

Much Disorder Continues in Belfast City

(Canadian Press Despatch) Belfast, Feb. 13.—There was marked activity in Belfast tonight on the part of snipers. An unidentified man, picked up wounded, was taken to a hospital, but was found to be dead on his arrival there. Two constables were wounded in North Queen street. It is remarkable that a number of girls are on the casualty list. A bomb thrown in Weaver street tonight killed one child and so seriously wounded three other children that they are not expected to recover. There were eighteen casualties from the bomb, among them children.

Churchill's Statement

Winston Spencer Churchill, the colonial secretary, in a statement in the House of Commons today on the Irish situation, said the provisional government had expressed a desire for a meeting between the heads of the provisional and northern governments but that thus far in the present state of tension it had not been found possible to arrange such a meeting. He added that such a conference would be most desirable in that peace might be restored along the Ulster border, where the situation continued to be a source of serious anxiety. "We are passing through a very difficult period," said Mr. Churchill, "and until the Irish government is equipped with the proper constitutional powers we could not expect that they would have the necessary control."

WONDERFUL BILL AT QUEEN SQUARE

Big Dramatic Situation a Feature of "A Man's Home," Shown Yesterday.

Presenting the sort of problems that are being faced in so many homes throughout the country, "A Man's Home," the Ralph Ince-Selwick production which is being presented at the Queen Square Theatre deals with them in such a graphic and forceful way as to make a photoplay that has been heralded as one of the finest productions of the year. Basing the story on the established truth that most of the troubles of the day are the result of internal troubles in the home and that there is hardly a household that has not a skeleton of some sort lurking about, "A Man's Home" goes on to show what happens to a rich man who becomes so immersed in business that he allows his wife to drift away from him, how she falls into the hands of a pair of wily adventurers and pays dearly for it, almost to the point of shattering the happiness of her entire family. How the husband is suddenly brought to his senses and steps in at the vital moment in an effort to save the situation and the security of his home, makes a drama that is calculated to broadly appeal to every member of a household and be one of the most popular motion pictures of the season. A cast of unusual excellence has been assembled to portray the characters that make up "A Man's Home." Harry T. Morey, popular portrayor of virile types, is cast as the husband, Kathlyn Williams, heroine of many of the screen's best known productions, plays the wife, Faye Binyon, one of the daintiest of ingenues, is the daughter; Matt Moore, the youthful suitor, and Grace Valentine and Roland Bottomley as the adventurers at the bottom of the trouble. Ralph Ince, director of the production, labels "A Man's Home" as his finest production, and during the several months of its making he gave to it all the technical skill and masterful handling of detail for which he is noted. This fine picture will be shown again tonight and tomorrow.

Why Not 8% and ---Safety

THE old idea that safety accompanied a low rate of interest has long been put in the discard. During the past 7 or 8 years, with banking facilities strained to the limit under abnormal demands, borrowers in the AAA class (Bradstreet's highest rating) have been obliged—compelled by circumstances beyond their control—to pay rates of interest without precedent. Bankers today tell us that money is working easier—THIS IS YOUR OPPORTUNITY to assure to yourself a high interest return for a long period of years, with a large margin of safety, by investing in the 8% convertible debentures of The Mount Royal Hotel Company, Limited, carrying a bonus of 20% common shares.

SPOKE ON WORK OF THE AMBULANCE ASSOCIATION

Col. C. Hodgetts, of Ottawa, Director General of the St. John Ambulance Association, Canadian Branch, is in the city on his annual tour as examiner for the association trophies. Last night he held examinations in the Board of Trade rooms and this afternoon he will examine the police teams. As yet none of the coveted trophies have been won by a New Brunswick team, although the competition has been keen. There are six trophies to be awarded each year. The Mountsambert cup is awarded to the team which has the highest marks among the teams competing for the other trophies. The Wallace Nesbitt railwaymen's trophy is competed for by the railwaymen's teams from coast to coast. The Coltre trophy is awarded to the best team among the miners. Two Lord Shaughnessy shields are for the best police teams, one awarded in the district from Ontario east and the other in the district from Manitoba west. A general trophy, the Wallace Nesbitt, is open to competition by teams not included in any of the other competitions.

Besides these senior trophies there is a Junior Wallace Nesbitt trophy for each province in which teams of cadets, Girl Guides, Scouts and other juniors compete. The prizes for the Junior Wallace Nesbitt trophy are individual ones, going to each member of the team. New Brunswick already has twenty teams entered for the Junior trophies there will be five teams entered in St. John, including the police team. Col. Hodgetts addressed the pupils of the High School in the assembly hall yesterday afternoon and told them something of the great humanitarian work which the association is carrying on. He spoke of the work as mainly educational and taken up under the three departments, first aid to the injured, home nursing and home hygiene. It was with a view to the first department that the children in the Canadian schools were taken up with the work with ever increasing interest and enthusiasm. In Victoria, he said, there were 800 of the boys, cadets, who had passed the first examination successfully. Col. Hodgetts addressed a meeting at the Y. W. C. A. recreational centre later in the afternoon when the Campbell & Fowler, Ltd., had entered for the gymnasium class was present. He demonstrated to the girls how necessary it was for them to have practical knowledge of first aid and the utilizing of impromptu apparatus in the case of

MAGIC BAKING POWDER. PRODUCT OF CANADA. The reputation of Magic Baking Powder was not made in a day. Each succeeding year has entrenched it more securely in the homes of Canada's discriminating housewives. There is more Magic Baking Powder used in New Brunswick at the present time than ever before. It has been demonstrated that it is more economical and more satisfactory in every way than cream of tartar and soda. Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use, we recommend it as Canada's perfect baking powder.

CANADIAN MEMBERS JOINT COMMISSION HAVE RESIGNED

The resignation of the Canadian members of the International Joint Commission are in the hands of the government. The three members are C. A. MacGrath, Sir William Hearst and H. A. Powell, K. C., the latter of St. John. It seems likely that Mr. MacGrath may be re-appointed, but the two other vacancies probably will be filled by new men. It is reported from Ottawa, Mr. Powell has been a member of the commission since it was established.

HYDRO PROBLEMS WERE DISCUSSED AT G. W. V. A. SMOKER

The first smoker of the season was held last evening by the local branch of the G. W. V. A. in its hall in Wellington Row, a feature of which was an address on hydro-electric problems by Herbert Phillips, M. E. I. C. The chair was occupied by the president, S. C. Tippet, and there was a large attendance of members and their friends. Mr. Phillips went over much of the same ground that he had covered in previous addresses on this subject. He said they were now all waiting to hear the Ross report which would be published shortly. Mr. Phillips made out a strong case for municipal distribution as against private distribution and in conclusion said that it was not a matter for an engineer to settle, it was a matter of policy—a question whether the N. B. Power Company's interests were to be the first consideration. A vote of thanks was unanimously passed and tendered Mr. Phillips for the information that he had given the association.

The following instrumental and vocal programme was then carried out and much appreciated by those present: Phonograph selections, Phonograph Saloons, Ltd.; address, by president, vocal solo, J. Rastley; accordion solo, Charles Nodding; dance, Joe Brayson; vocal solo, P. J. Panter; vocal solo, C. Jamieson; vocal solo, R. B. Irving; dance, Charles Nodding; vocal solo, Dewitt Cairns; address, by A. I. Machum. The accompanists were T. C. Cochrane, Charles Doherty and C. Jamieson. During the evening cigarettes, pipes and tobacco were passed around and at the close refreshments were served.

The late Charles Nevins will case in which there have already been several hearings in the probate court was adjourned until next week after yesterday morning's session. D. Mallin, K. C., and S. W. Palmer objected to the allowance of the validity of the will and were given until Feb. 22 to file allegations. The case will be resumed after that.
