The AT ALL AGES THEY NEED THE word "articles," he contended, meant nothing but an agreement. The "articles" was the only agreement any seaman was called upon to sign. The magistrate who tried the case would have to find that the ship was of Canadian register, that the men signed an agreement and that the men disobeyed lawful commands. The magistrate having done this and even having found wrongly on any one point, certiorari proceedings were not open to be taken. This did not belong to a class of objection to be taken on certiorari. If something preliminary to the proceedings before the magistrate had been omitted certiorari could be taken. Where it was shown that the case was one on which the magistrate was competent to sit and competent to try, the position was reversed and ceritorari

proceedings were not open to be taken. The magistrate had a right to decide whether the agreement had been properly entered into. He had decided on that point and in doing so was within his power. It was not then a question whether the agreement was sufficient. right to decide that point, and he had

tiana. Those articles were binding, and a violation of them was punishable The change of register to a Canadian the argreement entered into. If they were the owners of a ship upon changing register from a British to a Canadian bottom might be left without a crew, although the men had entered into an agreement.

The Canadian statute avoided any provision looking to the shipping of sailors abroad. This was left to be provided for under the Imperial Act. The shipipng of sailors abroad was a subject pertaining to Imperial affairs. and must be left to be governed by After some further argument by Mr.

Higgins in answer to the contentions of Mr. Peters, the hearing concluded, Mr. Justice Irving reserving his judg-

FIRE IN VANCOUVER.

Vancouver was visited by a fire on Tuesday afternoon which at one time threatened to demolish a considerable portion of the city. The fire was on Seymour street, and was fortunately confined to a limited area. The wood work factory of D. M. Fraser & Co., with some adjoining small buildings, were completely destroyed. The Roman Catholic school on Richards street and a residence on the same street were also damaged. The total loss will amount to about \$8,000. The fire breaking out in a wood factory lent itself readily to the spread

of the flames. To add to the difficulties which the firemen had to face. there was a stiff breeze blowing. The cause of the fire is unknown, but it is presumed that the end of a lighted T. Bahr and Miss Meta Griffel. match or a spark from a pipe may have been left there, when the workmen quit at 5 o'clock, and the dry shavings would account for the rest.

SCARCITY OF LABOR

Increasing activity in the V., V. & E. yard has marked the past week, says a Midway dispatch. The numerous parts of the tracklaying machine, which have been lying on flat cars have been unloaded and strung out long the track at the western limit. Christiana, wife of A. D. McGill, aged 51 years, a native of Nova Scotia. which have been lying on flat cars along the track at the western limit of the yard ready for assembling. Some 20 men of the steel gang have arrived, and they are engaged in making final preparations for tracklaying, which will be commenced about the

CASE DISMISSED.

FULL COURT SITTING Charge Against Mrs. Morgan Ventilated in Police Court This Morning.

When the court was called to order this morning Police Magistrate Hall was confronted with a number of cases of minor importance. Several men were charged with being drunk and disorderly. They were convicted and dealt with in the usual way. A bicyclist found riding on the sidewalk within the city limits was fined \$3 and given some instruction in the

RICH, RED BLOOD THAT DR. WILLIAMS' PINK PILLS ACTU-

ALLY MAKE. A woman needs medicine more than a man. Her organism is more com-plex, her system more delicate. Her health is disturbed regularly in the course of nature. If anything happens to intrefere with that natural course she goes through unspeakable suffering. In fact the health of every function and the health of every mo ment in a woman's life depend upon the richness and regularity of her blood supply. That is the simple scientific season why Dr. Williams' Pink Pills are worth their weight in gold to women of all ages from early girlhood up—they actually make the rich, red blood all women need.

Mrs. Edwin Ward, Brooksdale, Out., says: "For years I suffered from those ailments that make the lives of so many of my sex miserable, I would take weak spells and become so nerv ous that I could not go about. My stomach was out of order, and I frequently vomited the food I took. Head-It was whether the magistrate had a aches and backaches afflicted me nearly all the time. Then I took a severe ed that the Imperial Shipping Act had been fully complied with when the men were signed on the articles at Chair. cold which settled on my lungs, and I face and limbs became swollen and my system racked with a harsh dry cough. As the doctors did not look hopefully upon my case I decided to try Dr. Williams' Pink Pills. By the time I had taken half a dozen boxes there was a great change for the better. I still continued to take the pills until I had used thirteen boxes, and I am now enjoying perfect health I have no hesitation in saying that I believe Dr. Williams' Pink Pills saved my life."

Dr. Williams' Pink Pills cured Mrs. Ward by actually making the new blood her system needed. That is all Dr. Williams' Pink Pills do, but they do it well. They don't act on the bowels. They don't bother with mere symptoms. They go straight to the root of the trouble in the blood. That is why they cure all blood and nerve roubles like anaemia, female irregularities, indigestion, rheumatism, head aches and backaches, sciatica, nervous prostration and St. Vitus dance. Substitutes and imitations won't cure, purging medicines only make you worse, therefore you must get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People on the wrapper around every box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

-F. M. Logan, provincial creamery inspector, left on Wednesday for the lower Fraser valley, where he will examine conditions at the creameries at Chilliwack, Edenbank, Ladner and New Westminster
