

A MANUAL OF SCIENTIFIC INQUIRY,

FOR THE USE OF OFFICERS AND TRAVELLERS IN GENERAL.

Edited by Rev. **ROBERT MAIN, M.A., F.R.S.,**

Radeliffe Observer.

Fourth Edition. Post 8vo. 3s. 6d.

PUBLISHED BY AUTHORITY OF THE ADMIRALTY.

"A volume—a perfect knowledge of which would render any man a most agreeable and instructive companion—a guide, philosopher, and friend. It is a 'Manual of Scientific Inquiry,' by the best authors, in a most compendious form, well got out, and illustrated. Ordinary people might be afraid to talk to a naval officer or a traveller in general who had such a book off by heart. He certainly would possess a great deal of most useful knowledge."
—*Army and Navy Gazette*.

"The present is the fourth edition of this well-known work, and although the editor has not altered the general form of the book or the arrangement of the articles, he has by adequate revision provided that such of them as required it through the additional knowledge gained in the last twelve years be brought up to the present epoch. It is impossible to speak too highly of this work, which may be considered as one of the most useful scientific works now published."—*Scientific Review*.

Edited by his SON.

8vo. 20s.

*THE CHOICE OF A DWELLING;*A PRACTICAL HANDBOOK OF USEFUL INFORMATION ON ALL POINTS
CONNECTED WITH HIRING, BUYING, OR BUILDING A HOUSE.By **GERVASE WHEELER,**

Architect, Author of "Rural Homes," "Homes for the People," &c.

With Woodcuts and Plans. Post 8vo. 7s. 6d.

"Few compilations could be plainer, clearer, or more concise than Mr. Wheeler's directions how to proceed to choose or build a house. Much of what can be said upon the subject has already been said; but to this he has added more, and so divided and docketed, as it were, his advice and information, that the issue is a very compact and suggestive manual. It is intended for the general public, rather than for the professional student; but the office-shelves of architects would be all the more complete for its presence."—*Builder*.
