## CANADIAN NEWS

### Fight to Finish in Montreal

Moncton Notes—Trainmen and Railways Draw Nearer

Montreal, July 5.—A fight to a finish was decided upon by the master builders of the city at a meeting held by a number of the leading contractors today to consider the situation caused by the sudden

strike of the bricklayers and stone-masons. Montreal, July 5.—No conclusion of the dispute between the trainmen and conductors of the Canadian Pacific and the company was reached today, as had been hoped. This is not because any further disagreement had been encountered, but because the mass of details for settlement of the various schedules and arrangements proved too large to handle.

It is stated that the conferences may last a couple of days yet before the whole matter is concluded. The Canadian Pacific, it is stated, has been very fair in its attitude, and on behalf of the congregation presented him with a purse of gold, accompanied by an address. W. A. Trenholm, recording steward, read the address and Mr. Strothard made a feeling reply.

The N. B. Dental Society will meet in annual session here next Tuesday and Wednesday and the local dentists have on the programme for the entertainment of the visiting dentists an automobile trip to the oil and gas wells in Albert county.

Frederickton, July 5.—At this afternoon's session of the York county council it was decided that a modern system of electric lighting should be installed in the county hall to replace the antiquated kerosene oil lamps now in use.

Vancouver, B. C., July 5.—(Special.)—Moncton's action against Charles H. May and the Grand Trunk Town & Development Company has been dismissed here by Chief Justice Hunter. The court was to compel the specific performance of an agreement to sell Prince Rupert town lots at a certain price. The plaintiff may appeal to the privy council.

Toronto, July 5.—(Special.)—Fire at Amherst today destroyed 6,000,000 feet of lumber in Gilles Bros.' yards. The loss is estimated at \$100,000.

Halifax, N. S., July 5.—(Special.)—Dr. Howard L. Bronson, assistant professor of physics in McGill University, has been appointed to the chair of physics in Dalhousie University, vacated by the resignation of Dr. McKenney. Dr. Bronson is a graduate of Yale, graduating in arts in 1900, and taking doctor of philosophy in 1904.

Hopewell Hill, July 5.—Summons have been issued for twenty-one witnesses for the preliminary examination of Thomas Connolly, who is charged with the murder of James A. Power, which opens at the sheriff's court on Thursday afternoon at 1 o'clock, before Stipendiary Magistrate E. E. Peck. The hearing will probably last three days. The prisoner is to be defended by Geo. W. Fowler, of Sussex, and E. A. Reilly, of Moncton. A. W. Bray, clerk of the peace, with associate counsel, not yet selected, will represent the crown.

"I use Dr. Miles' Anti-Pain Pills for Neuralgia, La Grippe and all pains. I don't intend to be without them, for I find ready relief in them for everything I use them for."

MRS. L. F. MILLER, 120 W. 6th St., New York, N. Y.

"In Pain Pills Dr. Miles' Antacid, Colic and other pains, and always give relief at once."

Price 25c. at your druggist. He should supply you. If not, send 50c. to us, we will send you a box of DR. MILES' MEDICAL PILLS.

## MOTHER AND STEPMOTHER IN BATTLE FOR THIS BOY

New York, July 5.—In the controversy for the possession of Dean McLaughlin, the eight-year-old son of a Brooklyn real estate broker, who was taken from the summer home of his father near Albany, by his mother, Mrs. Henry P. Holt, of Brooklyn, mother love is battling with an affection for the child in the heart of his stepmother.

The stepmother, Mrs. Lenora Jackson McLaughlin, who became the wife of the real estate man after he had been divorced by the boy's mother, has declared that she is restoring the boy to her care. At the present time the boy is in the possession of Mrs. Holt at the home of her sister, Mrs. Blanche Payne, in Ardsley, N. Y.

Mrs. McLaughlin is at her husband's summer home, having gone there after consulting with an attorney regarding legal steps to be taken. She said she does not intend to follow the method adopted by Mrs. Holt to regain her son. Mrs. McLaughlin has no children, and she would delight in the heart of eight-year-old boy.

It is the contention of the woman who is now in the possession of the boy that she is restoring him to her care. At the present time the boy is in the possession of Mrs. Holt at the home of her sister, Mrs. Blanche Payne, in Ardsley, N. Y.

## MISS PETERS REPORTS ON PLAYGROUNDS

Tells Women's Council in Session in Halifax How Work Has Taken Hold and What is to Be Done

The following is the report on playgrounds submitted by Miss Mabel Peters at the meeting of the National Council of Women in session in Halifax:

National Playground Report For 1910.

The playground report of 1910 requires very different treatment than when the playground committee was first appointed in 1902. At that time there was no playground association of America, and only a few cities of the United States had playgrounds. Nothing had been done in Canada as regards equipped or supervised playgrounds.

It is not necessary in this report to go into detail as to equipment or games as was formerly necessary for education. Any playground now knows what is required. The work of the playground is to provide sports and many features of recreation school work.

Recognized as No Fad

Scouting remarks, such as, "How absurd teaching children to play," "Bump, bump, bump," etc., are now never heard rather do we hear, "where and how can we find space for playgrounds for the children we must have, and with public health in connection." None so brave in these days to assert that the spirit of the playground is only a vision, or supervised play a fad.

We are agreed that the philosophy of play and its application are the solution of the juvenile crime problem, the cure in a large measure, of tuberculosis of the young. We are agreed that for civil righteousness, recreation of child, youth and adult is not only desirable but imperative.

It is not necessary longer to assert the economic and social value of the playground, the need of a playground, the need of a playground association. All this is now a part of the general public in this country is unwilling to trust the future of the playground ideal to charity or spasmodic efforts.

It was once considered sufficient to give children a free school education, and then it was thought they could look after themselves. But that has been proved incorrect, for as a result of such education, the children of the future are now being born, the slogan of all cities alive to the needs of child life is, "Give your child a fair deal," and this cannot be done without ample play space under supervision.

The play congress held in Rochester, N. Y., from June 7 to the 11th, attests to the great progress the playground movement has made in the last ten years. Canada can well look abroad for encouragement in this regard.

Chicago has spent a million to equip its playgrounds, which is the same amount that Halifax county voted a year ago. Similar concessions are to be expected from other countries through Halifax county. The County of Pictou has granted a free right of way and \$12,000 bonus, which is the same amount that Halifax county voted a year ago.

## The Evening Chit-Chat

By RUTH CAMERON

HERE is a certain form of selfishness or thoughtlessness—the two are pretty often synonymous, I think—that irritates me more every time I run up against it.

It is the selfishness of the woman—less frequently the man—of leisure, who manages her affairs so as to travel on the trolleys at rush hours.

I think such a person has absolutely no right to a seat or to consideration of any kind.

It makes my blood boil when I see a woman, who, by her general appearance, I am very sure has been on a pleasure or shopping excursion, get on a crowded car at the rush hour and accept a seat from a man who has evidently been working all day, and who, according to my way of thinking, has twice the right she has to that seat.

Another street car offender that I have no use for is the woman of either the working or the leisure class who always goes and stands ostentatiously in front of whatever unless dare to be seated while she is standing.

Receiving a seat under these conditions seems to me like receiving a gift or an invitation after many hints. Myself, I would rather stand all night than get a seat that way.

Whether it is too conspicuous for a young girl to rise and give her seat to an elderly man or woman while men are sitting, is a question of street car ethics that I have occasionally heard discussed.

It seems to me that if the men have been given a chance to rise and have not availed themselves of it, it is quite the kindest and proper thing for a young girl to offer her seat to an elderly woman. I don't quite like to see her do it for a man, though, because I have an idea that the mental discomfort he undergoes in realizing that he has left the point where he needs to accept a thing from a woman, often counterbalances the physical comfort he gets from the seat.

In the same way I am very chary how I offer my seat to a woman not much older than I am. I think she is quite as apt to resent the inference the action conveys as to be pleased by it.

I shall never forget my own feelings on a similar experience some years ago. I had been under terrific mental and physical strain and probably looked twenty years my age, but I could not help instinctively resenting it when I was sharply reminded of the fact by a girl hardly younger than I was who insisted on my taking her seat.

And if you are ever puzzled by a question of street car ethics I fancy just the best test to put it to, is the supreme test of the golden rule.

For I have an idea that politeness in street cars is essentially what it is everywhere else.

—To do and say  
The kindest thing in the kindest way.

## Daily Hints for the Cook

AT OATMEAL ECONOMY.

If you have oatmeal left in your cooker after breakfast, or on the table, don't throw it away. Don't scrape it out of the cooker. Put it all together in the boiler and cover it with water. The next day pour off the water, chop it with a spoon, add hot water and salt and cook it. It is better for long cooking. If you need a larger ration, remove the left over meal, cook a little new and stir the left over right in.

LOBSTER SALAD DRESSING.

Four tablespoons of vinegar, two tablespoons of flour, one tablespoon of sugar, two tablespoons of butter, one tablespoon of salt, one teaspoon of mustard, one-quarter teaspoon of pepper, one teaspoon of celery salt, two eggs. Beat all together, and pour into the hot vinegar to thicken. Take from fire, and when cold add one-half cup of milk or cream and the juice of a lemon.

STUFFED DATES.

Stuffed dates are being served at many tables in place of salted nuts. The dates are stoned and stuffed with freshly roasted peanuts or chopped English walnuts. Press the two sides of the opening together, roll in confectioner's sugar, and serve in cut glass dishes. They are great favorites.

ITALIAN FROZEN CREAM.

Mix one quart cream with two cups sugar until stiff and half freeze the mixture; add then the grated peel of one of the juice of two lemons, two tablespoons fine brandy and a little pistachio coloring. Freeze till hard and serve with sponge drops and macaroons.

TOMATO CONSOMME.

To a quart of tomatoes add a quart of consomme stock, one bay leaf, one clove, a teaspoon of chopped onion and a blade of mace. Cook one-half hour and clarify with the white and shell of two eggs. Add salt and pepper. This will be a clear, deep red liquid.

WEDDINGS

Newton-Dalell.

A very quiet wedding took place at the residence of LeBaron Vaughan, Guilford street, West End, last night, when Miss Minnie I. Dalell was united in marriage to Clarence Alcott Newton, of the firm of Newton Bros., Grand Manan. The bride looked charming in a gown of white net over silk. The wedding presents were numerous and handsome.</
