Baseball in Flanders

Sporting Editor World: I am a corporal in the 1st Canadian Battalion, and as you probably know we are most of our time. Just now we nearly came to blows over baseball. We were told that whenever a pitcher can be taken out of the box, put in the field for an inning and then be put back into the box. In other words, can a pitcher be put in and taken out of the box at the pleasure of the manager as long as he is kept in the game. Your sincerely, No. 400066, J. B. Duncan, 1st Canadian Battalion, Grenada Station, France.

Answer: Yes, a pitcher may be moved to any position on the field and back again into the box.

DOING THEIR SHARE
FOR DEPENDENTS

Hon. T. W. McGarry Praises Generosity of Ontario Citizens.

CONFERENCE OPENS

Patriotic Fund Discusses Assistance of Soldiers' Families.

A three-day conference of the eastern branch organizations was opened yesterday afternoon in the Canadian Forester's Hall with Sir William Mulock in the chair. A communication was read from His Royal Highness the Duke of Connaught, regretting his inability to be present. He was glad, however, that Sir John Hendrie was able to favor the conference with his attendance.

A Judge Livingston of Simcoe said that the subjects of a practical nature, many of them matters on which the central committee desired an opinion. Sir John Hendrie stated that it was natural that when the Duke of Connaught's families would be looked after. He was not in favor of reducing the grant now. Leo Frankel said it would doubtless surprise many to know that there was a former subject of the Kaiser on the board. He was doing all he could for patriotic and Red Cross work.

DOING THEIR SHARE.

Hon. T. W. McGarry said that the citizens of the province were not only doing their share, but the government was also, and would continue until the end of the war.

Hon. Dr. Frye endorsed the statements of his colleagues, and said that while to some this was only beginning, all were willing to do their share until the end which he hoped and trusted would end as we expect.

This was no time to cavil, in fact, it was a time for competition to see who could do the most for the cause, continued the minister of education. He had an opportunity during the past year of seeing the results of Canadian money spent abroad and he did not believe that a dollar had been sent to either England or France that was not doing good work.

Sir Herbert Ames, hon. secretary of the Canadian Patriotic Fund, gave an address on the composition, status and work of the central executive.

To assist the central committee branches had been formed in various centres throughout Canada until now the whole Dominion with the exception of a portion of the Province of Quebec was well organized. Certain powers of the central committee were given over to these local organizations, but it was evident that they could not exceed the power of the committee. Two classes of people had to be satisfied, the men who had gone to the front, and the public, who supplied the money. It was necessary that the fund at all times understand public opinion.

Local organizations in some cases had organized and assumed responsibilities that the central body could not, and so difficulty was at first experienced in bringing them under the one organization.

P. H. Morris, assistant secretary of the Canadian Patriotic Fund, gave an address on the work of the head office.

DUNLOP TIRES
In towns and villages throughout Canada you will find bicycle riders who believe no other bicycle tire is made in this country but Dunlop. These riders want the time-proven, honest-all-through-the-years tire; and you can rest assured such riders are not misled by imitations of Dunlop.

Head Office and Factories: Toronto
Branches in Leading Cities

He told the conference of the 75,000 cards on file and of the great amount of work involved in listing promotions, changes, casualties and relief.

During the discussion the question was asked if the monthly reports of expenditure could not be recorded in a way that would lead to a fair comparison. The average per family is given out, and this varies from \$2 in Prince Edward Island to \$24 in Saskatchewan. It was pointed out that a preponderance of families without children reduced the average, and various other factors made the average truly comparative, and the suggestion was made that three additional columns be added to give the family statistics.

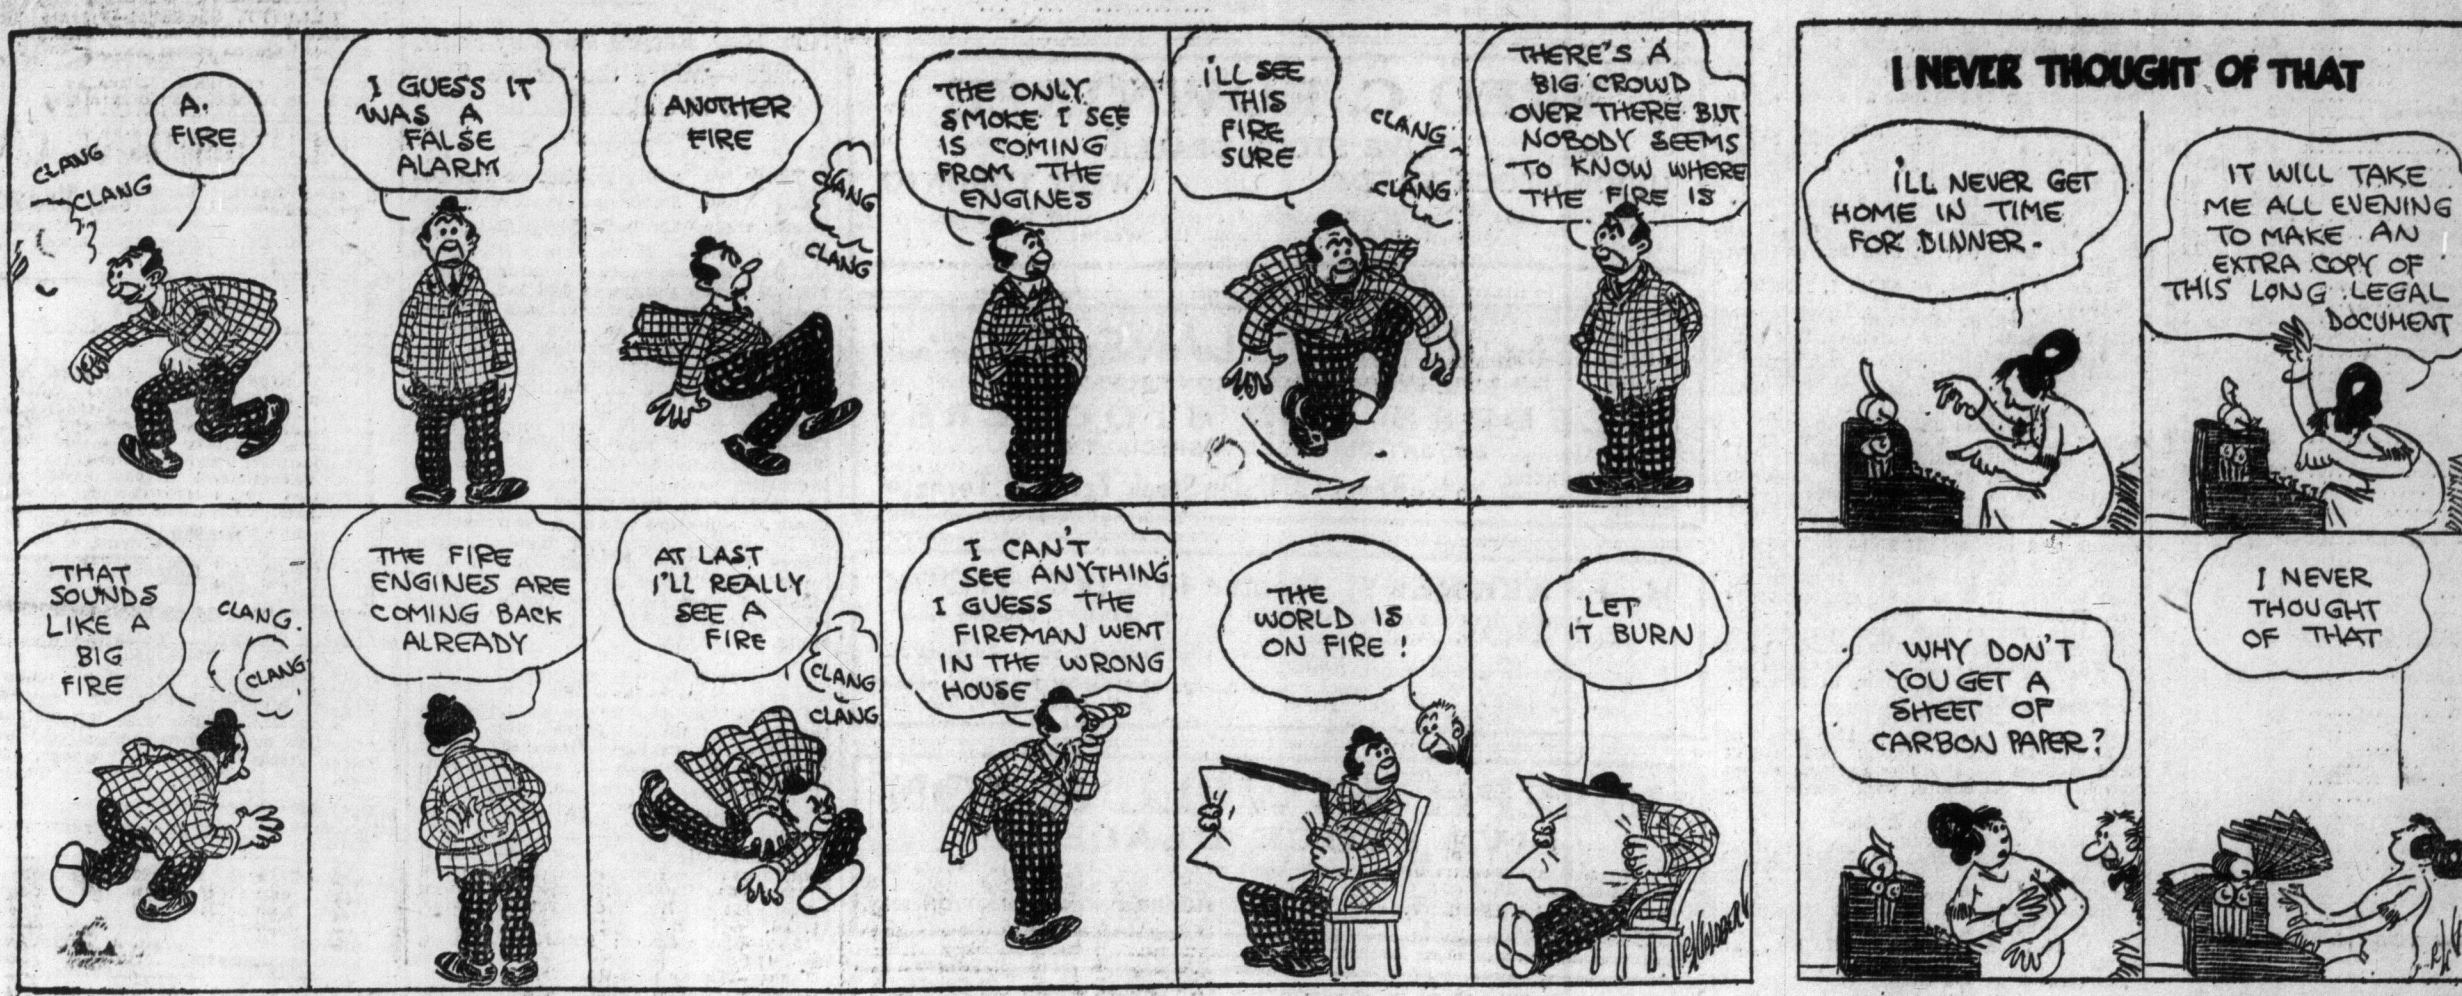

F. H. Dobbin of Peterboro branch gave an interesting paper on "Branch Organization." He said that a branch needed a strong campaign committee as well as a relief committee and an office system that would be simple and accurate, and the whole organization should be rather impersonal and free from "one man power."

Judge Livingston, president of the Welland County branch, told of the history of the organization in Welland, which is one of the strongest branches and which will raise this year over three dollars per capita.

DO YOU KNOW, PA, I DON'T BELIEVE DEAR CEDRIC EVER ENJOYED ANYTHING QUITE SO MUCH AS HE DOES LIVING OUT HERE IN THE COUNTRY!
HUMPH!
THE DEAR BOY IS PLANNING NOW TO MAKE A VEGETABLE GARDEN OUT OF THOSE TWO ACRES IN BACK OF THE HOUSE, AND HE WENT ALL THE WAY TO THE VILLAGE THIS MORNING TO BUY THESE OVERALLS.
HERE, PA TRY THEM ON.
HUH? FOR WHY SHOULD I TRY 'EM ON?
WHY—THOSE TWO ACRES WILL HAVE TO BE SPADED UP BEFORE CEDRIC CAN MAKE HIS GARDEN THERE, AND THE THOUGHTFUL BOY FIGURED THAT YOU MIGHT WANT TO PROTECT YOUR CLOTHES A BIT.
