LONDON AND DISTRICT

Remains Were Interred. The remains of George Vince, the man ho died in Victoria Hospital a few days fo, and who was held in Ferguson's unstaking parlors awaiting word from lends or relatives as to burial, were iterred Wednesday afternoon in Mount leasant Cemetery. The county decided by defray the cost of Vince's burial, and s no relatives or friends of the decased ould be located, the funeral was held. There formerly worked with a farmer at horndale, and was brought from there into the hospital.

be celebrated in St. Peter's Church at 3 o'clock. Burlal will take place in St. Peter's Cemetery. The Christmas Ital.

The big Christmas rush of mail matter has not started yet, but preparations are being made at the postoffice to receive it when it does begin to flow in. The present staff will be nearly doubled in two weeks time, about 18 men having been hired to start on Dec. 18, while more will come on the 22nd. The plum puddings from the Old Country are due to arrive at the latter end of next week, and it will then be necessary to put on the extra men. Although the mail is exceedingly heavy just now, the present staff are having no trouble in handling it.

THE PLANS ARE OUTLINED

Matter Was Gone Very Fully Into at Wednesday.

council from the northern townships, which are chiefly interested in the proposition, Wednesday afternoon exof the London and Northwestern Radtion of 3,000-horsepower for the oper ation of the road, by means of a dam 00 feet high, in the Aux Sauble River, it Rock Glen, near Arkona. While Mr. D. A. Stewart, who is

promoting the line, stated to the council that his only object in bringing the matter to their attention at the last session of the year, was to make them discuss the scheme at greater length in January, 1912, Mr. J. C. McDonald, reeve of East Williams where the dam

is to be located, gave notice of motion that he would ask for reconsideration today.

A motion that the whole matter be left for the 1912 council to deal with was carried, but this was not satisfactory to Mr. McDonald, and it is possible that the whole affair will be gone over again this afternoon and evening.

Favor the Scheme.

The people whom he represents at enthusiastically in favor of permittir the company to proceed, Mr. McDor ald states, even those whose lands at hardest hit by the flood-peak supporting the proposition.

me ory weather. The spillway or gates will be left open in the early spring and will be closed when the water commences to recede, in order to fill the pool with a supply for July, August and September.

ust and September.

Mr. Gibson, when asked how long it would take the pool to fill with the average flow of the river, figured it out and told the council that forty days would be required.

"And forty nights," added Warden Moss, displaying his Biblical knowledge.

Moss, displaying his biblical knowledge.

Work Next Spring.

The company desires to commence work on the construction of the railway early next spring, Mr. Stewart stated. Two routes have been surveyed between London and Sarnia, and two between London and Grand Bend. No definite selection has been made in either case, Mr. Stewart states, as pressure is being brought by people of different sections to have the course altered to add to their convenience. It is the intention to construct the Sarnia line first and later to build the road to Lake Huron.

mrad to Lake Huron.

Mr. Stewart again went over his propositions in connection with the propositions in connection with the raising of bridges and the abandonment of others. The plans prepared by his engineers were submitted, the biggest change being the removal of the road to the Guy's bridge to the site of the present power dam where the company would agree to maintain a crossing over the spillway. This would necessitate the construction of a new road across one lot, but would permit of the abandonment of three bridges which are now maintained on the present road owing to the curves in the river.

wedding was celebrated in All Saints Church Wednesday evening, when Miss Harrlet May Bason, youngest daughter of Samuel Bason, 755 Walk-er street, and Eugene Risler were untited in marriage by Rev. T. B. Clarke. The church was decorated for the occasion and a large number of the friends and relatives of the young couple were present.

The bride looked very charming in a gown of white satin, and carried
