Hon. J. A. Murray To Direct Natural Resources Development

Will Organize to Attract Industries to N. B. and Place New Settlers

With the idea of carrying on definite and comprehensive scheme of development of the natural resources of New Brunswick, attracting new industries to the province, and arranging for the accommodation and place-ment of new settlers on the land, Hon. James A. Murray, of Sussex, a former Premier of New Brunswick will receive an appointment soon at the hands of the Provincial Government. This was confirmed last evening by Premier J. B. M. Baxter, who said that the official announcement of the appoint ment would be made at a later date,

PREMIER'S TRIBUTE.

It was a part he said, of the develop-ment policy of the provinical govern-ment, and Hon. Mr. Murray had been selected on account of his great know ledge of the affiairs of the province, his extensive business experience, his faculty of organization, and his ability as a speaker and writer. Dr. Baxter expressed the opinion that there were few men better equipped than Hon. Mr. Murray for carrying on negotiations, both in person and otherwise with those with whom his position would bring him in contact.

It is understood that arrangements are being made to have Hon. Mr. Murray's office in the Bank of Nova Scotia building, Saint John.

Hon. James A. Murray was Premier
