BAKING SODA GOOD FOR BURNS

DRY baking soda is an excellent remedy for slight burns where the skin is not broken. The soda should be spread on the part and then a clean bandage applied. When the flesh is broken some oily substance should be used. This substance should be thoroughly cleaned, and all air should be excluded from the wound. Clean olive oil, or vaseline, is good. Old linen should be soaked in one of these and gently wrapped around the part. If the burn is a very serious one, while the doctor is being sent for, bathe with a boric solution. Boric is cooling and healing. Never wrap fingers together when burned. Wrap separately. If wrapped together they will stick and cause much pain. The same rule applies to toes also. Wrappings should be soaked in vaseline. Cotton should be placed

underneath. This helps to keep out the air and thereby relieves pain. Lard, mixed with flour, is a good cure for burns. Also turpentine, applied to a burn where the skin is not broken, is good.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

THE SNUFF BOX IS RETURNED.

"Aha!" said Mister Whiz as he looked at the cuckoo clock in the Clock Maker's shop. "I think I know something. That was no cuckoo that chirped just now. Mister Clock Maker, have you a stop-logger? I think I know where all those sneezes came from that spoiled your clocks. Or rather, where the snuff came from that caused the sneezes." "Yes, here is a stop-logger," said the Clock Maker obligingly. "I always keep one handy so I can fix grandfather clocks when they get out of order." Mister Whiz put the stop-logger against the wall where the cuckoo clock hung, and then went carefully up step by step. When he got to the top, he reached up and took the clock off the wall by which it was hanging, keeping his hand over the door so it couldn't be opened. "Now I've got him," he cried. "I've got the bad little goblin whom we have been chasing for days and days."

"Who?" cried the Clock Maker in surprise. "Smiling smatch," answered Mister Whiz. "He stole the magic snuff box that belongs to the Fairy Queen's uncle, and he's done more harm with it than I can tell you." "Hand out the box first, then I'll let you out," said Mister Whiz, taking his hand off the clock door so it could be opened. Snitcher Snatch kept his word. He handed out the snuff box and Mister Whiz stuck it in his coat pocket. "Is the coast clear?" asked the goblin next, sticking out his head. Without waiting for an answer, he sprang to the counter, then to the floor, and before you could say "Jack Robinson" he was gone. "Thank you for helping us," said Mister Whiz to the Clock Maker. "I hope you will get your clocks together again in less than 70 years. I'll tell the Fairy Queen when I go back and perhaps she can send you some help. Come, children. We must hunt up our aeroplane and be off."

So the Twins and the little aviator got into the aeroplane and flew back to the very spot from which they had started. There was the big stone in the meadow with their own shoes hidden behind it, just as they had left them. "I'll let you out here and then I'll go on to the Fairy Queen's Palace," said Mister Whiz. "Why, hello! Here's a note on the big stone. It's for you. Read it." "Dear Twins: Come to my palace at once, as soon as you return. I have another adventure for you. My uncle says to tell you he's much obliged for getting the snuff box back. You have worked very hard. Yours lovingly, 'The Fairy Queen.' To Be Continued.

No Satisfactory Substitute for Knitted Summer Underwear

EACH season brings new underwear ideas and innovations, yet knitted underwear—Penmans Balbriggans—still leads in underwear value.

Penmans Balbriggans can be obtained in all styles including loose-fitting styles, so desirable for summer. These loose-fitting garments have all the advantages of flimsy summer underwear with twice the strength and three times the wear. They do not tear.

Made in bleached white and cream shades with no sleeves, half sleeves or full length sleeves, or in ankle and knee lengths.

"The best known numbers are 22 and 46. The number appears directly below the trade mark in the cloth label attached to every garment. Also made in lower priced lines, which, however, always bear the trade mark. If your dealer has no stock he can obtain it."
