Former Reaches Another New High for Net Gain of Six Points

### WALL ST. PRICES IN NARROW MOVEMENT

Main Trend Again Upward; Oil Slow to Respond to Advance

Canadian Press  
MONTREAL, Feb. 2.—A further display of strength and activity by Brazilian Traction and Consolidated Smelters featured the opening of trad-

ing on the Montreal Stock Exchange this morning. The former came out with an overnight gain of 1/4 at 92 1/2, while the latter sold up to the new high level of 218 1/2, for a net gain of six points.

Of the balance of the market, Canadian Car common responded to rumors on the street that the company had secured a \$2,000,000 order and advanced 1 1/2 points at 47. The preferred was up 1/2 at 55.

#### IN WALL STREET

NEW YORK, Feb. 2.—Stock prices moved in a rather narrow and irregular limit at the opening of today's market, but the main tendency was again upward. Initial gains of a point or more were recorded by American Woolen, Dupont and Gold Dust, the last named touching a new record high. Oils were slow in responding to the announcement of higher crude oil and gasoline prices.
