

Young in years but aged in appearance, losing your vitality, nervous, forgetful. Have you wasted the vigor of youth? Are you weak when you should be strong? Do you have "come-and-go" pains in your back, hips, shoulders and around your heart? Are you

worn out before your time, man?

If you want to be as vigorous as you were before you lost your strength, to get up in the morning brighter than when you go to bed, to lose your pains and have a sound stomach and regular bowels, and become again a strong, perfect and healthy man, use }

DR. McLAUGHLIN'S ELECTRIC BELT.

It has restored health and strength to thousands of weak and impotent men. If used as I direct it is a positive cure and cannot fail.

Estella E. Gordon, Staples, Ont., writes: "I received the Belt all O.K., and ammore than pleased with it. I think it is worth many times its price, as I have found it almost an instant cure. I have worn it less than one month."

Letters like this are in every mail. Ask them and be convinced. Mrs. John Whitefield, Columbus, Ont., says; "To speak the truth, I cannot say too much for your Belt. It is the best remedy I have used since my health failed, and that is 32 years ago. All this time I have been spending money for drugs which did me no good. Since I got your Belt I have not taken one dose of medicine."

Ennis Chambers, Massey Station, Ont., writes:—"It is two months since I received your Belt and it is all right, and more than I expected. The nervousness is all gone and so is the tired feeling. I could not have done the work I am doing this spring if it was not for your Belt."

The confidence I have in the wonderful curative powers of my Belt allows me to offer any man or woman who can give me reasonable security the use of the Belt at my risk, and they can

Forepaugh-Sells Circus.

Now that the circus is coming tomorrow, there will be a general relation of first experiences at the circus. Every man's story is the same as all the others, although to him it seems as if no one else could have had so thrilling a time and carried quite as much water for the elephants as he did. The circus is certainly a great rejuvenator, and is just as wonderful in the eyes of the young as ever. The which is brought to mind by the fact that the Adam Forepaugh and Sells Brothers Enormous Shows United will be here tomorrow (Thursday), July 17.

Alcohol from Beet-Root.

Toronto, July 16 .- Already the beet sugar industry has been the means of promoting others. The erection of a new distillery in Toronto is contemplated for the purpose of converting the residue from beet root sugar and other refineries into alcohol for use in the arts and generally for nonpotable interests. CHICAGO STRIKE IS BREAKING

Most of Freight Handlers to Resume Work Today-Doings of the Molders.

END OF CANADIAN NORTHERN

STRIKE. Winnipeg, Man., July 15.-It is stated that the Canadian Northern Railway has agreed to recognize the unions of the engineers and firemen, conductors and telegraphers, and all that is to be done now is to sign the schedules. While this may be true, several officials of the various orders are on their way here, and it is hardly was heard. My little girl ran to me likely negotiations will be completed

GENERAL EIGHT-HOUR DAY. Toronto, July 15.—At the meeting of the Iron Molders' Union this morning a motion for an eight-hour work day, to be inaugurated on May 1, 1903, all over America, was presented and referred to a committee.

THE FREIGHT HANDLERS.

Chicago, July 15 .- With agreements reached between four railroads and their employes, the strike of the freight handlers and teamsters, that has paralyzed the industries of Chicargo for a week, is apparently broken. A majority of the strikers are expected to return to work tomorrow. By Thursday, according to the present outlook, there will be few evidences of the strike. Some of the more radical unionists may refuse to accept the terms accepted by representative committees, but apparently they will be able to wield but little influance with the majority of the strikers. It is possible, however, that the radicals may prevent the strike from being called off at a mass meeting of the freight handlers called for tomorrow morn ing. On the action taken at this meeting will depend the attitude of the striking teamsters. Their national president, Al. Young, ordered them back to work tomorrow, but if the freight handlers refuse to declare the strike officially off some of the teamsters may refuse to work. It is conceded that their officials exercise little absolute authority.

The four railroads that entered into agreements with their men tonight were the Lake Shore and Michigan Southern, the Chicago and Northwestern, the Nickel Plate and the Illinois Central. Of the four, the Northwestern and the Illinois Central accepted the proposition made upon advice of the teamsters' board of arbitration. The Nickel Plate and Lake Shore succeeded in getting their men to sign the scale submitted by the railroads on

While the signing of the agreement breaks the strike, it does not end it. It is still in progress as far as 20 o the 24 railroads in the city are concerned. President Curran and a few of his supporters are still unreconciled and state that they will not re cognize any of the agreements. The fact remains, however, that the majority of the freight handlers are seemingly tired of the strike, and eager to return to work. It is probable that they will be given an opportunity to do so tomorrow.

PERMANENTLY **CURED OF LUMBAGO**

A St. Thomas Gentleman Whom Dr. Pitcher's Backache Kidney Tablets Cured of Lumbago in 1899 Has Never Had Any Return of His Old Enemy.

It will no doubt be a source of satsfaction to those who are suffering rom the effects of wrong-acting kidto know that Dr. Pitcher's Backache Kidney Tablets, not only give prompt relief in all cases, but that they cure so effectively and thoroughly that disease is not likely to return again-the cure is permanent.
