After all, perhaps it is not so much child-training we should discuss in this column as parent-training. If

love our children, but as I said on Friday, love for a child while all-im-portant is not all-sufficient. We need as well: common sense, judgment, the time to think, the forgetting of self and selfish ideas. We fail to under-stand that our self-satisfaction and pride in a child are not half so im-

pride in a child are not half so im-portant as our study of what is best for the child, whether it satisfies our own notions and desires or not. In this way the child should train us, should develop our characters. sweeten our natures, simplify our lives. And only after its simpler nature has "menod us are wa fitted to train the

"trained us are we fitted to train the child. That is the only kind of childtraining that is worth while. It comes from the child to the parent, and is then applied to the child's needs with parental love and experience. If we knew our children better, we could learn more from them than from all the writers and lecturers on child-

strangers to God's creatures and flowers and sunshine and fresh air. And so we keep our children and ourselves simple, remembering that the greatest man the world ever saw, was a child in humble surroundings, fed with plain food, clothed with plain

IF THIS IS YOUR BIRTHDAY. Consider how you spend your money, and avoid wasting it. Some danger threatens you, and even a small surplus will be of great value

Those born today will be generous and talented, but unreliable, and their training should emphasize the importance of keeping promises and of not not giving up a task without making

a work to do.
