NEW YORK MAN SOLD EIGHTEEN
OUNCES OF HIS BLOOD FOR \$10

Then He Amazed the Doctors Who Had Transfused it by
Walking Out of the Hospital—He "Needed the Money"

(N. Y. American.)
Handicapped physically by the fact that for days he had been slowly away in a freight car and had suffered from acute hunger, on a trip from Baltimore, his name, Benjamin P. Hill, in the Presbyterian Hospital yesterday, gave an exhibition of staminal which astounded the surgeons.
"Broke," as he termed it, the young fellow gave for just \$10, approximately eighteen ounces of his blood to be infused into the veins of a dying patient. It was told, optimistically, that perhaps in four days after the vital fluid had been extracted, he would be able to walk and return to his present lodgings in the Mills Hotel.
For a little more than one hour young Hill lay still on his back on the operating table. Then, with an exclamation of surprise, he sprang up, and, practically giving medical theories a slip in the face and ignoring the protest of the doctors, walked out.
He did not stagger. His eyes were clear. The only evidence that he risked his life for \$10 to infuse life into the veins of a man whom he did not know—a man who had more money than he was a beggar—was the faint smile on his face as he walked out.
As Hill took his steps in the little operating room after the tube connecting his artery with an artery of the right arm of the patient had been disconnected, the patient turned and made some incoherent remark. Hill looked at the form on the second table and saw a man thrust toward him. He grasped it and pressed it, warmly though silently.
Then Hill walked to a Madison avenue car at Seventy-first street and rode downtown.

where he met a friend. Although the operation occurred at 1 o'clock and Hill lay in the hospital until 1.30, he went about with his friend until 11 p.m.
Dr. James A. Condon was in charge of the operation. Last night after the manner of surgeons who wish to powder statements before they read them, he made no comment on the remarkable feat displayed by Hill.
Hill's home is at No. 323 Holland avenue, Baltimore. He has been at the Mills Hotel two days. With others at the hotel he was informed yesterday morning that he could earn \$10 by surrendering a small percentage of his blood.
There were at least twenty up there in the hall, all of them willing to do almost anything except commit a crime," he said, "for \$10. I was next to the last in line. Some looked husky, like longshoremen and truck drivers, some pale, and I was weak. I say about seventeen of the men turned away by the doctor—I don't know his name—placed some instrument in my blood and, in many cases unprecedented, demonstrated the fact that the blood was everywhere have had a sobering effect on the Conservatives, and they are boasting less than before.
The Liberals are nominating fine candidates and the choice is Kingdon, and the selection of MacKenzie King in North Waterloo have made those ridges practically safe.
Borden's tour has also afforded a fine opportunity for the Liberals to crow, for in all sincerity his meetings have not attracted those held by Laurier, in size or enthusiasm.
Fielding got a fine reception at Windsor last night. At the time of his visit to that city, he was one of the last held in that part of the country, and the minister made a very effective speech.
Sept. 29.—(Special.)—The leader of the opposition was looking forward to today as affording a chance for him to rest, but the news of Borden's tour, Mr. Borden has addressed twenty-six meetings, many of which have been held in the open air, and the strain is beginning to tell on his voice.
The main gathering of the literary world was to tonight's meeting. Mr. Borden found himself literally overwhelmed from place to place in the hope that his appearance might bring revenue to the Conservative ranks and he made no less than four speeches.
The Conservative leader drove from Gat to Preston last night and accompanied by Hon. W. J. Hanna, traveled by special car to Berlin, where a non-partisan reception was extended to him at the Berlin club, and he afterwards visited St. Jerome's College.
In North Waterloo, the Conservatives hope that the fact that their candidate has long been occupied with educational work in the riding will outweigh the age of W. V. MacKenzie King, but with the exception of a few enthusiastic partisans, the election of the brilliant ex-deputy minister of labor is generally anticipated.
The party was joined by J. Seagram, ex-M.P., and R. Reid, Conservative candidate for North Waterloo, and then motorized to Waterloo, where a meeting was held in the town hall. From thence, Mr. Borden traveled to Hespeler, where Z. Borden presided over a rush meeting arranged by telephone. Necessarily, the speeches at all these places were very short. Mr. Borden, as might be expected, where the manufacturers' interests are large through out, dealt chiefly with the question of protection.
At Hespeler, in reply to a statement by Z. Hall to the effect that what Canada wanted was more adequate protection, Mr. Borden said that the Conservatives had been preaching adequate protection in the house of commons for years, but so long as things had gone along swimmingly, the people had not paid much attention. His party had not got one policy for one part of the country and another in a different section, whereas the Liberals preached free trade in one place and protection in another.
Toronto, Sept. 29.—(Special.)—Hon. W. J. Fielding, minister of finance, addressed an audience numbering 2,500 people at a Windsor tonight and received an ovation. The minister spoke in the interests of Hon. R. F. Sutherland, speaker of the house.

GREAT ENTHUSIASM SHOWN AT THE PREMIER'S MEETINGS

His Successful Tour of Ontario Seems an Augury of Liberal
Victory—Mr. Fielding Gets Great Reception at Windsor.

Toronto, Sept. 29.—The Laurier speeches in Ontario have given the situation a new aspect. The party is confident and in the fighting front. So far as meetings go, there is little going on today except the Borden meeting in Waterloo County. Sir Wilfrid returned to Ottawa yesterday. The chief topic of interest is the change in affairs resulting from his Ontario tour. Before that the Conservatives were full of brag as to the sweep they were going to make in Ontario, but the magnificent and in many cases unprecedented, demonstrations given to the Liberal leader everywhere have had a sobering effect on the Conservatives, and they are boasting less than before.
The Liberals are nominating fine candidates and the choice is Kingdon, and the selection of MacKenzie King in North Waterloo have made those ridges practically safe.

house, and the meeting was one of the finest in point of intelligent interest held in Ontario during the present campaign.
The two candidates in Essex, Hon. R. P. Sutherland and A. H. Clarke, were so enthusiastically welcomed, as to show that Liberalism here is very much alive. Both of them largely confined their utterances to local issues which play so important a part in the fight, and their pleadings found immense favor.
Large delegations came from all the surrounding towns, some of them carrying banners displaying their loyalty to the party cause. Before the meeting the Liberal clubs marched from the committee rooms to the arena and frequently demonstrated in chorus, all going to show that the electors were pleased with the conduct of affairs by the Laurier government. The finance minister dealt effectively with the question of the public debt. The Conservatives for every year they had been in power had added on an average of \$5,000,000 a year to the net debt of Canada. The average of the Liberals had added annually was \$1,600,000.
"We admit we have spent money liberally and generally but we have done it for a good purpose. In twelve years the Conservative government had spent \$94,000,000 on capital account while the Liberals spent \$18,000,000. Yes, it is true, the Conservatives had added \$78,000,000 to the public debt, while the Liberals had added \$18,000,000 to the debt.
"Mr. Fielding went at some length into the sources of expenditure, telling of post offices and wharves and least said, out of defence to him, and as to prevent the possibility of any unpleasantness, omitted the customary toast to the King.

KEIR HARDIE SHOCKS LOYAL PEOPLE OF HALIFAX

He Refused to Rise When "God Save the King" Was Sung at a Concert.

Halifax, N. S., Sept. 27.—J. Keir Hardie, socialist member of the British Parliament, who has been in Halifax for a few days, shocked the loyal sensibilities of the people of this garrison city Friday night when, at the close of a Scottish concert, he kept his seat while "God Save the King" was sung by the performers and audience.
Immediately on the first note the audience rose to its feet. People here never think of doing anything else, but Keir Hardie was conspicuous by sitting still through the singing. Only when it was over did he rise.
Last night a big banquet was given at which Keir Hardie was one of the chief guests. He committed no fault in the least, but, out of deference to him, and as to prevent the possibility of any unpleasantness, omitted the customary toast to the King.
Mr. Hardie today visited the coal miners of Cape Breton.

VETERANS ARE GRATEFUL TO THE GENEROUS GOVERNMENT

Resolution of Thanks Passed at Ottawa by the Men Who
Fought in South Africa—Anglican Chaplains to Look After
Immigrants of Their Own Faith—Big Liberal Rally.

Ottawa, Sept. 29.—A plan for having Anglican chaplains co-operate with the regular post chaplains at Quebec, Halifax and St. John was put forward by the upper house of the general synod today.
The chaplains will be attached to the missionary society of the church by which they will be paid. In the summer they will devote their attention to Quebec and in the winter to the other two ports. It is proposed that they receive immigrants in connection with the church, the formation of which will be considered by the synod.
The proposals of the bishop will be considered by the lower house as the concurrence of the latter in the scheme has been asked.

Ottawa will send a large contingent of Liberals to Russell village on Thursday when a monster rally will be addressed there by Sir Wilfrid Laurier, Hon. Charles Murphy, new secretary of state, Hon. George P. Graham, and other leaders in the federal arena.
At a meeting of the South African Veterans' Association a vote of thanks to the Dominion government and parliament for its generosity was passed unanimously. The president, Major Winter, reported that the special committee appointed by the association had a very satisfactory interview with W. W. Cory, deputy minister of interior, in connection with the interpretation of certain clauses in the volunteers' bounty act in regard to which there was some uncertainty among the local veterans. A generous interpretation will be given in all cases.

THEODORE JR. GOES TO WORK

President's Son Holding Down
a Job in the Office of the
Hartford Carpet Company.

Hartford, Sept. 30.—When Theodore Roosevelt, Jr., went to work on Monday for the Hartford carpet company, which is the Carpet Trust, he entered the employ of a concern that carries 2,500 men and women employees ten and one-half hours a day.
The advent of the son of the president was awaited with great interest by the workmen, who were anxious to see what he would do in the office, where he will go into the wool washing, bleaching and spinning departments.
The carpet plant is at Thompsonville, a town of 10,000 people, and is owned by the Hartford Carpet Company, which is a subsidiary of the Hartford Carpet Company, which is a subsidiary of the Hartford Carpet Company.
Theodore Roosevelt, Jr., is a handsome fellow, goes to the school, was committed in a boarding house last February. Nicolai had a quarrel with a fellow Italian named Delucca and stabbed the latter through the heart.
There is no previous record instance when two prisoners have been condemned in a Montreal court to die on the same bench. When the sentence of death was translated to Nicolai he replied "I just wanted to have time to write to my parents in Italy."

BOTH TO HANG THE SAME DAY

Vitro Nicolai and Crooked Neck
Smith Will Hang in Montreal
on November 27.

Montreal, Sept. 29.—For the second within a week, the death sentence has been pronounced in the court of King Bench here. Today Judge Tremblay condemned Vitro Nicolai, a young Italian latter than twenty-one years of age, to die on the scaffold on November 27, the same day on which the same sentence will be carried out on "Crooked Neck" Smith the murderer of a fellow-pickpocket in an opium den.
The crime for which Nicolai, who is a handsome fellow, goes to the school, was committed in a boarding house last February. Nicolai had a quarrel with a fellow Italian named Delucca and stabbed the latter through the heart.

ANOTHER BOY THE VICTIM OF AN ACCIDENT

Stanley Turner of Cumberland
Settlement Shot to Death—
Gun Fell and Exploded.

Woodstock, N.B., Sept. 29.—A fatal shooting accident occurred at North New bridge in the parish of Northumberland, near town, yesterday afternoon. Stanley Turner, aged seventeen years, son of John Turner, of Campbell Settlement, York Co., had been visiting his sister, Mrs. Stephen Clarke, and in company with Harold McCarty, son of Owen McCarty, of South Newbridge, he went hunting.
Young McCarty went up a tree to pick gun and left Turner standing below. The gun was resting on a stump and in some manner slipped off, causing the discharge of the weapon. The charge entered Turner's stomach and came out at the shoulder. His father was summoned and after telling how the accident happened, the injured lad died. His mother is dead. Jas. Turner is a brother of the deceased. The funeral will be held tomorrow from the residence of his sister, Mrs. Clark, and interment made in the Northampton cemetery.

WHITNEY CLARK IS VERY MUCH ALIVE

West Side Man Supposed to
Have Been Murdered Was
in Montreal on Sunday.

Whitney Clark, of Carleton, who was reported to have been murdered in a west side couple of weeks ago is very much alive. The story is cleared up in a letter received from Montreal yesterday which is told that Mr. Clark was in that city on Sunday last and was to leave there that evening for Kinniskillen (N. B.). He arrived in Montreal on Sunday from Winnipeg where he had gone on the harvesters' excursion last month.
When asked by a friend about the report that he had been killed, Mr. Clark said that on the harvesters' train westward bound were a number of Italians, including three women. A young Scot named Clark, who had been drinking, he said, had become mixed up with some of the Italians over money and had wounded two of the Italians who interfered.
When he left the train he was followed by one of the Italians and the latter's wife and the woman shot and killed Clark in a field. The body was found some days afterwards by a farmer.
Mr. Clark believes the story which reached St. John had him mixed up with the other Clark. He also reports that John Gallagher, of Carleton, was robbed of money and a gold watch and dress suit case of clothes on the way west.
Speaking of conditions in the west, Mr. Clark said work could not be had in Winnipeg, even for nothing but board and lodging. The small towns, he said, were crowded and in Edmonton men were walking the streets idle and hungry.

INCREASED PAY FOR ELECTION OFFICERS

Ottawa, Sept. 26.—A meeting of the Cabinet Council, attended by the four ministers now in the capital, Hon. Messrs. Aylesworth, Lemieux, Fisher and Scott, was held yesterday afternoon and all affairs of departmental business were cleared up.
A new civil service classification and scale of salaries for light-house keepers were adopted. The new schedule will have the effect of slightly raising the salaries now in force and will generally better the conditions of the men who have hitherto as a rule been paid comparatively inadequate salaries.
Several amendments were made to the existing schedule of salaries and allowances of returning officers, constables, and other officials connected with the carrying out of the provisions of the election act. Secretary of State, Hon. R. W. Scott has found that owing to the small amount now authorized for the payment of individual election officials there have been many refusals to accept the positions offered. Accordingly the pay of election constables has been raised from \$1 to \$1.50 per day and a traveling allowance of eight cents per mile has been authorized. In the case of returning officers remuneration has been fixed at \$40 in cases where no poll is demanded, and a minimum of \$60 where vote is taken. In cases where the number of polls is over 30, an allowance of \$2 per poll is made to the returning officer.
The Borden Club held a meeting last evening in their rooms, Sears building. Norman P. McLeod was in the chair. Several committees were appointed. The annual meeting will be held on Friday evening next at 7 o'clock. Speeches were delivered last night by the president, J. W. Richardson, of St. Stephen, who is the provincial Conservative organizer, and J. M. Price.
One of the shingle machines in Murray & Gregory's mill started work yesterday with non-union men employed.
