SAYS ENEMY LIES REGARDING ARABIC

Daily News Believes No Report Has Been Received From Submarine.

DUMBA'S LESSON GOOD

British Press Pleased by President Wilson's Demand for Recall.

LONDON, Sept. 11.—The Daily News in an editorial this morning dealing with Germany's note to the United States, concerning the sinking of the submarine Arabic, says: "We have good reason for believing that no report has, as a matter of fact, been received by the German Government from the submarine which sank the Arabic. The whole story almost certainly is an invention, and can probably be proven to be such."

The request for the recall of Dr. Dumba, the Austrian ambassador to the United States, Germany's note to the American Government concerning the sinking of the White Star liner Arabic, are the principal topics of comment in the London papers this morning.

Much-Needed Lesson. President Wilson's decision with regard to Dr. Dumba is approved by the newspapers as "a much-needed lesson in behavior." The Daily Graphic declares that no power has been more rigid in dealing with the ambassadors of other countries than Austria.

The Daily Chronicle in an editorial says: "President Wilson has been very patient, but when he strikes he strikes hard. America would have been the laughingstock of nations if he had tolerated the continued presence of Dr. Dumba. His dismissal may modify the exuberant activities of Count Von Bernstorff."

The Standard expresses the belief that President Wilson's prompt action "will show the Germans that he is not to be trifled with, however long-suffering he may be."

"Had the Germans waited two days longer," says the Standard, "we suspect the Arabic note, with its patent unkindness, would have been couched in less arrogant terms."

Referring to the German note concerning the Arabic the Daily Telegraph says: "The upshot of it all is that the lives of non-combatants depend upon the turn which the excited imagination of a German officer may take. We still have to learn what fancies visited the mind of the commander who sank the Heperian."

Germany's appeal to the Hague is a touch which beggars comment. We shall see what Washington will have to say to this insult to the world's intelligence."

KELLY'S CONTRACT IS CANCELED BY NEW GOVERNMENT

Arrangements Made to Enter Judgment for \$1,000,000—New Plans.

[Special to The Advertiser.] WINNIPEG, Sept. 10.—This was a busy day in Manitoba Government circles. Orders-in-council were passed canceling Kelly's contract on the Parliament Buildings, arrangements were made to enter judgment against Kelly for a million dollars in a civil suit Wednesday, and to sell sufficient Kelly property, on which the Government has a caveat, to satisfy the claim.

S. A. Bedford, deputy minister of agriculture, was promoted to the head of all demonstration farms, and to wage a fight on noxious weeds. A. J. McMillan, of Northwest, a farmer, succeeds him as deputy.

S. Bylander, an English architect, was secured to make plans for the dome of the Parliament Buildings. Arrangements also were made for a January session of the Legislature, and the taking of a vote in April on prohibition. Women, however, will not vote.

MARSEILLES, Sept. 10.—3.30 a.m. A submarine flying the Austrian colors, sank on Thursday the Campaigne trans-Atlantic cargo boat L'Aude, bound for Oran, Algeria, while ninety miles off that port. Nineteen passengers and the crew of eleven were allowed to leave the steamer in a lifeboat and were taken to Oran through their own efforts, having failed to encounter any ships.

The L'Aude was a vessel of 2,332 tons. She was built in 1908.

OFFICIALS AT WASHINGTON MISLED BY VON BERNSTORFF

WASHINGTON, Sept. 10.—Germany's declaration in connection with the sinking of the Arabic that, while she regrets the loss of Americans, she recognizes no liability for indemnity even if the submarine commander was mistaken in believing the Arabic was about to attack him, and practically offering to arbitrate the principle, is regarded in official circles as leaving the whole submarine question practically where it was left by the Berlin Government's unresponsive attitude toward the Lusitania negotiations, and in remarkable contravention of the favorable view which state department officials had been led to take by the statements of the German ambassador.

Sir Robert Had To Be Identified For Policeman

Premier Held Up When Leaving His Office at Night.

OTTAWA, Sept. 10.—Sir Robert Borden, the premier, was held up tonight by a Dominion policeman while leaving his office in the east block, and had to be identified by Hon. Dr. Reid, minister of customs, before the guardian of the building would allow him to pass.

The premier commended the action of the officer in carrying out his instructions so carefully.

GERMANIA UPHOLDS SINKING OF ARABIC

Berlin Paper Says the Limer Intended To Attack the Submarine.

[Canadian Press.] Berlin, Sept. 11.—Via London.—"Dignified and satisfying" is Germania's characterization of the German note on the Arabic case. The paper asserts the destruction of the steamer violated none of the provisions of the agreement presented to the United States Government by Ambassador Von Bernstorff, for "there is no doubt the Arabic intended to attack the submarine."

Germany declares there is every reason to believe the Arabic's captain acted in accordance with his instructions, and adds: "If the United States has demands to make they must be directed not to Germany, which has observed the rules of warfare, but to Great Britain, which permitted passengers to board a vessel whose captain was instructed and determined to commit a belligerent act as the opportunity offered."

WHIRLWIND CAMPAIGN FOR TOBACCO FUND

Ingersoll Men To Be Asked for Monthly Contributions.

INGERSOLL, Sept. 11.—The Soldiers' League will conduct a whirlwind campaign, Sept. 17, in aid of the Overseas Cigarette and Tobacco Fund. It is expected that between sixty and seventy young ladies, members of the League, will make a systematic canvass of the town, and ask that the men make monthly contributions in order that regular supplies of tobacco in its different forms may be forwarded to the soldiers at the front. Under the system of the Overseas Club, arrangements have been made whereby tobacco can be procured more cheaply than in the ordinary way, and arrangements have also been made for the sending of it to the front. The men of Ingersoll who subscribe to the fund will be called upon regularly for their contributions, and the Soldiers' League hopes to do an important work in this respect.

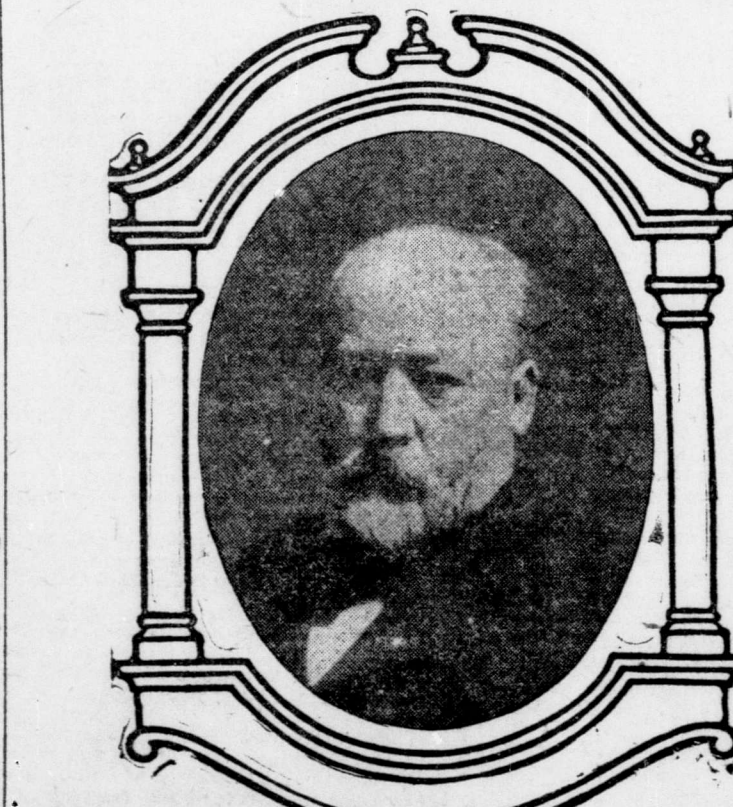

All arrangements have been completed for the big meeting in the Mason Arena on Sunday afternoon for the purpose of stimulating interest in recruiting. The mayor will preside, and the speakers listed are: Rev. Ronald Macleod, Rev. R. J. M. Perkins, J. C. Hegler, Lieut.-Col. Mayberry, Lieut. Col. Sutherland and W. J. Elliott.

CANADIAN SENATOR DIES IN MONTREAL

Sir Charles Boucherville in 94th Year—McGill's Oldest Graduate.

MONTREAL, Sept. 10.—Sir Charles Eugene Boucherville, senator and member of the legislative council of the Province of Quebec, died shortly before 9 o'clock tonight at the Deaf and Dumb Institute, St. Denis street, where he had resided for several years. He was in his 94th year, having been born in this city on May 4, 1822. He had been in good health, considering his advanced age, until about a week ago, and 24 hours before passing away he was able to sit up in his chair for several hours. One son, Mr. Joseph Boucherville of Boucherville, K. C., survives him.

The late senator had the distinction of being the only man in Canada who was both member of the Senate and the legislative council, and he was also the oldest graduate of McGill University. He was elected to the Canadian Assembly in 1873, and became premier of the province of Quebec in 1874, and was dismissed, with his colleagues, by the lieutenant-governor in March, 1878. He was called to the Senate of Canada in 1881. In May 1894, he was made a C.M.G., and a K.C., M.G. in June, 1914.

The deceased senator and legislative councillor was twice married, first to Susanna, daughter of the late Mr. R. M. Morrongiue, Montreal, and secondly, to a daughter of the late Mr. Felix Lussier, seigneur of Varennes, who died in 1892. His daughter, the wife of Mr. L. T. Marchal, K.C., Montreal, died in 1902.

AUSTRIAN FORCES CONCENTRATING AT SOUTHERN POINTS

May Contemplate Operations Against Bessarabia.—Preparations at Kiev.

PETROGRAD, Sept. 10, via London.—The concentration of heavy Austrian frontier forces on the Rumanian frontier points to serious operations in the near future against Bessarabia and the region of the middle Dniester, in the opinion of Russian war office officials. It is regarded as improbable that the concentration indicates that an offensive move against Rumania is in prospect.

The officials declare, however, that it is premature to regard the Kiev-Dniester line as endangered. An advance from Galizia is regarded as unlikely at present because of the recent Teutonic defeat at Tarnopol. In any event the invaders would have to move slowly, breaking down opposition at every river and on every elevation.

Kiev Being Evacuated. The partial evacuation of Kiev already is under way, and a number of institutions have been removed. The military authorities consider this to be expedient, on the ground that it would lighten the task of the army in the event that the city was threatened seriously.

From the Russian town of Kovel, in Volhynia, the Austrians advanced 25 miles in the direction of Pinsk, but their progress was checked. Between the Pripiet and the Niemen the Germans continue to move forward through the thick forest region toward Rozhan, but with every mile their difficulties are multiplied by the increasing distance from their base and the bad roads. The invaders, therefore, appear to be willing to limit their operations between the Bialystok-Kovel and the Vilna-Rovno railroads pending an advance of their wings.

FAILS TO KILL WIFE, ENDS HIS OWN LIFE

Northern Ontario Farmer Takes Poison at Jali Door.

COPPER CLIFF, Ont., Sept. 10.—After twice attempting to kill his wife and succeeding only in sending a bullet into her knee, Otto Heinenen, a Finnish farmer residing near Whitefish, took strychnine last night in front of the Copper Cliff Jail, whither he was being taken, and died an hour later from convulsions.

Domestic troubles were the cause of Heinenen's act. That the deed was meant to be done by a letter found in the dead man's pocketbook, which read: "Arattanda is my legal wife and I cannot live without her. The Finnish Coppel Cliffe have caused her to become insane, and on account of that I have to lose everything. You may take the results. I am doing everything that is possible. Sir, I have been in the hospital for a long time. The couple had motored down from Mond, and it was when they reached the corporation limits that Heinenen drew a weapon and attempted to shoot his wife in the breast. The woman knocked his arm down and the bullet entered her knee.

GERMANS BOMBARD A BALTIC PORT

Berlin Says Naval Airship Threw Bombs With Good Success.

BERLIN, Sept. 10.—Via London.—Sept. 11.—2:22 a.m.—The following German official statement was issued tonight:

"One of our naval airships on Thursday night threw a number of bombs with good success on a Russian naval base at a Baltic port, and its railway works. The airship returned unharmed, although it was fired at."

WASHINGTON PASSES FROM CONTROVERSY TO ACTS, ASSERTS PARIS

French Press Views Dismissal of Austrian Ambassador With Satisfaction.

[Canadian Press.] Paris, Sept. 11.—The French press views with considerable satisfaction the action of the United States in calling upon Austria-Hungary to remove Dr. Dumba as ambassador at Washington.

"The die is cast, and Washington now is passing from diplomatic controversy to acts," says the Petit Parisien. "The note is courteous in style, but at the same time imperative. Whatever Austria's response, the energetic act will have its effect upon the world."

Alfred Capus says in the Figaro: "Nothing is more universal than the moral discredit to which our enemies have fallen than the note pointing out that Dumba no longer is acceptable. Certainly it is not a declaration of war, but it is a declaration of incompatibility."

Germany's note on the sinking of the Arabic reached Paris by way of Geneva too late for publication or comment in most of the morning papers.

Foe's Aerodrome Bombarded By Allied Airmen

Zeppelin Shed Said to Have Been Destroyed—103 Men Killed.

LONDON, Sept. 10.—A Central News dispatch from Amsterdam states that a belated report received there from Ghent says allied airmen bombed the German aerodrome at Gondrade, destroying a Zeppelin shed and killing 103 men.

Allied aviators also raided Roulers recently, killing ten persons.

Bombs on Nancy. PARIS, Sept. 10.—Six German aeroplanes flew over Nancy, dropping 30 bombs, causing material damage at various places and killing two persons and wounding ten. It was announced today. The German aeroplanes also dropped bombs on St. Max, a suburb of Nancy, where several victims are reported.

French artillery fired at the German machines and French aviators started in pursuit of them. One of the German machines was damaged by the shell fire.

A German aeroplane, adorned with sixteen iron crosses, was forced to descend near Calais because its tank was pierced by a bullet. The machine was captured by British troops and its two occupants were prisoners.

THRESHER IS KILLED WHEN FLOOR CRASHES

Archie McMillan of Puslinch Accident Victim.

[Special to The Advertiser.] GALT, Sept. 10.—When the floor of the lean-to on which he was standing with his employer, W. Laur, thrasher, gave way, Archie McMillan, a prominent young man of Puslinch Township received injuries from which he died half an hour later.

Mr. Laur had moved his thrashing outfit to the farm of Alex McPharlin, on the Gore, Puslinch, where the accident took place, and had taken the machine to the barn. Messrs. McMillan and Laur were standing, talking, in the lean-to when the old joists gave way. They were precipitated to the ground, twelve feet below, and a cutting box fell on Mr. McMillan, causing internal injuries from which he died half an hour later and before a doctor could arrive.

He was about 32 years of age, a son of Donald McMillan of the 1st con. of Puslinch, and was only married a few months ago.

Four days ago the bandits attacked and robbed a construction camp. Another group of outlaws entered the village of Frolov, robbed the surgeon there a prisoner and wounded his wife.

BRITAIN WILL ASSIST DUMBA ON HIS WAY

No Obstacle To Be Offered to His Return to Vienna.

LONDON, Sept. 10.—6:15 p.m.—While there are no precedents of exact similarity, there is good authority for the opinion that no difficulties will be placed in the way of the return to Vienna of Ambassador Dumba or the passage of his successor to Washington. Diplomatic usage doubtless will provide a safe conduct without formal request. In the event that Washington makes such a request, a favorable reply from Great Britain may be expected as a matter of courtesy to the American Government.
