FOR BEAUTIFYING AND PRESERVING

THE COMPLEXION,

Removing Tan, Sunburn, Freckles, and all Roughness of the Skin.

TO make good use of the powers of fascination conferred on woman, to charm by her beauty and manner, to clothe herself in becoming colors and tints and to exhibit her fascinating powers in numerous ways, is the desire of every lady of spirit. A lady without these desires sinks into insignificance and is soon forgotten, while the one with a beautiful, fascinating face is remembered long after she has faded away from the scenes of life, or gone from those she captivated by her charms.

HOW TO BE BEAUTIFUL, and consequently powerful, is a question of far greater importance to the female mind than who is or who is not Premier of Canada, or leader of the Opposition. If women are to govern, control, influence and retain the love of their husbands, lovers and admirers, they must not neglect the means that are placed before them for increasing or preserving their beauty. It is true all are not and cannot be beauties; but there are none so plain or homely that they cannot, by using the proper means, do something to enhance their beauty.

One of the most useful articles of the toilet is

PERSIAN BEAUTIFIER,

and any lady who has used it once and learned its value will never do without it. It imparts a youthful bloom and lively expression to the countenance; it softens the plainest features, and the roughest skin is made smooth and beautifully clear. It is just what the ladies require to remove Tan, Sunburn, Freckles, etc.; in fact it is the great secret of beauty, and very justly deserves the reputation it has sustained for years as being entirely free from anything poisonous or injurious to health or skin.

For sixteen years this celebrated medicine has been sold in Canada and it has now the largest sale of any medicine in the market.

Its popularity has not been attained by advertising but by genuine worth. The experience of those who have used it, fully demonstrates the skill of its composition and its superiority for all the purposes for which it is recommended.

There is no one that has used this wonderful pain conquering oil and tested its curative power but gives it the preference over all others, which accounts for its rapidly increasing sale.

It is constantly making new friends and never loses any of the old ones, which is ample proof that it is a medicine of rare and unparalleled value. Where is there another medicine that has for sixteen years withstood the impartial judgment of the people and increased in sale each year? Not one can be found.

IT DOES NOT merely allay pain and soreness to return again as most medicines do, but the efficacy of the ingredients from which it is made are so wonderfully penetrating that a proper use of it will most certainly remove all stiffness of the joints, lameness of the muscles, and pain arising from any cause, even in spinal disease, a chronic form of which baffles all treatment; a frequent use of Dr. Thomas' Eclectic
