Earlscourt B. I. A. Calls Public Meeting to Discuss Labor Question.

That the British Imperial Association advertise a public meeting, to be held to discuss the British versus forheld to discuss the British versus for-eign labor question, and that the mayor and board of control be invited to at-tend. This resolution was adopted un-animously after a long discussion at last night's meeting, in Little's Hall, on the preponderance of alien laborers employed on city contracts. W. Craig said: "All we ask is a fair show in the number of our people re-ceiving employment on city work. Even

ceiving employment on city work. Ever if we get 50 per cent, of the employ-ment, we will be content, but there is nothing in the city's contracts to this effect. The Avenue road water mains are at present all being laid by Ital-

ians, and our own men are looking on and begging for work."

Do it by Day Labor.

"Do all the work by day labor, and do away with the foreign element," was the opinion of R. Burlington. W. Russell, secretary, said that the contractor for the Regan Road Public School building, had stated that he could get all the labor required at 20 cents an hour. "I wonder," said Mr. Russell "if this is the scale of wages he is pay-

ing his men on city work."

Ald. J. Gibbons, speaking as a member of the B. I. A., said that in January last he moved in council that all city work be done by day labor. "The works department was in accord with this proposition, and submitted tenders on the day labor basis, but the work was awarded to contractors," said the alderman, "and the work was not started until the frost was well out of the ground, and in this way they beat the works commissioner." The speaker appealed to the members to

Park Site Question.

Regarding the Miller property as a park site for Earlscourt, the alderman said that the price is exorbitant, and now that land values are going down, the city council should take advantage of reduced prices and look at other sites. The matter of school accommoda tion was also discussed, and it was decided to write the principals of Earlscourt and Hughes School, asking for particulars regarding the num-ber of children attending from the ber of children attending from the city and the township in the year 1914, and also the board of education, asking the cost of upkeep of each school. # ALL FIRMLY OPPOSED

York Township Assessment Commissioner Gives Reason for Council's Attitude.

The suggested action of Mayor Church to seek special legislation compelling York Township to insure the lives of all township soldiers going to the front, failing amicable negotia-tions with the township, has aroused considerable discussion. The question has been before council on two or three occasions but the members have never commtted themselves to any

"We resent the suggested interference with Mayor Church in township affairs and especially in a matter with which the city has, and can have, no jurisdiction over us," said W. A. Clarke, assessment commissioner, to The World last night.

The round the council has taken is that the present war with its accompanying tax and increased expendipanying tax and increased expendi-tures is not a local, but a national matter in which all must participate. The province government has already imposed a war tax of one mill, the county has taken action along similar lines, and no matter whether it be one mil or ten mills, York Township will gladly share the burden. We claim that the city has adopted an unwise method of dealing with it and wants to load up the township in the same way. We are paying 37 1-2 per cent of all the taxes in York County today and to impose this additional charge upon us would be most unfair. York Township will never see the wives and Township will never see the wives and families of the brave fellows who went to the front suffer no matter what may appen," concluded Mr. Clarke,

The council are understood to be manimous in this view of the matter. SALE IN NORTH TORONTO

Hamilton Highway and York County Commissions Held Joint Meeting Yesterday.

The joint meeting of the York County and Hamilton Highway Boards, held yesterday in the offices of the former, on Adelaide street, did not develop anything very sensa-tional, only routine matters engaging the attention of the joint boards. The question of an adjustment of the cost vas left over until another meeting, which will shortly be held.

which will shortly be held.
Subsequently the York Highway
Board met and arranged for the
building of three or four bridges, one
of these being at Cashel and another
in Vaughan. The Weston road difficulty was straightened by the decision
to go ahead with the building of a time it was intended to build a su-perior type of highway, Weston to bear the added cost of construction, but this has been abandoned. It was decded to comply with the request of the Unionville Commission re the purchase of sewer pipe for Main street, the village to pay for the cost of putting in the pipe. The building of a small concrete bridge over the stream at Harrington's factory in the same vilage was not fully decided upon, but will it is expected go thru at the next meeting.

FARMERS ON WAR PATH

Held Mass Meeting at Richmond Hill to Discuss New Bylaw.

York County farmers assembled in force at Richmond Hill Wednesday night to discuss the suggested legislation of the City of Toronto governing the slaughter of beef cattle, voiced in unmistakeable terms their entire disapproval of the whole scheme. Despite the unfavorable weather prevailing the meeting was large and enthusiastic and every unfavorable reference to the city's action in seeking to centralize the slaughter of beef cattle in the city was applauded. Dr. Hasting and the members of the board of health were charged with being alarmists, while Mayor Church came in for the severest criticism.

Practically every clause now sought for by Dr. Hastings was unmercifully criticised, and many of them were declared to be absolutely unworkable and ruinous to the butcher trade in general.

Strong Condemnation.

Ald. Dunn, the avowed champion of the civic abattoir, was charged with never having sent a single animal to the civic institution to be slaughtered and inspected. But the strongest condemnation was reserved for Mayor Church. "Where did he get his authority for making the statements credited to him by The Evening Telegram?" said Reeve W. H. Pugsley of Richmond Hill. "A statement of that kind going broadcast over the land will work incalculable injury to the cattle trade of this country. The farmers of York County and the Province of Ontario ask no dictation or advice from irresponsible quarters. We resent it as being untrue and can only characterize it as rubbish."

"The City of Toronto is arrogating to itself the right to interfere in matters which do not properly belong to it," declared Reeve McNair of Vaughan Township. WESTON An interesting address upon the political situation was delivered last night by J. R. Robinson at a meeting of the Weston Liberal-Conservative Association, in the town hall. In the absence of the president, Mayor Dr. Charlton, the chair was taken by the vice-president, David Rowntree, jr.

Counsel Appointed-

E. F. B. Johnston, K.C., has been appointed as counsel in the Weston sewerage case, in which the engineers and contractors are being sued by the municipality for overpayments, said by Provincial Municipal Solicitor J. W. Sharpe, who conducted the ex-haustive investigation into the whole matter, to have been made. Mr. Johnston will act in conjunction with Wm. Douglas, the solicitor for the petitioners, on whose application the investigation was made, and he takes the place of H. H. Dewart, K.C., who has resigned the case on account of ill-health-
