Last year there was a reported deficit of \$3,-This deficit has been wiped out, and a credit balance of \$2,021 remains. A gratifying feature of the report was large numbers of ministers who connected themselves with the fund, during the year, being no fewer than 55, the largest number of any year since the fund was established. The committee hope to increase the annuity to \$200. Rev. E. A. McCurdy, of Halifax, reported for the eastern section a most prosperous year for this The number of annuities is 17,

St. Thomas, June 16.—The president of the Elgin Loan Company, Mr. John Baird, who is now in charge, on being seen said he could not tell anything definite in regard to the affairs of the society. He said, however, that the securities held by the company were intact and that without the slightest doubt the depositors would be paid The absence of Mr. Rowley vas to him unexplainable, and com-

Bank of Canada. Mr. Baird says the probability is that a liquidator will be applied for, but he could say nothing definite until there had been a meeting of directors at 5 o'clock yesterday afternoon.

THE BOOKS EXAMINED.

The only way in which Mr. Rowley could secure the funds of the company was to convert deposits to his own use, and make no records of the amounts in the books of the company. This suspicion is strengthened in the minds of the directors by the fact that on Saturday last a wealthy depositor drew a check for \$2,500 while there was only \$400 to his account on the books of the company. The manager evidently had reasons other than those which appeared in the accounts for paying the money. He doubtless has a private nemorandum somewhere which may reveal many such cases. The manager was alone in the office. There was absolutely no check upon

him except the auditors, who are Alex Darrach and T. Leitch, of Brantford. The directors and shareholders had perfect confidence in the integrity and
