ASPHALT PLANT FOR VICTORIA

WARSWICK COMPANY IS PLANNING SAME

Move to Pave Portion of Government Street With This Material is Considered Significant

That asphalt will be the form of a and the investment of Pris-he Albanians were the results all the business and most of the resifighting to-day, when the dential streets in any future work to be undertaken, and that this will reto Djakova to reinforce the sult in the erection here at a very the had been sent there to early date of a large asphalting plant, he town. The casualties were is the opinion prevailing now in the best-informed quarters. Ald. Sargison has declared his intention of presenting a resolution at the next regular Verizovitch and Katchanik ineeting of the city council that Gov-Michigan, be paved with that class of material immediately, and that boulevards, curbs and gutters be constructed also on Government between Superior and Michigan.

In this connection it is understood that Capt. J. Warswick, of the Asphalt Pavement Company, who has been in the city for some days has announced his intention of undertaking, century and a half, Charles at a very early date, the erection here of a large plant for paving purposes. This will involve an expenditure of something like \$40,000. The site these works are now being negotiated for. The Warswick Pavement Company, which deals in asphalt and road oils, has branches in eight cities, seven in California and Calgary. The pavements laid by this company are said to

have given the greatest success Ald. Sargison and Langley are the particular champions of asphalt on the council board, and it is believed that a majority of the members are favorable to this type of pavement, but final decision in the matter has been postponed in recent months awaiting a de cision of the city engineer recently ap pointed. Mr. Smith is, however, indis posed to give a hard and fast decision in favor of asphalt until he studies the city more carefully, but it is generally accepted that he will recom mend this class of material. The mat ter is one of considerable importance to the citizens generally, in that the inauguration of a large new industry here is involved.

CHINAMAN'S FATAL FALL.

New Westminster, May 3.-Another

fatal accident along the banks of the Fraser occurred on Saturday night, the victim being a Chinaman who has been employed for three weeks on one of mark. H. Gilley's pile drivers, which is doing ome work on Lulu Island. Sam Su Ho, aged about sixty-five, left the pile driver to go down town about eight o'clock on Saturday night. He left Chinatown about eleven o'clock and was found Sunday morning in a ditch on Lulu Island with his neck broken. He had evidently been walking along the dyke, stumble and fell about six or seven feet, strik-ing the hard ground and dislocating his neck. There seems to be no suspicion of foul play as there were no marks on the dead man and no tracks except his own anywhere near the scene of the accident.

The body was found by Edward Mera few hundred yards west of the Lulu Island bridge. The police were at once notified. The Chinaman had been dead about eight hours. On being made acquainted with the facts Cor-oner Pittendrigh decided that an inquest was unnecessary.
