Hour" for September. It is an excellent number.
GUELPH TURF CLUB.—A meeting of this club will be held to-night, at Dady's Hotel, at half-past seven o'clock, when a large attendance is urgently requested, to complete the programme for the coming season.
A man named Wm. Chapman was committed to Guelph goal the other day for aggravated assault in kicking George Champling of Amaranth repeatedly on the face and neck and shooting at him twice.
WEST GARAFAXA SHOW.—We are requested to state that the day on which the West Garafaxa Fall Show will be held has been changed from the 8th to the 9th October, as the Erin Show will be held on the 8th.
A SHOOTING MATCH for \$20 a side took place at Fergus on Monday, between Thos. Whiteell, of Fergus, and Levi Henry, of Guelph. Whiteell shot thirteen and Henry eleven pigeons out of twenty, Whiteall winning by two.
The last Canada Gazette contains the following.—To be Lieut., provisionally in the Hollin Company, D. Macdonald, gentleman, vice Gray, resigned. Leave of absence is granted to A. A. Macdonald, Wellington Field Battery, for one year from the 16th of July last to proceed to England on private affairs.
LATE on Thursday night, or early on Friday morning, a train on the Grand Trunk going west, ran into a flock of fifty-eight sheep, belonging to Mr. Jas. G. Wright, of Paisley Block, Guelph Township, killing seven and wounding three so severely that they had to be killed to end their sufferings; there are also two others which are severely brained but may possibly recover. The railway authorities are to blame, as part of the fence on the track was burned down, and they had neglected to have it put up again.
THE HORTICULTURAL SOCIETY.—The Fall Show of this Society is being held to-day, and the expectations of the Directors have been far more than realized by the really superior character and number of the flowers, plants, fruits and vegetables that are brought forward for exhibition. As usual the show will be open both in the afternoon and evening, when the Ventil Horn Barn will play some of their choicest pieces. There will likely be a large attendance of visitors.
GUELPH EXHIBITION.—The Stratford Beacon says: So successful was the initial effort last year of the enterprising agriculturists and others of Guelph and surrounding country, to establish in that Town a Central Exhibition, that they have this year decided upon holding another on a more extended scale, premiums to the extent of \$8,000 being offered. We presume the Central Exhibition is now an established fact, and that it will be held annually in future, except when Guelph happens to be chosen as the place for holding the Provincial Exhibition. And why should it not have its turn, if it desires it?
POLICE COURT. Before T. W. Saunders, Esq., P. M. Tuesday, Sept. 10. Gilbert Williams, (colored) was charged with having committed an aggravated assault on James Samuel Boulding (colored) in having chopped the arm of the complainant with an axe on the 31st of August. Williams consented to be tried by the Police Magistrate, in place of being sent up to the next court of competent criminal jurisdiction. Fined \$40 and one month's imprisonment, and if the fine is not paid on or before the expiry of one month, then the defendant shall be imprisoned for two months more.
CLEVER TRICK.—A man named Cohen has been swindling the Bank of British North America to the tune of about \$5,000. It appears that he procured a letter of credit from that bank for \$5,000 and received payments on account of it at several of the agencies of the bank. Of course these amounts were endorsed upon the letter of credit, but Cohen succeeded by chemical means in removing the endorsements without changing the appearance of the letter; and each time he presented it, it appeared as though nothing had been paid on account. Dr. Elizabeth, who was formerly connected with the chemical department of the Bank of England, was consulted about the matter, and he declares that the endorsements were removed by chemical action, which could be done without injuring the texture of the paper, or leaving any traces whereby the fraud could be detected. The Doctor also says he was present, to the best of his belief, at a trial in England where Cohen was found guilty of forgery, and sentenced to prison for several years. Cohen was arrested in Savannah, from whence he will be extradited to be tried in Montreal.
A policeman in New York, named Aikin, has been sentenced to twenty years imprisonment in the States Prison on three distinct charges—of one attempted burglary, and two of grand larceny. He pleaded guilty to all, and sued for mercy; but Judge Bedford was inexorable.
According to the Swiss Times at a recent meeting of the "Society for Halting the Sabbath," in the district of Aachen, the opening prayer was made by a Catholic priest, and the closing prayer by a Reformed clergyman, a chapter from the Bible being read by a Reformed layman.
There has been no other instance in twenty years of so large a fall of rain in England in the first seven months of the year as in the present year.
Want of coal in England has compelled the Great Eastern Railway to close their rail mills at Swindon, throwing five hundred men out of employment.
A great demonstration is to come off near Dublin against the occupation of Rome by the Italians and the suppression of religious orders in Italy.
An organized agitation for the abolition of slavery in the Spanish Colonies is about to be inaugurated in Spain.

Local and Other Items.

The St. Catharines Journal says that the estate of the late Mr. T. C. Street is valued at from \$9,000,000 to \$4,000,000.
There was a hard frost in the Eastern Townships on the 4th of Sept., the first seen this fall.
McLENNAN, of Gienagary, challenges Donald Dinnie to throw the light or heavy hammer for \$2,000.
The Hamilton Times says that Mr. S. Hutchison, at present on the editorial staff of the Globe, has purchased the Galt Reformer, and will take possession in a few weeks. We wish Mr. Hutchison every success.
MURDER IN QUEBEC.—A fearful murder was committed in Quebec on Saturday night. A French Canadian woodsawyer choked an unfortunate prostitute, named Rachel Barns, to death in a house of ill-fame, because he said she had stolen \$6 from him.
THE ENGLISH CRICKETERS AT LONDON.—In the cricket match on Monday at London, between the English eleven and the Canadian twenty-two, the former took the first innings and scored 80, Grace making 31. The Canadians made 55 in one innings.
On Sunday morning the barn of Mr. Thomas Smith, Scotch Block, townline of Ancaster, was struck by lightning, and together with the stables, sheds, out-buildings, and their contents were destroyed. All the new crop had been garnered, to be thrashed this week, but was consumed. Mr. Smith estimates his loss at over \$6,000.
The Bank of Hamilton has issued its \$4 bills. It is printed in black and green. Prominent is an excellent likeness of the President, Donald McInnes, Esq. In the left corner, on the face of the note is a good representation of a railway train crossing a bridge after leaving a tunnel, and on the right corner a machinist at work upon a lathe.
The English cricketers have had their photographs taken by Notman, but, with exceedingly bad taste, that of Mr. Patterson, of the Mail, is included in the group. This latter gentleman's snobbery is the universal theme of remark among Canadian cricketers, who have been treated as unworthy of an introduction to the Englishmen.
A DETECTIVE IN TROUBLE.—Detective Phair, of London, was arrested the other day on a charge of intent to defraud Philip London, while in custody, of the sum of \$100 and also orders to the value of \$100, for "hush-money," &c. He says he can prove that he did nothing to be ashamed of, and that the charges are false, and are trumped up to damage his character.
BARN BURNED IN WAWANOSH.—Mr. John McKenzie's barn, 14th concession, West Wawanosh, was struck by lightning on Saturday night, and all his crops burnt, also John Gillespie's house. The lightning came down the stove-pipe, and opened it from top to bottom, and tore up the floor, moved the cupboard out of its place and broke all the dishes. Although two of his sons were sleeping in a chamber close to the stove-pipe, they received no injury.
THE COUREUR MURDER.—The following is the verdict of the Jury on Thomas Cohen:—"The Jurors on their oath say that Thomas Cohen came to his death on the evening of the 6th day of September in the year of Our Lord 1872, in front of the Commercial Hotel, King Street, in the Town of Coober, from a nerve shock produced by a kick in the region of the stomach, administered by one Thomas Kevin, deceased having been affected at the time with heart disease. The Jurors cannot find from the evidence adduced that there was any malice on the part of the said Thomas Kevin."
WELCOME TO GRAND TRUNK OFFICIALS.—The chairman of the Grand Trunk Railway Company, Mr. Richard Potter, of London, Eng., who is now making his second tour in this country for the purpose of inspecting the main line and branches of the railroad which he superintends, Mr. Brydges managing Director, and Mr. W. H. Smith M. P. for Westminster, who accompanies Mr. Potter, were welcomed by the members of the Board of Trade and Corn Exchange at Toronto on Monday, and entertained at a champagne lunch.
ATTEMPT TO SHOOT.—A man named Hughes, from Port Credit, was committed to jail on Tuesday last, for attempting to shoot his wife. The prisoner and his wife have not agreed very well for some years past, and his wife had often left him and returned again. The day he attempted to shoot her she had gone to assist a neighbour to do some sewing, which so enraged him that he went after her, and as she went outside the house to see what he wanted he levelled a pistol at her head, which was fortunately knocked out of his hand by some one standing near them at the time, thus preventing any serious harm being done. Prisoner, who is an old pensioner, is very much addicted to drinking.—Brampton Times.

Board of School Trustees.

The Board met on Monday night. Present—Mr. Peterson, chairman, Messrs Knowles, Newton, Harvey, Mitchell, Inglis, Armstrong, McKenzie and Drs. Keating and McGuire.
The Secretary presented accounts from Mr. J. Anderson for stationary, also from the Advertiser and Herald, and from Mr. E. H. Maddock and Douglas & Bannerman; also a memorial from Mr. Fisher, complaining that he had too much to do as care taker of the scholars, and asking an increase of salary.
A communication was read from Miss Dorothy, resigning her situation as music teacher in the Senior Girls' School, having obtained another situation which she has to fill in the month of October.
The Secretary reported that the Government half year's apportionment for the High School was \$270, and the Government apportionment to the Public Schools for the half year was \$657.
Moved by Mr. Mitchell, seconded by Mr. McKenzie, that the Board accept Miss Dorothy's resignation, and this Board express their regret at her departure, and wish her every success in her new sphere of labour. Carried.
The Secretary was instructed to advertise for another music teacher.
The accounts were referred to the Finance Committee.
The memorial of Mr. Fisher was referred to the School Management Committee.
The Secretary made the suggestion to the Board that Mr. Brunner's time might be greatly economized by removing one of the classes in the Central School to the South Ward School House, and bringing Mr. Hutton's classes into the Central School so that all Mr. Brunner's pupils might be together. The matter was referred to the School Management Committee.
Mr. Knowles reported that the well at the High School had gone dry.
The Board then adjourned.

Base Ball Match.

A match was played on Saturday last between the Ontarios of this Town and the Stars of Guelph Township on the ground of the latter. The game was called at 2:30, the Stars going to the bat, and retiring after being credited with three runs, the Ontarios followed, and were speedily disposed of with a goose egg. In the next innings the Stars were whitewashed while the Ontarios made one run. The third innings brought the Stars nine and the Ontarios five. From this time it became apparent that the Ontarios were no match for their opponents, who steadily drew ahead. All the Stars, when the score stood, Ontarios 12, Stars 2. This was a crushing blow to the high hopes entertained by the Ontarios, and all sorts of excuses were invented to account for their defeat. The pitching of the Stars in the last five innings proved very effective, and for three consecutive innings the Ontarios failed to reach the second base. The following is

THE SCORE	
ONTARIOS	STARS
Walters, 11	0

Base Ball Notes.

This afternoon the Mutuals and Troy Haymakers play on the Union Ground.
The seventh game came off on Saturday between the Boston Red Stockings and the Mutuals, which resulted in the defeat of the former by a score of 11 to 5. The Mutuals never played a better balling game and certainly never batted better. The backers of the Boston lost heavily, betting \$100 to \$50 on their favorites. The first six games were won by the Boston with scores of 9 to 2, 4 to 2, 3 to 2, 9 to 3, 4 to 2 and 4 to 2.
THE BOSTONS PLAY IN PHILADELPHIA and Baltimore this week and closely contested games are anticipated.
The Baltimores defeated the Brooklyn Atlantics in Baltimore on Friday last by a score of 10 to 3.
THE ATHLETICS, of Philadelphia, defeated the Brooklyn Atlantics on Saturday in their third game, by a score of 8 to 3.
A game of base ball was played in Philadelphia yesterday between the Boston and Athletic clubs, and witnessed by a crowd of at least 12,000 persons. It was played with great spirit, but was unfortunately out short by a rain storm at the end of the 8th innings, when the score stood five for each.
There are now but four professional nines which stand the slightest chance of winning the whip pennant this season. These are the nines of Boston, New York, Philadelphia and Baltimore. Of the other two nines in the arena the Atlantics have lost 21 games and won but 5, while the Eckfords have lost 17 and won but 2. The record of games up to date is as follows:

CHAMPIONSHIP RECORD.			
Games Won.	Games Lost.	Games Played.	
Boston	21	4	25
Baltimore	17	15	32
Mutuals	5	10	15
Athletic	2	0	2

The Provincial Exhibition.

The Spectator speaking of the preparations now being made for the Provincial Exhibition at Hamilton says:—
The whole of the fair grounds will consist of about thirty acres. To give our readers some idea of the work required and the amount of timber used, they are informed that upon the new ground on the west end there will be two sheds for sheep pens running north and south 600 feet, by 16 feet each; two cattle sheds 400 feet by 36 feet, and one 800 feet by 32 feet each; and on the south side running east and west is a carriage shed 200 feet by 36 feet; 150 pig pens under cover alongside of the fence, two forage barns on the south side of the ground; four cattle rings 70 feet in diameter and a range of bull boxes occupying 200 feet in lengthwise. No less than 145 rods of new fencing has been put up. On the old ground directly north of the Crystal Palace is the Agricultural Hall connected by a covered passage with the Palace. This building—200 feet by 40 feet—is substantially erected and all that requires is to have shingled over the boards to make it permanent. The roof is strongly built, in anticipation of such an event, and the posts are all of sound cedar. On the west side the old building used at last fair has been thoroughly repaired, and will be used for the exhibition of roots and grain. On the east side of the Palace is another building 160 feet by 27 feet, running north and south, for the reception of poultry. Around the old grounds are erected 60 additional stables and boxes for brood mares, substantially covered. The contractors will proceed at once with the fitting up of the interior of these buildings, which require tables, &c., and also with the interior of the Crystal Palace. It is estimated that over 250,000 feet of lumber, including posts, and 41 kegs of nails, have already been used. We congratulate the contractors and architect upon their energy and perseverance in accomplishing so much work at so short a notice.
Patrick Morrissey was executed in Buffalo on the 6th inst., for the murder of his mother.
To protect the understanding of humanity nothing there is like leather fastened together by Canada Square Wras. Boots and Shoes made in this way never rip or leak or come apart.
The Turkish Government has decided on establishing a preparatory school in every town containing 500 or more Turkish families. The buildings will be erected at the cost of the inhabitants themselves.

THIS MORNING'S DESPATCHES BY TELEGRAPH

Supposed Murderer of Nathan Arrested.

The Republican Majority in Vermont.

New York, Sep. 10.—The alleged murderer of Nathan arrived here to-night, heavily ironed and taken to police headquarters.

The Geneva Arbitration.

Augusta, Me. Sep. 10, a.m.—Speaker Blain has just sent the following despatch to President Grant:—
To the President of the United States:—
Longbranch, N. J.—We have carried the State for Gov. Perham by more than 15,000, a net gain of 5,000 on last year's vote. We have also carried all the congressional districts, the closest by 2,000 majority. We have carried every County in the State, something we never achieved but once before. We have elected every Senator, and chosen more than four-fifths of the House of Representatives.

New York, Sep. 10.—The steamer Denmark arrived here from Liverpool.

Geneva, Sep. 9.—A special despatch says arbitrators are not all of the same opinion on the several points, and will deliver papers expressive of their individual views. Full details of the proceedings of the court not to be made public for some time yet.

Berlin, Sept. 9.—The disorderly portion of the population of Berlin took occasion during the grand military parade on Saturday last, to create many disturbances. One party of riotous characters, enraged at an advance in the price of beer by Hopf & Co., made an attack on their brewery, and completely wrecked it. The police were compelled to charge on the crowd with drawn swords, and it was not dispersed until many persons were wounded and a still larger number arrested.

The Geneva Arbitration. Reported Award.

Washington, Sep. 9.—The Government has received official telegraphic information from Geneva that the arbitration on the Alabama claims has closed, and that the results of its deliberations will be promulgated on Saturday next. A member of the Cabinet who has been thoroughly informed of every step taken in the Treaty, and under its provisions believes that the award to the United States will be from \$12,000,000 to \$15,000,000 in gold, which will be satisfactory to this Government. He says that the American members of the Joint High Commission were unanimously of opinion that twelve million would be a just and suitable sum for England to pay. During the sittings of the Commission it was announced to the British Commissioners that the American members were prepared to state the amount they would like in bulk in payment of the claims, but this offer was declined. Nothing remains to be done by the Arbitrators, but to sign the documents officially and compare the various translations, which will be done to-morrow. The Government does not expect to know the amount to be received from England until the last of the present week. It is also expected that about the same time the Emperor of Germany will announce his determination regarding the San Juan boundary question, which it is understood will be favorable to the United States.
