and police were put on the case and
her description sent out.

Police Called In.

Yesterday morning the family re-
ceived a letter dated Hamilton, Sept.
10. It was stamped from Toronto at
10:30 Thursday night. The family could
not be sure whether it is Ethel's hand-
writing. They were suspicious of the
circumstances and have given instructions
that if she is seen she is to be
apprehended, and also whoever is with
her.The police are inclined to look on
the case as an elopement. The girl,
however, was very quiet and the
friends believe she may have been
duped by some man of the world.
Should the alleged husband be located
then the family intends to take
him before Magistrate Jelfs.The other daughter, Mary, is that
she knows nothing about the affair.Expert Advice.
In planning and planting trees,
shrubs, evergreens, perennial bor-
ders, an expert landscape man is quite
necessary. He will produce the best
and quickest effects at the minimum
cost. Though you may have but a
city or town lot, his services will save
you money and improve your home
surroundings. Write to our Land-
scape Department, Brown Bros. Co.,

IN MEMORIAM.

CURRIE—In memory of Jim.

Just one year ago today

Since our dear Jim passed away.

We don't know just how he fell.

He was too sore and weak to tell.

When nights are long and friends are
few.

Oh, dear Jim, how we miss you.

He had no time to say good-by.

But his chums were there to lift his
head.

And they all said: Oh, poor Jim is dead.

Brutal Assault

John Scott of 23 Elm St. May
Die as Result of Terrible
Beating Early
Today.John Scott, 23 Elm street, was
assaulted early this morning by
two men opposite the Elm street
Methodist Church. They came
upon him unawares, threw him to
the pavement, and, after maltreat-
ing him dreadfully, left him. His
family missed him after 12 o'clock
and went to look for him. They
found him in front of the church.
They immediately requisitioned a
police ambulance and had him
taken to St. Michael's Hospital.
It was said there early this morn-
ing that he had a severe fracture
of the skull, and that it was not
likely that he would survive.HON. S. HUGHES
BACK IN ENGLANDWill Attend Launching of H.M.
S. Audacious, First Dread-
nought Built on
Mersey.LONDON, Sept. 14.—(C.A.P.)—Col.
Sam Hughes, Major Robertson and
Col. Landry returned last night, having
shortened their visit to France to at-
tend the launching of H.M.S. Audacious
from Cammell's and Laird's shipbuild-
ing yard, Birkenhead, this afternoon.
The launching and naming ceremony
will be performed by the Countess of
Lynton.The Audacious, which is the first
Dreadnought, which has ever been
constructed on the Mersey, represents
the fourth armored cruiser of the 1910-
1911 program now in course of con-
struction. She is 555 feet in length
and 59 feet beam, displacing 23,000 tons,
while her armament consists of ten
15.5 inch guns and 14.4 inch anti-tor-
pedo craft guns. The turbines are of
21,000 horsepower and are designed
to produce a standard Dreadnought
battleship speed of 21 knots an hour.
The total cost, exclusive of the cost
of guns, is estimated at nearly six mil-
lion dollars.Colonel Hughes, referring to his visit
to France, said they attended the man-
oeuvres at the express invitation of the
French war department, and were given a
cordial reception by the French offi-
cers. "Yesterday we traveled right
along the fighting line, a distance of
some 200 kilometers. The sight was
magnificent. Splendid coordination
between the moving parts of the
forces seemed to be easily secured.
Each section knew what to do, and the
way to do it," he said.Colonel Hughes now finds it im-
possible to attend the German grand
manoeuvres next week, owing to his
clashing with the British manoeuvres
proper, which also begin Monday.
"I have had a hearty invitation to go,"
said Colonel Hughes, "but I can't be
in two places at once."FEW CANDIDATES
FOR PRIESTHOODLack of Educational Facilities
in Austria and Germany
Deplored at Eucharistic
Conference.VIENNA, Sept. 12.—(Can. Press.)—
Altho a heavy rain fell throughout almost
the entire day, there was a large at-
tendance upon the various meetings
of the Eucharistic Congress today.
Dr. Paul Pfeiffer of Vienna, in the
course of a discussion of homes for
theological students, deplored the
scarcity of candidates for the priest-
hood in Austria and Germany and the
inadequate provisions for training
candidates as compared with the ex-
cellent provisions made for the stu-
dents in the colleges of the United
States. Dr. Pfeiffer declared that the
unsatisfactory facilities for boarding
students in Vienna were largely respon-
sible for their small number and urged
the erection of students' homes on the
lines already contemplated by the Uni-
versity of Vienna.
Thousands of pilgrims are suffering
much discomfort on account of the
cold rains.

Sunday World Features

The magazine section of The Toronto Sunday World contains a
large number of special articles and the regular departments are kept
up to the usual standard of excellence. The first page is embellished
with a magnificent four-color drawing. Mr. Fred Hitchen Kemp deals
with the rejuvenation of the Englishman who comes to Canada past
the meridian of life and finds it hard to get along, with illustrations
by an 8-year-old girl. Mr. Kenneth Douglas deals with religious and
social problems. Mr. Stafford's column will be found unusually attrac-
tive. The song feature is the "Honolulu Rag."We resume this week the publication of embroidery patterns.
These patterns may be transferred to material by a simple process, and
will be found exceptionally valuable to the ladies.Are you reading Arnold Bennett's story, "Buried Alive"? The
Sunday World is offering prizes for the best condensations of the
story, as printed to date. "The Wall" writes a couple of columns of
comment on current events which will prove diverting, and his
"Harvest Hymn" is a neat bit of poetic writing.The other departments include Kit's column of comment, Neil
Brinkley's striking cartoon, a page devoted to events in the musical
world, reviews of new books and literary gossip. The news and
sporting sections will be found complete and up to the minute.PUBLIC HEALTH ASSOCIATION
