CONVICT'S SHIRT WAS HIS TOWEL

Prisoner in the Pen. Had No Wash Water for Twenty-One Days.

"CHOKING" TESTIMONY

More Stories Told Regarding "Tubbing" Treatment—Traffic in Tobacco.

(Special to The Toronto World).

KINGSTON, Dec. 11.—Several more convicts and guards were heard at this afternoon's session of the prison commission, and when adjournment was reached the evidence against Deputy Warden O'Leary and Dr. Phelan had been concluded.

The convicts claimed that they were persecuted by the deputy for slight offences, while the guards swore that the deputy showed favoritism to certain other guards in giving them what was known as easy posts of duty.

Passage at Arms.

There was another lively passage at arms between members of the commission and Dr. Edwards when the latter again made the charge that the commission was trying to 'choke off' evidence.

The charges against H. S. Begg, assistant hospital overseer, will be resumed at tomorrow's session.

The commission hopes to finish the investigation on Saturday.

GOLD MINE KING SHOT ON STREET

Sir Lionel Philips Seriously Wounded by a Disappointed Litigant.

JOHANNESBURG, Union of South Africa, Dec. 11.—(Can. Press)—An attempt was made today to assassinate Sir Lionel Phillips, the leading gold-mining magnate of Scuth Africa. Three shots were fired at him.

The attempt was made while he was walking on Commissioner street.

The assailant of Sir Lionel Phillips was identified as a Dutch storekeeper of the name of Nissun, and the crime was supposed to have been actuated by revenge for the loss of a recent suit against the mining group with which Sir Lionel is connected.

One bullet pierced the lung and liver, but the attending physicians are hopeful of Sir Lionel's recovery. He has suffered much from shock and pain, and no attempt has been made to remove the bullets. The wound in the neck is slight.

His assailant, Nissun, took a letter of introduction to Sir Lionel some time ago, and the mine owner gave instructions that everything possible should be done to help him. Since then Nissun sought to trade inside the native compounds, but was forbidden to do so, and finally was arrested for trespass. The case opened a week ago, and he was under remand.

STRATFORD HOTEL SUMMONED.

STRATFORD, Dec. 11.—(Special.)—License Inspector Kemp has laid a charge under the Licence Act against a local hotel, arising out of a brawl alleged to have taken place recently in the bar of the hotel. It is understood that the North Perth License Commission also will take cognizance of the occurrence.

In the county court this morning the jury in the case of Jacob L. Schafer v. Philip and Frank A Kens to recover the value of a horse, awarded $75 damages to the plainiff.

CANADA'S CREDIT BEST IN WORLD

Finance Minister White Emphasizes Fact in Inviting U. S. Life Insurance Companies to Invest.

NEW YORK, Dec. 11.—(Can. Press)—Hon. W. T. White, the Canadian minister of finance, today invited the presidents of life insurance companies assembled for their annual meeting here to look towards Canada as a fine field for the investment of their surplus funds.

"It would never do,' he said, "if I did not improve this occasion with Scotch prudence and forehandedness, to call your attention to the surpassing excellence of Canada as a field for investment of your surplus money. It seems to me that I have heard less of financial stringency—of course, I have not come down on business—down here in New York than possibly you have, but your surplus money—and if you have it not now, why you may have it in the near future—cannot be put to better or more productive or prontable use than investment in that great Dominion to the north. Not so many years ago, when we came down here we found that the Americans looked upon Canada as we today look upon Labrador, but that time has gone by.

Prime Security.

"You may not have informed yourself of the extent of our western territory. Manitoba, Saskatchewan, Alberta, three provinces, have each a larger territory than modern Germany, less than 10 per cent. under cultivation. This year they had a crop of over 200,000,000 bushels of wheat. Now, I draw your attention to that country. You cannot get better security than you will get in Canada—western or eastern Canada. You cannot get any country where contracts are more faithfully regarded or obligations more carefully safeguarded by law than in Canada."

LEADERS CONFER ON HOME RULE

Times Says Meetings Have Begun, But No Definite Progress Has Resulted.

LONDON, Dec. 12.—(Can. Press.)—The Times announces his morning that it is able to state that meetings of the party leaders have actually begun with the object of endeavoring to arrange an agreement by consent upon the Ulster difficulty, but that no definite result has as yet been reached.

The Times explains in an editorial that nothing in the nature of a truce is involved in these negotiations, which represent the first tangible movement towards a possible settlement, but do not compel either the home rulers or the Unionists to refrain from continuing freely to debate the question in public speeches.

The Daily Telegraph repeats the report that when parliament reassembles in February the government will take up the Welsh disestablishment bill before home rule. This will probably depend on the progress of the party negotiations.

FEDERAL FORCES OCCUPY TORREON

Official Information Given of Severe Rebel Defeat—Vanquished Lost Four Hundred Men.

MEXICO CITY, Dec. 11.—(Can. Press.)—The story that the federals had recaptured the Town of Torreon, situated on the borderline of the States of Coahuila and Durango, was supported by Gen. Velasco's official report received today at the war department.

Gen. Velasco says he retook Torreon on Dec. 8 after eight engagements. The rebel losses are given as 400 men killed. The federal casualties are not stated.

HAMILTON C I. FACES AN AWKWARD SITUATION

Vaccination Order Subjects Six Score of Recalcitrant Pupils to the Quarantine.

HAMILTON, Dec. 11.—Work at the Hamilton Collegiate Institute has been seriously interrupted by the action of 120 pupils who have refused to submit to vaccination. A general order of vaccination, following the discovery of a case of smallpox in the school, was obeyed by 200 of the pupils, but the remainder flatly refused.

The school authorities immediately issued a decree forbidding the 120 to enter the school doors, and the health authorities supplemented this order with a declaration that they would enforce the law of quarantine in every case.

On Christmas Eve the six-score children will be released from the restrictions of quarantine. Meanwhile the school work will progress in halting fashion, and the customary Christmas examination will be dispensed with altogether.

CALLED TO ISLINGTON.

GALT, Dec. 11.—(Special.)—Rev. C. S. Applegath, pastor of Lincoln avenue Methodist Church, has received a call to the Methodist Church of Islington, and has accepted, subject to the approval of the transfer committee of the general conference. Mr. Applegath came to Galt from Guelph three years ago.

York County and Suburbs of Toronto

BATHURST BRIDGE ALMOST FINISHED

Contractor Expects to Be Done in Six Weeks—Rushing Work.

NEWS OF EARLSCOURT

Railway Company Didn't Know Boundaries of Earlscourt District.

Mr. Law expects to have the Bathurst street bridge on St. Clair avenue completed in about six weeks. The west wall and piers are finished, the east wall and piers have yet to be built.

Orton & Co. have put thru the following deal: 35½ feet of land on Struthers avenue, Mimico, at $16 foot, being part payment on one pair of solid brick stores, Nos. 1/3 and 1/5 Royce avenue, valued at $6000 each, and balance cash, the total sum being $17,600.

Fire Hall Improvements.

Lumber for the winter flooring of the Earlscourt fire hall has been delivered and will be laid immediately. The interior wash basin was put in yesterday. Clothes closets are, however, still lacking for the men.

St. Chad's Anglican A.Y.P.A., Dufferin street, held their devotional meeting last evening in the basement of the church, Rev. W. Snartt taking as his subject the Book of Job. There are 70 members attached to this association.

St. Chad's young men have formed a minstrel troupe under the presidency of Mr. Gillibrand. They will give entertainments during the season on dates to be announced later.

The Dufferin street sewer between the public school and Morrison avenue will, it is expected, be completed some time in January.

Cards of invitation have been sent to the parents of the pupils of the Oakwood High School for the commencement exercises tomorrow evening at 8 o'clock.

Still Growing.

The number of passengers traveling on the St. Clair avenue cars is steadily increasing, proving the fact that the municipal cars are feeders for the Toronto Street Railway.

The Rosary and Benediction of the Blessed Sacrament will be given on all the Friday evenings of Advent at 7.30 o'clock at St. Clare's Church by Rev. Ed. McCabe, pastor.

Rev. D. Bryce, pastor of Central Methodist Church, Alcot avenue, has had the lower part of his face lanced, and is improving steadily since the operation was performed.

Divisional Freight Agent L. MacDonald, Grand Trunk Railway System, has written the secretary of the Earlscourt District Voters' Association, asking "What territory Earlscourt embraces, and if the deliveries required by the district are those represented by their cartage companies." Evidently the railways require to investigate the matter of deliveries, together with the express companies, and recognize that Earlscourt is now a portion of the City of Toronto requiring equal treatment to other districts. The executive meeting of the Earlscourt District Voters' Association, which was to have been held last evening, is to be held this evening at 7.30 p.m. in the Dominion Bank chambers. President Holmes will preside.

Candidate to Speak.

James Simpson, who is a candidate for the board of control, will speak in the Earlscourt Public School, Dufferin street, this evening at 8 o'clock. W. F. Maclean and Mayor Hocken are also expected to speak.

A successful concert was held at St. Hilda's Church, Fairbank, last evening. A good program was given. The proceeds will be given to the church fund.

The hope is expressed, in the district, that the proposed purchase of cast iron pipe, outside of the city by the municipal authorities will not carry, as the firm supplying same, namely, the Canada Foundry Company, employ a large number of men in the manufacture of pipe, and a number of the workers reside in Earlscourt. As winter is fast approaching it would be difficult for these men to secure new empuoyment if the contract was placed out of the city.

J. C. Hetherington, steamship agent of West Bloor street, is opening the office No. 1632 Dufferin street, next door to Royal George Picture Palace, as a district office for Earlscourt.

There was a large attendance at the social and smoker held by the British Imperial Association in Little's Hall last night, President Parfrey occupying the chair.

The secretary reported that thru the influence of the B.I.A. the sidewalks had been laid and the road graded on Goodwood avenue.

The death took place yesterday at the residence of his parents, 23 St. Clair Gardens, of Walter Vickery, aged 26, after two weeks' illness. He was a member of the Canadian Order of Foresters and the Bricklayers' Union, and reprsentatives of these societies will be present at the funeral, which takes place to Prospect Cemetery tomorrow at 3.30. Rev. Mr. MacLeod, Baptist minister, will officiate. The family have only recently arrived in Toronto from Stayner, Ontario. Mr. Vickery was a bricklayer and was employed by Mr. McMurrin on the Shorley St. school.

CHURCH CLUB BANQUET.

The annual banquet of the Young Men's Club of the West Presbyterian Church was held last night with about 125 guests assembling around the beautifully decorated tables. J. B. Hay was toastmaster. The toast to "The Club" was proposed by C. Rimmer and responded to by Rev. Dr. Turnbull.

STEEL DIVIDEND FAIRLY EARNED

President Plummer Stated, Following Announcement of Usual Disbursement.

MONTREAL, Dec. 11.—(Can. Press.)—At a meeting of the directors of the Dominion Steel Corporation today, the regular quarterly dividend at the rate of 4 per cent. was declared on the common stock, payable Jan. 2.

There had been doubt in stock exchange circles as to whether the regular dividend would be forthcoming in January, and the action of the directors today came as welcome news to the holders of the stock.

President Plummer said at the conclusion of the meeting that there was no ground for these fears; that the dividend had been earned by the company and would be paid.

Mr. Plummer said that orders on the books at the present time were considered almost up to the regular business, but that trouble had been experienced thru delay in receiving shipment instructions.

While the president admitted that for a couple of months business would probably be a little slack, he believed that by spring the company would again be enjoying excellent business.

THE MOORE PARK BRIDGE.

The public cannot be expected to put up with months of inconvenience, while the city and the county quarrel over Moore avenue bridge. It seems that it was closed by order of City Commissioner Harris, who at the same time requested the county to rebuild that part for which it is responsible. Nothing has been done as yet in regard to that request.

County Engineer Barber claims that the bridge could be repaired and would be serviceable for a few years yet, and that it is hardly fair to expect the county to rebuild a structure which may be annexed in a few months.

Evidently, if the bridge was entirely a city affair, it would be completely rebuilt, and if it was entirely a county bridge, it would be repaired to last for a few more years. Would it not be far better, therefore, to make it entirely a city bridge forthwith?

If the county authorities are determined only to repair their section the public cannot suffer while the city is trying to persuade them to rebuild. It might be a good plan for the county to allow the city the amount repairs would cost, and the city could then reconstruct the whole. It will be annexed shortly in any case and is, in fact, such a relatively small affair to the city that the welfare of the public should be attended to first and the fighting done after.

If a new bridge is built there will be more city traffic over it than township traffic, and therefore it is reasonable that the city should bear the major part of the cost. Get the thing done anyway, agree somehow, and give the public a highway. They will not object to pay for it.

RAILWAY DEPOTS FOR MOUNT DENNIS

Deputation Will Interview Grand Trunk Railway Officials Today.

The lack of railway stations at Mount Dennis causes a great deal of inconvenience to business men in the district, apart altogether from the expense incurred in teaming freight of all kinds from Weston or West Toronto depots.

Reeve George Syme and Deputy Reeve Griffiths, representing the Township of York, and a deputation from the Mount Dennis Ratepayers' Association, will interview Mr. Farrell and Superintendent Witterberger of the Grand Trunk Railway this morning, with a view to having a G.T.R. station located at Eglinton avenue. The Canadian Pacific officials will also be asked to locate a station at Mt. Dennis.

MIMICO.

The installation of the following officers for the Mimico Council of the R.T.O.T. will take place in January. W. J. Armstrong, district master, officiating: Chas. King, select councilor; Miss French, vice-councilor; Mr. Lubbock, past councilor; G. R. Gould, chaplain; Geo. Gould, jr., herald; John Lubbock, jr., guard; Jowett Coulton, financial secretary; R. McGregor, recording secretary, and F. A. Werden, treasurer.

The present membership exceeds last month by 14, there being now 66 members. The council will go in a body to the banquet provided by the lodge at West Toronto next Friday.

A new branch of the Ancient Order of Foresters will be established at New Toronto tonight. Thirty-four names have already been secured, and the ceremonies will be attended by several Toronto courts.

At an indignation meeting of Mimico ratepayers many and varied were the protests raised against the new garbage bylaw.

Chairman Burgess opened the meeting by stating that four men came into his place and laid themselves open for trespass, but he was not going to deal with them. He said he was after the man who sat in the easy chair and sicked them on.

Before Joseph Murphy would pay his garbage fee he said he would stand a suit. He thought the system of carrying garbage around in a pail for a long distance and then carrying it away in an open barrel was very insanitary. The meeting was in favor of the council's action in obtaining a water supply for the factories, and several speakers urged the amalgamation with New Toronto to have one large waterworks system.

Andrew Bates and John Harrison were nominated as candidates for the reeveship, but the former withdrew, so the ratepayers will support Mr. Harrison for the chair, and Harvey Stewart and F. Preston the council.

PASTOR ORDAINED AT STOUFFVILLE

Rev. Mr. Mutch Now in Charge of Stouffville and Melville Churches.

The bazaar held under the auspices of the Women's Auxiliary of Christ Church was a decided success. The proceeds, amounted to nearly $140, which was considerably above any previous year.

The members of the W. A. are to be congratulated.

Preparations are steadily going forward for the Christmas Fair, which will be held Dec. 18, in the auditorium.

The at home given by the I.O.O.F. last Monday night was everything that could be desired. The guests were treated to good musical program interspersed with speeches from several of the citizens of the town, as well as members of the order.

An induction and ordination service was held in the Presbyterian Church Wednesday afternoon, when the Rev. Mr. Mutch was given charge of Stouffville and Melville appointments.

Speculation as to the future postmaster of this place continues lively. The field is narrowed down to two.

John Ellis.

HEAVY FINE FOR PEACE DISTURBER

Brampton Magistrate Makes an Example—Fifty Dollars and Costs.

OTHER LOCAL NEWS

Godfrey-Wright Wedding—John Fingland's Condition is Serious.

The row which started in the Polack settlement Sunday night was aired in the police court yesterday morning. Hermann Gros, Hungarian, who did most of the fighting, was fined $50 and costs, or $59 in all. J. Susinsky, who was also mixed up in the affair, was fined $5 and costs. The fine for Gros was a stiff one, but the magistrate is determined that foreigners must respect law and order while they live here.

D. Godfrey and Miss Myrtle Wright were married yesterday afternoon by Rev. A. J. Paul, and left on the evening train for Sarnia, where they will spend their honeymoon. The employes of the Williams Shoe Co. presented the bride with a beautiful chair, and the Copeland-Chatterson Co., machine department, presented Mr. Godfrey with a handsome clock.

Women's Institute

The Huttonville branch of the Women's Institute held their meeting at the home of Mrs. Henry Trimble yesterday afternoon. There was a record attendance, and an enjoyable time was spent. Demonstrations on stencilling were given by Mrs. Nash Ostrahder, and an excellent paper on "Worry" was read by Mrs. Hutton. At the roll call every member answered to her name by giving a Christmas recipe. The meeting was closed by an interesting discussion on the "Duties of the guest in the home."

John Fingland, who, only last week, retired from business for a well earned rest, is seriously ill with pneumonia, and slight hopes are entertained for his recovery.

The Old Countrymen's Club held a whist drive last night. About 30 members took part. Albert Briggs and Percy Henshaw were the winners.

Dispute Settled

The dispute between John Foster of Cheltenham and his son Wesley has been settled, Sheriff Henderson and Wm. Henry, the arbitrators appointed, having arrived at a decision, which is satisfactory to both parties. The dispute occurred thru the son refusing to pay $237 which his father claimed was due to him on the purchasing of a threshing outfit. Wesley Foster stated that he had only received a portion of the outfit. The arbitrators granted the son what he claimed, he to pay $150 additional on the articles and to meet the overdue payments.

MUCH MORE USEFUL THAN BEAUTIFUL

Ward Seven Residential District Marred by School Ground Fence.

OTHER LOCAL NEWS

Boys of St. John Church Making a Hockey Rink for Themselves.

The extensive board fence recently asked for by the principal of the Humberside Collegiate Institute and granted by the board of education now stands four feet high around the greater part of a block on the east side of Clendenan avenue. This is the same fence which caused such agitation among the residents on that street when it became known that six feet was the proposed height and which was reduced by two feet when a deputation waited upon the board. Since then a few residents have continued to complain declaring that there should be either no fence at all or else an ornamental iron one and a motion was passed, at the instigation of Secretary W. Fisher of the Ratepayers' Association, at their last meeting, appointing another delegation to wait upon the board. The fence, however, is a solid one and was painted a dark green yesterday, and from appearances is there to stay for a considerable time.

Commencement Exercises

The annual commencement exercises of the Humberside Collegiate Institute will be held in the auditorium this afternoon. Prof. W. J. Alexander of Toronto University will deliver an address and diplomas and prizes will be distributed.

The boys of the Bible class of J. G. Wright at St. John's have undertaken the task of making a hockey rink on the large open property behind the church. Considerable levelling and filling in is required, as the width is to be increased to 65 feet but the boys are confident of having it ready for skating when cold weather commences.

Conservative Supper

The Liberal-Conservative Association of Ward Seven are holding an oyster supper and smoker on Monday evening in St. James' Hall. Several prominent speakers are expected to be present.

DANGER

Editor World: I think notice should be given to the many frequenters in High Park and the numerous strangers in Swansea.

The companies and the High Park commissioners should at once put up danger signals. Last night's heavy frost has sealed up the Grenadier and the west ponds to a considerable thickness, sufficient to tempt youngsters on the ice.

John Ellis.

WANT STRAIGHT ROAD ADOPTED

North Toronto Ratepayers Executive Held Meeting Last Night.

INVITE CANDIDATES

To Speak at Next Two Saturday Meetings and State Views.

Members of the executive of the North Toronto Ratepayers' Association went over the route of the proposed highway thru Mount Pleasant Cemetery yesterday with the members of the city works committee and officials of the works department and held a meeting last night to discuss the matter.

The following resolution was adopted: "After going over the ground of the proposed new road thru Mount Pleasant Cemetery and viewing the plans of the proposed alternate route, and further giving consideration to the possibility of raising the grade of Merton street at this point without damage to adjacent property, thus providing a reasonable grade over the railroad and also giving consideration to the fact that the alternate proposal provides for a highway still further east than that originally proposed, which is nearly three-quarters of a mile from Yonge street, we would therefore respectfully recommend to our association that they request the council to adhere to the original location as was sanctioned by the legislature."

It was decided that controller and aldermanic candidates for wards two and three would be invited to the next two Saturday evening meetings and that they would be requested when speaking to avoid all reference to the street railway purchase, and instead to enlighten the ratepayers on all bylaws to be voted upon on Jan. 1.

On Wednesday the Women's Mission Auxiliary of Eglinton Methodist Church held a regular meeting at the parsonage on Blythwood road, when Mrs. Stanfield, a returned missionary from Africa, gave an interesting address on her life and work in the foreign field.

The question of the street railway purchase was debated last night at a meeting of the Rowell Liberal Club of North Toronto, and the decision was given by the judges to the debaters who supported the proposed deal.

J. E. Parsons and H. Wallace supported the purchase. Robert Shaw and F. A. McGhie argued against Mayor Hocken's plan. The meeting was held in the Masonic Hall.

CONGRESS MAY BE HERE NEXT YEAR

Three Thousand American Road Builders Have Been Invited.

While in Philadelphia on Wednesday attending the Road Builders' Congress, D. Vermilyea of Belleville, president of the Ontario Good Roads Association, issued an invitation to the American Good Roads Congress to meet in Toronto in December, 1914. A letter was also read from Mayor Hocken, extending an invitation from the City of Toronto.

Some of those who were present say that there is every indication that more than 3000 road builders will meet in Toronto during next December.

EAST TORONTO

Great success has attended the efforts of the First Avenue Baptists during the past year. The financial statement shows that the total collections and contributions amounted to over $8000, out of which $1500 was given to missions. The newly elected members of the deacon's board are Fred Ingram and W. P. Boland.

At the installation of officers of Coronation Lodge, L.O.L., the following officers were elected for the ensuing year: D. A. Moffatt, W.M.; Chas. Megg, D.W.M.; Wm. Tomlinson, chap.; W. Taylor, R.S.; M. B. Coubledick, F.S.; S. R. Williamson, treasurer; R. C. Moffatt, secretary.

RIVERDALE

Special services will be held next Sunday, on the occasion of the opening of the new Simpson Avenue Sunday School.

The new building, which has a seating capacity of twelve hundred people, is divided into twenty-seven class rooms, with sliding doors. It was erected at a cost of $41,000, and will be used for church socials. Another part of the building contains a gymnasium, with shower baths with dimensions of 75 by 42 feet.

PORT CREDIT

While delivering goods at the home of David Harrison, Frank Franks, the driver for R. J. Walker, left his horse standing alone and it bolted down Lake Shore road. The rig was smashed by striking a culvert, but the horse was captured.
