

ROBERT BELL, Esq.

In Four Volumes, 8vo., with many Portraits. £3.

THE
FAIRFAX LETTERS, JOURNALS, &c.

COMPRISING THE

Correspondence of the Parliamentary General with all most distinguished Personages of the Popular Party, now first published from the original MSS.

The First Part (in Two Volumes), comprising
MEMOIRS OF KING CHARLES THE FIRST.

The Second Part (or Two concluding Volumes),
MEMOIRS OF THE GREAT CIVIL WAR.

By ROBERT BELL, Esq.,

* * Either Part may be had separately to complete sets.

"This Work is an exceedingly welcome and valuable contribution to the History of England. We recommend it to the popularity it deserves."—*Literary Gazette*.

"These most valuable volumes cannot fail to secure the success which their importance commands."—*Sunday Times*.

"This Work possesses peculiar interest. The letters hitherto unpublished were written generally in a confidential strain, and unfold, in a remarkable manner, the ideas and feelings of the men who figured during the great Civil War."—*Morning Herald*.

"Full of interest. The good, simple-minded, straightforward, successful soldier, the timid, inefficient, unsuccessful politician, Fairfax, never appeared to greater advantage than in these volumes. Very beautiful are his letters after his various reverses or successes to his father."—*Examiner*.

"These are indeed volumes to be welcomed."—*Jerrold's Weekly News*.

"All that the Fairfax letters required to render them one of the most interesting contributions to history was what Mr. Bell has done for them. He has brought Fairfax and his contemporaries before us with the force of a dramatist and the minute fidelity of a portrait painter. Few could have imparted to the narrative so much liveliness, so much grace, and so much picturesque effect."—*Atlas*.

"Of the value of this Work, as illustrating the most important period of our history, it would be difficult to speak too highly."—*Britannia*.
