KLONDYKE MEN LOSE FIRST GAME FOR THE STANLEY CUP.

Ottawa Put it All Over Dawson City Hockey Team, at the Capital, Last Night—Game Was a Rough One—The Local Intermediate League—With the Curlers.

HOCKEY.

Ottawa Wins First Game.

The Dawson City hockey team played the first game for the Stanley cup last night, and lost by a score of 9 to 2. There were about 2,500 people present including Earl and Countess Grey.

The effects of the long journey of the visitors was shown in their form for the Ottawa's gave evidence of better stamina and superior style of play.

For the first fifteen minutes Dawson had the call. Though a score was made against them and after ten minutes they had Ottawa on the defensive most of the time. After this the Dawson players' game steadily deteriorated and Ottawa scored.

The governor general faced the puck and Dawson started to make busy times for Ottawa.

The local goal keeper handled half a dozen shots from Kennedy, Smith, Watt, McLennan and Manny. Forester, Dawson's goal, blocked some hot ones neatly. In ten minutes McGee scored for Ottawa. Smith, of Ottawa, cut Watt, who retaliated with his fist and both went off. Smith came on and scored Ottawa's second goal. Moore smashed Smith of Dawson on the head and went off. Westwick scored Ottawa's third and McLennan netted Dawson's first goal just before half time.

In the second half Ottawa was going fast and Smith scored three goals in five minutes, Watt tripped Moore, who gave the Dawson man the stick across the mouth, putting him down. Watt skated across the rink and deliberately struck Moore over the head, putting him out for ten minutes. Both went off for 15 minutes. Johnson and Forester were ruled off and Ottawa scored two more.

When all the players were back on, Ottawa made one more and Kennedy scored Dawson's second and the last score of the game just before the whistle blew.

Forester in goal, Johnson at point and Hanny at cover-point, played best for Dawson. The forwards did not go down well together and were slow getting back to aid their defence.

The next game is Monday. Odds

are being given that Ottawa will win. The teams lined as follows:

Ottawa	Dawson
Goal	Finlay
Point	Allen
Allen	McGee
McGee	Westwick
Westwick	Smith
Smith	Right Wing
Right Wing	Smith
Smith	Left Wing
Left Wing	White
White	Referee—Harlow Stiles, Cornwall.

Local Intermediates.

The hockey games in the Queens rink last night were well contested. The four intermediate teams met, with the result, that the St. James defeated the Ramblers 2 to 1; while the Y. M. C. A. downed the Neptunes by a score 1 to 0.

The St. James and the Ramblers were the first to take the ice, and the former made an excellent showing. They were quicker on the puck than their opponents and more accurate in passing. The goals were registered for the winners by Dunlap and Murray and the losers' point was scored from a rebase in which Terry was figured prominently. The following were the sides:

Goal	Ramblers
Goal	Miller
Point	Thompson
Point	Howes
Centre	Murray
Centre	Dunlap
Wings	Charlton
Wings	Baxter
Referee	E. Mooney.

The second struggle, between the Y. M. C. A. and Neptunes, was productive of a very even game, neither side having much advantage in the play. Half way through the first half, Phillips scored with a clever shot for the Y. M. C. A., and although the Neptunes pressed hard the defence was too strong, the goal

keeping of Brown being particularly good.

Y. M. C. A.	Neptunes
Goal	Ellis
Point	Rising (Capt.)
Point	Inches
Centre	Heans
Centre	Clawson (Capt.)
Wings	Phillips
Wings	Gilmore
Referee	K. Inches.

Tonight's Game.

The Neptune hockey team left on the noon train for Moncton, where they will play the Victoria's of that city in the fourth game of the provincial league tonight. The teams will line up as follows:

Neptunes	Moncton
Goal	Carlsle
Point	Coombs
Point	Brown
Centre	Blizard
Centre	Townsend
Wings	McNeill
Wings	Hannay
Referee	McLennan

SKATING.

The Police Sports.

The police sports last evening were attended by a crowd that filled the Victoria rink to the doors. There was a long programme of events and they were successfully carried out without a hitch. All the races were exciting and interesting and although the entries in the open races were not entirely representative, some of the best skaters refusing to start on account of the stand taken by the P. M. A. A. yet those who did skate showed much speed and the time made was fast. The results were as follows:

220 yards—1st heat: Longley, 1st; Heans, 2nd; 22 1/2, 2nd heat: Willis, 1st; Whitehouse 2nd. Time 1:54. 3rd heat: Walsh, 1st; Belyea 2nd. Time 1:56. Final: Longley, 1st; Whitehouse, 2nd. Time 1:57.

Police men's snowshoe race—Crawford, 1st; Rankine, 2nd.

Small boys half mile—1st heat: L. Coleman, 1st; P. Donnelly, 2nd. Time 1:54. 2nd heat: Warren, 1st; Gibbons 2nd. Time 1:56. Final: Gibbons 1st, Coleman, 2nd. Time 1:57.

Junior boys half mile—1st heat: Hipwell, 1st; F. Boleston, 2nd. Time 1:48. 2nd heat: L. Coleman 1st, Nobles 2nd. Time 1:53. 3rd heat: Adams 1st, Patchell, 2nd. Time 2:00. Final: Hipwell, 1st; Wilson 2nd. Coleman 3rd. Time 1:43 3/4.

Police race, class I, half mile—Marshall 1st; Rankine, 2nd.

DR. A. W. CHASE'S CATARRH CURE 25c.

Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the sinuses, stops dripping in the throat, and permanently cures Catarrh and Hay Fever, Hoarseness, All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

the competition for the rink medal was continued, the play resulting as follows:

M. F. Mooney	J. L. Wright
Smeaton Wilson, John Ward, Walter Jewett, A. R. G. Wilson, J. M. Belyea, J. M. Wilson <td>skip.....13 skip.....10</td>	skip.....13 skip.....10

GOLF.

The Longest Drive.

New York, Jan. 13.—Local golf experts are discussing the question: "What is the longest possible drive with a golf ball?"

It is agreed here that Walter I. Travis made the longest drive. In the threesomes at the Garden City L. I. course, January 17, 1903, when the ground was frozen and clear of snow, Travis sent a ball from the tee at the eighth hole for a distance of 382 yards. The wind was favorable and the course is level for 300 yards, when it takes a gentle slope to the green. Travis used a rubber cored ball in this performance.

The best record drive made with a solid gutta percha ball is 341 yards 9 inches, made by the late Lieut. Tate, on the St. Andrew's, Scotland, links in 1895, when the ground was frozen. The carry alone for Tate's drive is estimated to have been close to 250 yards.

Drives of 305 yards by B. P. McKinnis, at St. Louis, 303 by Herbert J. Tweedie, at Belmont, Chicago and 304 by H. Chandler Egan, at Onwentsia, Lake Forest, Ill., have been made under normal conditions.

In the olden days, when the "feather" ball was in vogue, Samuel Men-sieus, who played at St. Andrew's in 1830, is said to have driven a ball 380 yards, but this feat has not been sufficiently authenticated to allow its admission into strict golf annals.

ATHLETIC.

Spalding's Almanac.

Spalding's Official Athletic Almanac, published today, contains the first complete official report of the great Olympic Games of 1904, embracing every event held from May to November. As the Almanac is edited by James E. Sullivan, who was Chief of the Physical Culture Department of the St. Louis Exposition and Director of the Olympic list of all the Olympic champions, and many scenes of events at the Olympic Games, in addition to the pictures of events and contestants taken in other parts of the country. Full page pictures are also included of leading officials of the Olympic Games, comprising President Theodore Roosevelt, who was Honorary President of the Olympic Games; David R. Francis, President; F. J. V. Skiff, Director of Exhibits; A. L. Shapleigh, Chairman of Committee; Joseph B. Mac-

WRESTLING.

Catch-As-Catch-Can.

Montreal, Jan. 13.—Frank Gotch tonight at Sonoma Park before a crowd of three thousand people, demonstrated his superiority over Yankee Rogers, defeating him in two straight falls. Catch as catch can, the first in 34-40 and the second in 19-14. Gotch had the best of it all through and gave Rogers a cruel grueling.

THE RING.

Goodman Won.

Chelsea, Mass., Jan. 13.—"Kid" Goodman of Boston won a decision over Chester Goodwin of Chelsea in the last round of a 15 round bout before the Douglas Athletic Club last night.

Are All Women Pretty?

Quite an unnecessary question, because so many women have such poor complexions. We want to tell all women with pale sallow cheeks about Ferrone, which quickly imparts fine color and gives the skin a clear, rich appearance. It's pure blood that makes fine complexions, so by producing lots of vitalizing blood, building up the debilitated system, increasing the circulation Ferrone quickly brings the glow of health to faded cheeks. It's no trouble at all to beautify your looks—simply use Ferrone. Try it. Price 50c. at druggists.

Bloodstained exhibits, including the clothing worn by the woman and the defendant on the day that Mabel Page was murdered, and the knife with which the prosecution claims the killing was done, figured yesterday in the trial of Charles L. Tucker, accused of the crime at Cambridge, Mass. Prof. E. S. Wood, of Harvard University, an expert blood analyst, was the principal witness.

President of the A. A. U., and others.

This year's issue is dedicated to Hon. Theodore Roosevelt, who acted as Honorary President of the Olympic Games, and is the largest number ever published, containing 220 pages, and forming a complete encyclopedia of the world's amateur sport.

FENCING.

Champion of the World.

Lucien Mergnais, of Paris, champion fencing master of the world, arrived in New York last week, to engage in bouts with the best fencers in America and Cuba. He has vanquished international champions at Budapest in 1896, at Padua in 1897, at Dunkirk in 1899 and at the Paris exhibition in 1900, at which time he won the title of world's champion. He is the first director of fencing of the Buenos Ayres Jockey Club in Argentina. It is his intention to visit the principal cities in the United States, M. Mergnais is tall, dark and graceful in carriage. He looks to be between 30 and 40 years of age.

HEALTHY OLD AGE

There is No Reason Why People of Three Score Years and Ten Can Be Active, Bright and Healthy. Nature's Way of Making Old People Well.

In old people, no matter how healthy and individual may otherwise be, there is often a tendency to coldness of the extremities, sluggishness of the circulation, torpidity of the liver and constipation. This tendency is really a condition, and one of the many accompaniments of old age and not a disease. If there is any remedy more peculiarly adapted for this condition than another, that remedy is Smith's Pineapple and Bittern Pills. They impart energy to the whole system, invigorate the circulation, increase the flow of digestive juices, thus improving the stomach, action and nutrition. They quickly relieve all unpleasant symptoms usually experienced by old people, rendering the complexion rosy, the features firm, the hair lustrous, the eyes bright, the whole system in a healthy and vigorous condition. They are not only in advanced age, but also in people of all ages. They prevent premature wrinkles, give a healthy glow to the skin, and under their auspicious and blood cleansing influence the complexion retains its freshness. While sallowmess, permanently disappears. Hundreds of grateful old ladies in their letters write: "Your pills make me look and feel ten years younger." Smith's Pineapple and Bittern Pills always make old age comfortable, and promote digestion and nutrition by their specific action on the stomach, liver and bowels. They always cure sick headaches, constipation and biliousness in one night. Be sure to get all dealers.

LONDONERS

LIKE EVANS

And Hope He Will Not Return to United States.

London, Jan. 13.—Commenting on the reported retirement of Consul-general Evans, the Standard to-day says:—

"The reported return to America of the Hon. H. Clay Evans, American Consul-general in London, has been received with general regret. General Evans as he is affectionately termed by his many English and American friends, assumed the duties of Consul-general in June, 1902, and since that date has achieved more for the country he represents than has been accomplished by many an ambassador. No more typical American ever came to London in an official capacity. Yet Mr. Evans has constantly proved himself in genuine sympathy with British aspirations. It is to be hoped that the report of his resignation being accepted by President Roosevelt will prove premature."

ROSY CHEEKS.

Rich blood, rosy cheeks, perfect health follow in the wake of "SWISS FOOD" for breakfast. Y. McIntosh & Son, Millers, Toronto.
