A FOURTH EDITION OF

Canadian Wild-Flowers

BY
Mrs. CHAMBERLIN

With
Botanical Descriptions
by MRS. TRAILL

PRICE . . \$6.00

We will have ready early in December a fourth edition, from entirely new type, of this magnificent work. The book—14½ x 11 inches in size—will contain ten plates showing in their natural colors upwards of thirty specimens of our native wild flowers. These plates are all lithographed, and coloured by hand by Mrs. Chamberlin herself, who, we believe, has no superior as a painter of flowers. Mrs. Traill, in simple and beautiful language, describes these wildlings of the woods with the love and enthusiasm of a student of nature. The book has a title page of floral design in colours, and will be elegantly bound. It will make a delightful Christmas gift.
