Glines' Patent

SLATE ROOFING PAINT!

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and NEVER CRACKS NOR SCALES. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheeting Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. **No Tar is Used in this Composition,** therefore, it does not effect the water from the roof, if turned off from the cistern before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and **STOPS THE LEAKS.** The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate color, and, is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaired.

Orders Respectfully Solicited.

GUELPH, Sept. 11, 1874.

ENGLISH POSTAL STATISTICS.—In London there are no less than one thousand six hundred post offices or other receptacles for letters, and from many of these post offices letters are collected and distributed sixteen times a day. The total number of letters posted in the United Kingdom last year was over nine hundred millions; newspapers, book packets, &c., bring up this number to about one-third more. In the Savings' Bank Department, more than a million and a half depositors have in keeping over twenty-one million pounds sterling. The revenue of the Department shows a very large increase, and as the expenses have not increased in the same proportion, the net profit to the Government has advanced to the highly respectable sum of \$8,000,000. On the whole, the British Post Office may be safely said to be still far ahead of any similar institution in other countries.

WANTS A TENANT.—Mr. Champlain, Governor of the Huron jail, is sadly in need of a tenant. The establishment is completely vacant, as regards prisoners. So says the Star.

WINNIPES ITEMS.—New hay is selling at \$2 per cart load, and new potatoes at \$1 25 per bushel.
