

in the post-mortem room. In giving facility to students to follow up their studies during the summer months, these gentlemen are giving much valuable time, and we trust their exertions will be appreciated by the pupils. We understand that a large class is expected. We give below a schedule of the work.

SUMMER SESSION, 1876.

—o—

DR. DRAKE.—	{ Clinical instruction daily at bedside in Montreal General Hospital.
DR. McCALLUM.—	
DR. GODFREY.—	
	{ A limited number of Dresserships and Clinical Clerkships may be obtained on applying to the out-door and attending Physicians.
DR. ROSS.—	Physical Diagnosis.
DR. RODDICK.—	Minor Surgery. Application of Bandages and Splints. Surgical Anatomy on the Cadaver.
DR. GARDNER.—	Electro-Therapeutics; the practical application of Electricity in disease.
DR. BULLER.—	A course of fifteen Lectures on diseases of the Eye, including instructions in the use of the Ophthalmoscope and practical demonstrations of Intra-ocular Lesions.
DR. GIRDWOOD.—	Practical Chemistry, including Blowpipe manipulations, qualitative analysis, toxicological investigations, &c., &c. Fee, \$12.
DR. OSLER.—	Practical Histology—Normal and Pathological. A course of twenty-five lessons. Microscopes, re-agents and material provided. Fee, \$15. (To be devoted, after paying necessary expenses, to Physiological Laboratory Fund.)
DR. OSLER.—	Practical Pathology—a course of twenty demonstrations in the Post-mortem Room.

All the Lectures and Demonstrations will be free with the exception of the Practical Histology and Practical Chemistry courses. The latter forms part of the curriculum and may be taken by students either in the Winter or Summer Sessions.

The Session will begin on May 1st and continue three months.
