## PROVINCIAL PARLIAMENT.

racter, that it should be manufactured before for stumpage, there was a wide differ tumber Before the recent treaty American instown immediately opposite St. Andrews, a timber could be brought into the Province; port of entry.

but it had to be entered, and was then treated. Hon. Col. Wyer said the duty of 2s 61 as colonial timber; but it could now come in and 3s 6d had hitherto been paid for stumbefore. A very serious objection had been confider cut upon private lands; and when it urged against the Bill, which was that it was proposed to give £14,500 towards payurged against the Bill, which was that it was proposed to give £14,500 towards payupon Commercial Credit
upon of the country, both raw and manufactured and more contemplated. The effect which the and that when the Parent government had Bill would have on manufacturing timber, ing the Criminal Law, and also in the amendfind in our number to day two Letters from and that when the large government and that when the large government and that when the large control of the large and who riewed with jealously the colonial would be employed instead of our own proving these important institutions—in the sioners to proceed to the chartering of res elstimber trade; and consequently the measure. There was nothing to prevent ressels going efficiency of which, the interests of the rising under consideration would be used to the distance of the Province. The imposition ber would pay the same duty in the West Mr. Speaker and Gentlemen of the House of a duty would have an injurious effect upon Indies. It would be a most unjust Bill Assembly; interests of those persons who had invest. An adjournment was-large cepital in mill establishments, and man reported progress. ed farge capital in mil wauld be ruinous to the Province. The learn-ed Solicitor said with reference to the details the exporter would have to pay a duty on all reference to determine between the parties, and in accordance with the legislature therefore to determine between the parties, and in accordance with the sidered as simple in its operation. He difference of the Province, after the action, for the ultimate civilization of the sidered as simple in its operation. public interest. He said a strong argument forced with other hon, gentlemen as to the source trials to which it has been exposed East."

We the under signed Burgisters and Attention of the Bill was, that a larger effect upon the sale of Crown Lands; purchased under the continue to require the force with less continue to require the force in a strong argument of duty would be collected with less continue to require the force in a strong argument of the Bill was, that a larger class is described as simple in its operation. The strong argument is derived as strong argument in the protection of the Province, and it would be under signed Burgisters and Attention of the first batch of Africance of the close of it this day, to address to you an doubted if there would be many sales; as incontinue to require the force in a strong argument of the under signed Burgisters and Attention of the under signed Burgisters and Attention of the first batch of Africance in the close of it this day, to address to you an doubted if there would be many sales; as incontinue to require the force in the close of it this day, to address to you an continue to require the force in the close of it this day, to address to you an adounce of the Rujesty with the close of it this day, to address to you an adounce of the Rujesty with the color of the continue to require the force in the close of it this day, to address to you an adounce of the Rujesty with the close of it this day, to address to you an adounce of the Rujesty and the ruje of before It was cut. But that should not also purchases, but it was cut the Executive government at a private property, as individuals having countries, we have abundant cause for thank-ruary 3. Still be don'ted if the argument was well lands would not about their demand for fulness; and I rely on receiving that supfounded; or that there would be such an in- stumpage crease of revenue

agement if by reducing the duty to 1 shilling a greater amount would be received than is a present collected at 2s. It was also stated by the friends of the measure, that a great it with injustice and breach of faith.—The was sworn in as an Executive Councillor on expence would be effected with reference to be imported and exported free from St. John; Wednesday .- Herald. surveyors and others. But they must be early played even if the Bill went into operation, the shipping port, it would not be treating as they must be kept to lay off berths, and the owners of such timber fairly, who had cee that puries did not go beyond their shounds. Another difficulty was, that the said it was a commutation of the duty now up the Long Reach. The River is also clear duty was levied on all timber, whether cut paid, another declared it to be an export dupon crown lands or private property, where the party had already paid the duty as purchaser; and who was placed on the same Bill lie over till another session. There was will be presented, and our steamers which f soting as those who paid nothing, and with no occasion he said for such indecent haste. "walk the waters like a thing of life," wil whom he could not compete. Another objection was, the interference which would take place with the casual and territorial revenue. It was well known that the crown land establishment must be kept up, to pay which there was only the gross amount; and if the proceeds were to be paid at the time of shipment, and government would in this way be left without the means of paying the necessary expenses of the establishment, and which required to be met promptly. The which required to be met promptly. The honorable man; he seconded the motion for learned gentleman said his mind was not fulpostponing the farther consideration of the ly made up on the subject, he had mention. Bill for three months.
