DUMP LUNATICS HERE DESPITE OFFICIAL EYE

Supt. of Immigration at Ottawa Finds Many Undesirables For Deportation.

The dumping of lunatics, degenerates, criminals and other undesirables on Canadian soil appears to be on the increase in spite of the vigilance of the government officials, whose duty it is to prevent their entrance.

Among the others who will be sent back to their homes are a girl who is serving an indefinite sentence in the Mercer; a man in the London Asylum, while the woman is in The Haven. Besides these there is another young woman who is confined in Toronto Asylum.

These cases have all been traced by W. D. Scott, superintendent of immigration at Ottawa, in his recent arrangements with the provincial department for their deportation.

NOT ON BOARD ALL NIGHT. Keel Barely Touched Bottom and Turbine Was Soon Off Ground.

The steamer Turbina took her trips again yesterday without any damage resulting from her floating aground in the Niagara River on Saturday.

There was a good crowd on board Saturday, and the public regard her with interest as a speedy and comfortable boat for the Niagara route, and the timetable being arranged so that she starts at Hamilton and makes two returns to Toronto to Lewiston, returning to Hamilton at night, is an innovation that is attracting much attention.

AN AGE OF REASON. The days of mystery have passed. There must be a reason for everything, and we demand to be shown the why and the wherefore.

Arthur Keele-Stewart-McAlpine Robt. of London, England, has brought suit against the Chatham, Wallaceburg and Lake Erie Railway to prevent them from laying their tracks and grading upon that part of Queen-street, in the City of Chatham, Ont., that is opposite to his lands.

To Set Aside a Sale. An action has been begun against William Cartmill of the Village of Stonyville for a declaration that they are trustees for the plaintiffs for certain lands in the Township of Coleman and for an injunction restraining the defendants from dealing with the property.

NO SETTLEMENT. In connection with the machinists' strike for the nine-hour day it has been reported by members of the union that the American-Abell Co. has offered terms of settlement. The company wishes it explicitly understood that no settlement whatever has been made at an advanced stage. The company absolutely refuses to consider the nine-hour day.
