

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors read me for different things but did me no good. I got so bad that I could not sleep at night. With this compound I was cured. I began its use and in a short time I had gained my average weight and am now strong and well."—Mrs. SALLIE SPRINGS, R. 2, D. No. 3, Box 31, Waurika, Okla.

Another Grateful Woman

London, Ont.—"I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was so weak and tired that I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I knew other women who have taken it for the same purpose and they join me in praising it."—Mrs. Wm. A. BERRY, 515 Bland St., London, Ont.

Lydia E. Pinkham's Vegetable Compound has surely cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

THE TWO NEWCASTLES EXCHANGE GREETINGS

Newcastle-on-Tyne Sends Banner to Pupils of Harkins Academy.

(Union Advocate)

A handsome banner donated to the Harkins Academy here by the Girls' High School of old Newcastle-on-Tyne, England, will be presented to the Harkins trustees at special exercises in the Academy on the 19th inst. Governor Tweedie will make the presentation.

The banner is sent that it may be a means of establishing a bond of common sympathy between the two Newcastle. The design (by Muriel Wilson) under the superintendence of Mr. Halton of the Armstrong college is of rose, shamrock and thistle, with the maple for Canada, rowanberry and oak for Wales and parts of the Newcastle-on-Tyne arms.

Dr. Nicholson, Chairman of the local Board of School Trustees, has forwarded the Board's thanks to Earl Grey and at the presentation the thanks of the Newcastle board and scholars will be extended to the pupils of the old country school.

A GREAT MEDICINE

From a long article in "The Des Moines (Iowa) Capital" of April 24th ult., the following is gleaned: Medicines and products of the Chamberlain Medicine company of Des Moines are sold and used throughout the entire world. The foreign trade of this company today includes Canada, Cape Colony, Dutch Guiana, Straits Settlements, Philippine Islands, New Zealand, Ceylon, India, China, Natal, Panama, Australia, East Africa, Cape Colony, Rhodesia and Jamaica.

The foreign business of this concern has reached such proportions that it is now compelled to operate three branch factories in three foreign countries to care for its exclusive foreign trade. These factories are located at Sydney, Australia; Wellington, New Zealand and Toronto, Canada. Approximately one hundred people are employed in these three factories which manufacture the same products, according to the same formulae, that are manufactured in the home factory in Des Moines at Sixth Avenue and Park streets, where two hundred people are employed and a car load of bottles used each week.

Loaded to capacity with a 5,000-barrel cargo of naval stores, the river steamer, Belle, from Vernon, Fla., to Pensacola, sank in a severe fifty-mile gale in the Choctaw river, and four lives were lost.

REPIARIAN ASSOCIATION LEGISLATION

An act to incorporate the Restigouche Riparian Association has been passed by the Senate with amendments. According to a telegram received from speaker Marcell the Bill was passed by the Commons on April 24th as amended by Senate Committee satisfactory to all parties. It may be mentioned that a protest signed by 340 names was presented against the passage of the bill from the electors of Restigouche and Bonaventure counties.

The preamble of the bill as presented to the senate was as follows:

(a) Whereas an unincorporated association consisting of corporations, private associations and individuals in the provinces of Quebec and New Brunswick, owning, leasing or interested in riparian rights and fishing privileges upon and appertaining to the Restigouche and Matapedia rivers and their tributaries in the provinces of Quebec and New Brunswick, has been in existence for some time for purposes similar to those hereinafter set forth; and whereas the said association desires to become incorporated with power to sue in the provinces of New Brunswick and Quebec the perpetuation of the Restigouche and Matapedia rivers and their tributaries as salmon streams; and to encourage and promote the propagation, both natural and artificial, of the Atlantic salmon; and upon their invitation to support the public authorities of the Dominion and Provincial Governments in the proper development of salmon fishing as an industry; and to secure in the provinces of New Brunswick and Quebec a strict and impartial enforcement of the fish and game laws; and to provide a medium of mutual cooperation throughout the Dominion of Canada between owners and lessees of riparian rights and fishing privileges, and any others interested therein, whereby such action or proceedings may be taken as may be necessary to protect fish and game and otherwise to induce or to secure obedience to and respect for such laws and their enforcement; and for such other objects and purposes within the jurisdiction of the parliament of Canada as may be necessary and useful for any of the above purposes; and whereas the following persons, who are individual members of the said association or represent private associations and corporations who are members thereof, namely: Harry Stikeman, banker; William Molson Macpherson, banker; Sir Hugh Montagu Allan, C. V. O., steamship owner; Charles Meredith, broker; Isaac Henry Stearns, treasurer of the Chamberlain Shoals Fish and Game Club; Henry Vincent Meredith, banker; Richard Bladworth Angus, gentleman; James Roes, gentleman; all of the city of Montreal in the province of Quebec; Canada; and George G. de Witt, secretary of the Restigouche Salmon Club; John Howard Wainwright, secretary of the Matapedia Salmon Club; Dean Sage, lawyer; William P. Clyde, steamship owner; Frank S. Hall, lawyer; Charles G. Peters, retired banker; Samuel Bette, engineer; Howard Willets, merchant; Jules S. Ehrlich, merchant; all of New York in the state of New York; one of the United States of America; have by their petition prayed that it may be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition: therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:

The amended Bill as passed by the Senate reads as follows:

(b) Whereas an unincorporated Association consisting of corporations, private associations and individuals in the provinces of Quebec and New Brunswick, owning, leasing or interested in riparian rights and fishing privileges upon and appertaining to the Restigouche and Matapedia rivers and their tributaries in the provinces of Quebec and New Brunswick, has been in existence for some time; and whereas the

said association desires to become incorporated for the purpose hereinafter set forth; and whereas the following persons, who are individual members of the said Association or represent private associations and corporations which are members thereof, namely: Harry Stikeman, banker; William Molson Macpherson, banker; Sir Hugh Montagu Allan, C. V. O., steamship owner; Charles Meredith, broker; Isaac Henry Stearns, treasurer of the Chamberlain Shoals Fish and Game Club; Henry Vincent Meredith, banker; Richard Bladworth Angus, gentleman; James Roes, gentleman; all of the city of Montreal in the province of Quebec; Canada; and George G. de Witt, secretary of the Restigouche Salmon Club; John Howard Wainwright, secretary of the Matapedia Salmon Club; Dean Sage, lawyer; William P. Clyde, steamship owner; Frank S. Hall, lawyer; Charles G. Peters, retired banker; Samuel Bette, engineer; Howard Willets, merchant; Jules S. Ehrlich, merchant; all of New York in the state of New York; one of the United States of America; have by their petition prayed that it may be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition: therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:

The persons mentioned by name in the preamble to this Act, and all persons, other than corporations, who are at the date of the passing of this Act members of the unincorporated Association referred to in the preamble to this Act, and all such persons as thereafter, under the provisions of this Act, become members of the corporation hereby constituted, are hereby constituted a corporation under the name of "The Restigouche Riparian Association," hereinafter called "the Association."

The purposes of the Association shall be to promote and assist—
(a) the perpetuation of the Restigouche and Matapedia Rivers salmon streams;
(b) the propagation by both natural and artificial means, of

Atlantic Salmon in those waters and, if so deemed expedient by the Association, in any other waters in Canada.

**SPRING TERM OPENS
MONDAY, APRIL THIRD**

The enrolment for the term just drawing to a close exceeds all previous records. The splendid advantages offered by this school is rapidly building up the attendance.

Send for free Catalogue. Address:
W. J. OSBORNE,
Fredericton, N. B. Principal.

**GREATLY INCREASED
PATRONAGE**

Has compelled us to seek greater accommodation. Our new quarters, just across Hazen Avenue from our present premises, will give us nearly double our present space, and greatly increased facilities.

We are grateful for the patronage that has compelled this forward movement, and will endeavor to maintain our reputation.

S. KERR
Principal.

IMPORTANT NOTICE

It is important that persons having **MILITARY TENTS AND BLANKETS** in their possession return same at once as the Military Authorities are pressing for same.

GENERAL RELIEF COMMITTEE
April, 20-4ins.

\$3,600 in Cash Prizes for Farmers

ARE you one of the thousands of Canadian farmers who have used or intend using Canada Cement for the construction of some farm utility? If you contemplate building anything whatsoever of concrete, make up your mind right now to build it with a view to winning one of the prizes we are offering. Read the rest of this announcement and you will learn how you may try for a share in the \$3,600 we are giving away, to encourage the use of cement upon the farm. Throughout Canada the farmers have taken such a keen interest in our campaign that it has inspired us to go further along those educational lines. We have decided, therefore, to offer a series of four \$100.00 prizes to each of the nine Provinces, to be awarded as follows:

PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of bags of "CANADA" Cement for actual work done on his farm.

PRIZE "B"—\$100.00 to be given to the farmer in each Province who uses "CANADA" Cement on his farm in 1911 for the greatest number of purposes.

PRIZE "C"—\$100.00 to be given to the farmer in each Province who furnishes us with a photograph showing best of any particular kind of work done on his farm during 1911 with "CANADA" Cement.

PRIZE "D"—\$100.00 to be given to the farmer in each Province who furnishes the best and most complete description of how any particular piece of work shown by photograph sent in, was done.

In this contest no farmer should refrain from competing, because of any

feeling that he may have little chance against his neighbor who he thinks might use more cement than he does.

For it will be noted that Prizes "C" and "D" have no bearing whatever on quantity of cement used. The man who sends us the best photograph of so small a thing as a watering trough or a hitching post, has as much chance for Prize "C" as a man who sends a photograph of a house built of cement—and the same with Prize "D" as to best description.

Canada Cement is handled by dealers in almost every town in Canada. Should there not happen to be a dealer in your locality, let us know and we will try to appoint one.

Contest will close on November 15th, 1911, and all photos and descriptions must be in our office by that date. Awards will be made as soon as possible thereafter. The jury of award will consist of: Prof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Now, you cannot hope to do concrete work to the best advantage unless you have a copy of our free book, entitled, "What the Farmer Can Do With Concrete." This book tells how to construct well-nigh anything on the farm, from hitching post to silo. Whether you enter the contest or not, you'll find this book most helpful. A post-card asking for the book will bring it to you promptly. Send for your copy tonight. From your cement dealer or from us you can obtain a folder containing full particulars of contest. If you send to us for it, use the coupon provided in this announcement.

Please send me full particulars of Prize Contest. Also a copy of "What the Farmer Can Do With Concrete."
