"THE GROCER"

CLEMENSPOINT

(The Queen of The Basin.)

Coadjutor Bishop Haakenley made his first visitation to this parish since his consecration on Monday and Tuesday, the 9th and 10th inst. On Monday evening service was held in the Parish church. In the chancel with the Bishop was Rev. R. M. Leish, late Rector of Canso. Mr. W. G. Smith, Diocesan Lay Reader, read the lesson. The music was well rendered by the choir and Mr. Abbott the organist. His Lordship preached a most inspiring and forcible sermon to a large congregation. After the service a reception was held at the Rectory under the auspices of St. Clement's Guild. A large number were present and all enjoyed meeting the Bishop.

Tuesday afternoon at 4 p.m. service was held in St. John's church at 8 p.m. Mr. L. V. Harris, Lay Reader read the lesson and the Bishop preached. After service a reception was held by St. John's Guild at the residence of Mr. W. M. Romans, where a very pleasant social hour was passed.

The Bishop by his earnest, convincing and spiritual sermons, by his loving, sympathetic geniality has won all hearts and has behind him the whole-hearted support and prayers of St. Clement Parish. He was tendered a royal welcome in this occasion and we await his next visitation when he will visit the parts of the Parish he was not able to touch this time.

This Lassie Has Her Colds "Rubbed Away"

The mother of this attractive little girl, Mrs. E. E. Emmans, of 215 Seventh Ave., N. E., Portage La Prairie, Man., is one of the many Canadian mothers who are enthusiastic about the vaporizing salve, Vicks Vaporub, for treating children's colds. Mrs. Emmans writes: "My little girl had croup at night pretty badly and Vicks did her a lot of good. I have also used it with very satisfactory results for head and chest colds."

Vicks is just "rubbed on" for sore throat, tonsillitis, bronchitis, croup or deep chest cold. "When so applied, Vicks has a double direct action; internally medicated vapors are inhaled while, at the same time, externally, it is absorbed through and stimulates the skin.

HEAD OF BAY FREE FROM ICE.

Navigation Will be Opened Earlier Than Usual—Storm Caused Damage.

Word that the head of the Bay of Fundy is free of ice was given out Friday morning by a member of the Marine and Fisheries Department. As a result of this navigation at head of the Bay will be open much earlier than in previous years.

There is now practically no snow in Nova Scotia and everything has taken on a spring-like aspect.

During the storm of last week which prevailed along the entire Atlantic coast, many wharves in Nova Scotia were badly damaged. The Salserville wharf on the French shore, Comau's Cove Wharf and the Light station at Cape Fodure were damaged. Other damage of a less serious nature has been reported.

During the storm the Masquash schooner, which was on the coast, was picked up Saturday by the Canadian Government steamer "Laurentian" which will replace the buoy probably on Wednesday. The Blond Rock buoy which also went adrift during last week's gale is being replaced by the Canadian Government steamer "Dolphin" which is now at Yarmouth.

Tuesday the Laurentian replaced the Foul Ground buoy in the Harbor. The steamer sailed Wednesday for the coast with supplies.—St. John Globe.

HIGH BUSH BLUEBERRIES.

(Yarmouth Telegram.)

Last summer there was during the berry season considerable talk of re-burnt the blueberry barrens in this county for the purpose of replenishing the lands and consequently larger crops. At the time petitions were circulated and largely signed urging the Provincial and Federal Governments to take a hand in the matter of increased blueberry production. As a result a largely attended meeting, under the auspices of the Yarmouth County Farmers' Association, was held at Quinan, Yarmouth Co., and many will remember the long report which followed the session. Among the speakers on that occasion were: P. L. Hatfield, M. P., and Conn. C. C. Burrill, both of whom stressed the importance of introducing in Yarmouth County the culture of the highbush blueberries.

Previous to this meeting, however, Mr. Hatfield had been working on the high-bush proposition. In his remarks he gave some estimation of what he was doing and strongly urged upon all present to take some action or give some attention to the culture of these berries. A few days ago we were informed by Mr. Hatfield that he had been successful with the Department of Agriculture at Ottawa, in securing a limited number of five year contracts for experimental purposes with the high-bush berry. They will be of the Whitesob, N. J., variety and a quantity of the bushes will be sent to Yarmouth. M. B. Davis, Chief Assistant of Horticulture in the Department of Agriculture at Ottawa, has been commissioned to spend some time in the county to give instruction regarding the care and culture of the bushes. It is hoped that all who are interested, and who can possibly take advantage of the opportunity offered them through Mr. Hatfield's efforts, will do so. We have also been shown illustrations of the Whitesob blueberries and in comparison with the product of our present barrens, are as large as cherries.

DEATH-KNELL OF SMALL HATS.

The death-knell of the small fitting hat is now being sounded on all sides, says a letter emanating from London. Broad-brimmed hats are appearing in all the smart restaurants and coffee-houses frequented by the smart set to suit them. They are now "shedding" the shingle—making the hair thicker on the crown, which makes the hat secure. There are definite signs that the big ostrich feather is to be the most popular of all trimmings. It is also going to be worn underneath the brims of these big hats.

FLOWER SHOW AT LAWRENCETOWN

Ladies Institute With Aid From Paradise, Williamson And Clarence Will Hold Mammoth Show In August.

It is the purpose of the Women's Institute of Lawrencetown, with the aid of Paradise, Williamson, (North and South) Clarence, Brickton and Inglisville, to hold a Mammoth Flower Show in the Demonstration Building this coming Fall. A promotion committee has already been formed and a tentative prize list drafted. It is the urgent desire, and wish of every householder in the whole territory above mentioned to participate in this Show. Just a few spare moments of each member of a family from the youngest to the oldest, could thereby embellish their own immediate surroundings and make this part of Annapolis Valley a veritable flower garden for the summer months and everybody will be ready in August to make the Flower Show a huge success.

The Convenor of Committee will not doubt be asking, at some near date, for representatives from every above named district, in a co-operative way to discuss the tentative prize list and ways and means that are helpful. It surely is an opportunity whereby one and all have absolutely nothing to lose and a whole lot to gain.

First and Second cash prizes, 50c for First and 25c for second will be given for best collections exhibited.

All entries must be mailed to Mrs. S. H. Daniels, Lawrencetown, Convenor of committee, before August 1st.

All exhibits to be at the Demonstration Building before twelve noon on day of exhibition.

Flowers to be arranged in containers by exhibitors. Each collection shown must be labelled with its name and number of exhibitor, the label to be securely attached to exhibit.

No entry fee.

Only one prize to be awarded to the same person in any class.
