**NEW OFFICIALS
NAMED TO LOCAL
Y. M. C. A. STAFF**

**Harold T. Williams to Return
to City as Boys' Work
Secretary**

**PHYSICAL INSTRUCTOR
COMES FROM MONTREAL**

**Gordon Malcolm, of Mon-
ton, to be Office and
Social Secretary**

President Walter B. Pearce of the central executive, Y. M. C. A., announces the new officials for the fall and winter season opening in September. Correspondence and personal interviews of the past few months have resulted in the appointment of the following men to the operating staff:
To be Boys' Work Secretary, Harold T. Williams, of Saint John, who comes from a similar post with the Halifax Y. M. C. A., and who was for three years assistant boys' work secretary in this city. Mr. Williams is a popular young man with Y members, having grown up in the institution. He is son of John Williams of Hawthorne avenue. Clarence M. McCully, retiring Boys' Work Secretary, it is understood, will take up ministerial duties.
ONE FROM MONTREAL
To be Physical Instructor-in-chief, Albert L. Clark, who for the last three years has been chief assistant in the big Drummond street central Y. M. C. A., at Montreal. Previous to that he held leading positions in Y physical work in Winnipeg, Man., and Fort Arthur, Ont. Mr. Clark is 30 years of age, reputed to be a capable organizer and a high-class floor man in gymnasium work. The job sought him, President Pearce says. It was with difficulty Mr. Clark was induced to relinquish his present prominent position in Montreal.
To be Office Secretary and Social Secretary, Gordon Malcolm, of Moncton. Mr. Malcolm leaves mercantile life as a member of the staff of office workers with Read & Co. Since his boyhood he has been an active Y. M. C. A. member and of late prominent in organization and extension activities. In the First Baptist church of Moncton he has been president and secretary of several of the younger bodies. This will be his induction into Y. M. C. A. work as a salaried official.
President Pearce says the new officials will begin their labors about the middle of September, and organized gymnasium classes will start the last Monday in that month. Arthur M. Gregg, general secretary of the Y. M. C. A., retains his post as the chief of the operating staff.

**LICENSE PLATES
CASE IS DISMISSED**
Magistrate Satisfied Defendant
Acted in Good Faith; Warn-
ing Issued
The law in connection with certain features of the provincial motor vehicle act was aired in the police court this morning when William F. Nichols appeared on the charge of having operated for private purposes a car, displaying dealer's license plates which were not entitled to carry. Police Officer Corner made the report and gave evidence.
Provincial Tax Inspector George L. Ingram was in court and stressed, in his evidence, the fact that certain provisions of the act were being continually disregarded, and that drastic action was being taken to see that the law should be obeyed. He understood, so far as the Nichols case was concerned, that the defendant, who owned a garage in Paradise Row, had been loaned the tags by the M. & M. Motors for the purpose of moving a car from their showrooms to his garage.
WAS DEMONSTRATOR
Cyril McKee of the M. & M. Motors said that he had given the defendant the car, with the dealer's tags displayed, for the purpose of demonstrating it to a buyer. The defendant was not a regular salesman or sub-dealer.
Mr. Ingram cited the law on the matter of the use of dealer's tags, and pointed out that these plates must not be handed out indiscriminately to persons who were not authorized to use them.
The court allowed the matter to stand as there was evidence that the defendant had acted in good faith under a misunderstanding as to his rights, but future cases of this kind would draw the penalty set out.

**Students Officiate
In Local Churches**
Gordon W. Ross, a theological student was the preacher at the morning service yesterday in the First Baptist church. Rev. C. T. Clark pastor, conducted the service. In the evening Mr. Clark administered the right of baptism to one candidate. A pleasing feature of the service was a violin selection by George S. Piers. Mrs. Piers was the accompanist.
Wallace Forgy, a theological student, is conducting the services in the Charlotte street Baptist church, West Saint John, during the month of July, as Mr. Gordon Ross another student will conduct the services during August. The newly appointed minister, Rev. James Dunlop, is expected to take charge of the church the first of September.
JUVENILE IN COURT
A juvenile was before the magistrate this morning on the charge of throwing a stone and injuring another boy's head. The complainant was not present in court to give evidence or lay any information, so the matter was allowed to stand.

SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than the water of the Saint John River and forces its way through the gorge of the Falls, creating a "Falls" running up river.
At low tide the water in the Bay becomes much lower than that of the river, that the fall of water is reversed and flows down river into the Bay.
At half tide, when the level in the Bay and River are about equal, the Fall Boils and bubbles, and the water at the Falls becomes smooth.
To fully appreciate this wonder of the world it should be seen at all three stages.
The best time to view this phenomenon is:
TODAY
High Tide 7:33 P.M.
Half Tide 5:18 P.M.
Low Tide 1:29 P.M.
TOMORROW
High Tide 8:50 P.M.
Half Tide 6:13 P.M.
Low Tide 2:23 P.M.

An employee of the establishment was communicated with and he informed the police that the window had been broken for some time and it was for that reason the light was left burning.

An unusual situation arose in the Police Court this morning when Samuel McKeith appeared on the charge of being a vagrant, having no visible means of support and of begging. **Mayor Asks For
Data On Tax
Installments**
MAYOR WHITE is investigating the proposed taxes to be paid in installments, and this morning he authorized the following statement: "I have instructed the Chamberlain of the city to prepare and submit a statement based on last year's financial returns, showing what effect, if any, would have been caused upon the revenue of the city had the system of tax payment advocated by the Retail Merchants' Association been enforced during the year."

As Hiram Sees It
THE SETTLEMENT — We had the heaviest rainstorm here for a spell yesterday that I've seen for years. Then it cleared up, and last night the lightning bugs was out over the meadows as if nothing had happened. I wonder where them fellers was when the rain was comin' down in buckets-full. I hope they know more about the weather than we do—'an' got in a safe place so they wouldn't be drowned out in the bugs 'an' the bugs 'an' the skaters 'an' the bumble-bees all down to know what's comin' 'n' gets ready for it. They hev a heap more sense than a lot o' youngsters that went out in a boat on the river 'an' come in lookin' like drowned rats. But what's a sokin' in their young lives—after all? I was young, myself once.

WILL HAVE CASE
FOR COMMISSION**

**Premier Baxter Says State-
ment is Being Prepared
in Matter**

**TRADE BOARD ALSO

**Interest Keen Locally in
Hearings Next Week—
Scandlers Away**

The Provincial Government of New Brunswick will have a statement to lay before the Royal Commission, under the chairmanship of Sir Andrew MacDuff, appointed by the Federal Government to examine and report on the Maritime rights case, according to an announcement made by Premier Baxter a Times-Star reporter this afternoon. Dr. Baxter said that this statement will be in addition to that being prepared by the Saint John Board of Trade. The Premier was not in a position today to state what subjects would be covered in the N. B. statement, as it was now being prepared.
The sessions of the Duncan commission will open in Saint John some time next week, the exact date to be announced later.

INTEREST LOCALLY.
Keen interest was shown locally today over the announcement that Prince Edward Island would demand a larger subsidy from the Federal Government. It is not anticipated that the same appeal will be made by New Brunswick, in view of the fact that this province has public lands from which revenue is derived, while P. E. I. is not so situated. Otherwise, it is expected, the claims of the three Maritime Provinces will be very similar and will include such matters as encouragement for the development of resources; the increase of port facilities at Halifax and Saint John, and provision for additional steamship business throughout the year; and the possibility of the Maritimes getting a share of the new settlers being attracted to the West.
F. MacLure Scandlers, of Saint John, left yesterday for Halifax to take over his duties as secretary of the commission.

**WORK STARTED ON
NEW C. N. R. STATION**

Attractive, Comfortable Structure to Replace Burned Building at Brookville

Work on the reconstruction of the C. N. R. station at Brookville, which was burned to the ground some time ago, has been commenced, workmen now being engaged in laying the foundations. H. G. S. Adams, magistrate at Brookville, who was in Moncton recently, saw the plans for the new structure, which he says provides for a very comfortable and attractive station. Effort was made to have a resident stationmaster appointed, but the railway authorities deemed it inexpedient at the present time.
The new building will be of bungalow type, the lower half being of brick and the top portion of stucco. It will consist of two rooms, a passenger waiting room and a freight room, both heated by a stove and lighted by electricity. The station will be the first of its design in New Brunswick.

**MOOSE APPEARS IN
STREETS OF CITY**

Big Animal Turns Back After Meeting Auto in Rockland Road

Hearing that tourists were anxious to see specimens of the noted big game of New Brunswick, an obliging moose appeared in the streets of the city this morning, but evidently not liking city life soon headed back for the wilds. The moose, which was a large one, had a good spread of antlers, appeared in Crescent street, in the vicinity of Rockwood Park, early this morning. It went over to First street and passed through an alley and came out on Rockland Road. Meeting an automobile in the latter street it became bewildered and turned around and when last seen by residents, it was heading out Cranston avenue in the direction of the nearby woods.

The defendant is the complainant in an assault case, which he preferred against Axel Olsen, chief officer of the vessel, last week. Both cases are being heard and disposed of today, the court having secured the services of a Swedish interpreter for the purpose of securing evidence.
