ST. JOHN, N. B., SEPT. 27, 1902.

HIGGINS AND GOODSPEED.

While it is right that every effort should be made in behalf of Frank Higgins by his counsel, and the prisoner should be given the benefit of everything that can be legally done in his favor, it is to be hoped there will be no unnecessary delay in proceeding with his case and that of Goodspeed.

FREE SCHOOL BOOKS.

A question that might with propriety be considered in St. John is that of providing the pupils in the public schools with free text books.

WORTH THINKING ABOUT.

The Star recently gave publicity to the statement of a city clergyman to the effect that many persons in this city who can only look forward to a very hard winter would greatly better their condition if they sought out a place in the country and moved there.

THE GLOBE'S OPPORTUNITY.

If Canada is to be well governed, and a high standard of public duty set before her young men, the leaders of public opinion must have principles and uphold them.

No doubt the liberal party was defeated at the polls because it held these views, but surely defeat for the sake of principles honestly held is better than success dishonestly secured.

The Globe feels that the liberal party has not done its duty, or redeemed its pledges. Who is to blame? When Sir Wilfrid Laurier gathered around him a group of opportunists from the various provinces to form his cabinet, did the old time leaders protest?
