ABSOLUTELY PURE

SUMMARY NEWS.

It is announced that the Labrador seal fishery is almost a complete failure.

Intending exhibitors should apply at once for space at the International Exhibition at St. John, N. B.

By reference to the ad. of McAdam Junction it will be seen that a barber shop has been added.

In the new agricultural and dairy building at St. John, N. B., exhibitors will find a room specially prepared for maintaining an even temperature, and thus preserve the exhibits from injury.

A large number were baptized in the Free Baptist church at Keswick by Rev. P. C. Hartley. Barge revivals are now being conducted in that locality under the leadership of W. C. Keirstead, a young theological student.

A creamery has been started in Lower Grandville. The directors of the company are Messrs. E. H. Armstrong, S. W. W. Pickup, W. H. Weatherston, E. C. Mills, M. D. Best and T. E. Thorne. Manager Clarke has charge. The prospect of success is excellent.

Owing to differences of opinion arising between the City Council and the Exhibition Association of St. John, N. B., the publishing of the price lists have been delayed. Persons desiring copies of the list may address C. A. Everett, managing director, who will mail them when ready.

The bank of Montreal received July 3, from British Columbia a brick of gold weighing 708 ounces and valued at \$13,500, the first being the product of the first clean up of the Cariboo hydraulic mining company, of which Sir Wm. Vanhorne and other Montreals are chief shareholders.

The Exhibition Association of St. John, N. B., are building extensive horse and cattle stalls to house the stock which is now being entered, from all the province, for exhibition at their International Fair in September next. Exhibitors should write to the managing director, C. A. Everett, for copies of entry papers.

The Sun has been asked to state that the reports as to the prevalence of fever in St. Lucia are unfounded. The people of that island are very indignant that such stories should be put in circulation. The fact that burials are being erected at St. Lucia for the accommodation of the Imperial troops, who are to be stationed there, is sufficient answer in their opinion to the damaging story.

The rains of last week did much to improve the crops in the Annapolis valley and in other parts of the province. The crop of grass in meadows and new fields is good, but as usual on old fields it is light. Grain crops as a general thing, look well, especially oats are expected to complete a full crop. There are some nice fields of rye, corn and potatoes in the Annapolis valley. Beans, turnips and mangles look well. Apples in some parts of the county will not be as full a crop as last year, but the prospect improves. Plums and strawberry crop good.

The Dominion Atlantic steamship Prince Rupert had hardly commenced her promising career ere she was laid by for a few weeks it is feared, by an accident to her machinery. She made a round trip from St. John to Digby and return in the forenoon of July 3, in remarkable quick time. As she was starting on her second trip for the day at half past two, she cracked her high pressure cylinder. A new cylinder had been ordered from Glasgow where her engines were built. The accident has caused great regret, as this fast service on the Bay of Fundy was popular here. It may be expected to be fully supplied an early date. Fortunately the good steamship City of Monticello is still continuing the excellent service she has afforded these several years on this route.

The W. G. Lodge of Independent Order of Good Templars have just closed their annual session in the City of Basle, Switzerland, in 1897.

German and French bi-metallics have passed a series of resolutions in favor of international bi-metallic standard. The decision is determined by an agreement between Germany and France, Great Britain and United States. It is believed the conference bases its hopes of agreement on Balfour's accession to office.

The outbreak of rioting in East Boston on the 4th of July is much to be regretted. It is presumably the kind of disturbance that has no rightful place in any civilized country, where individual rights, within the bounds of law, and national freedom are held as sacred possessions of the people. Religious fanaticism and bigotry should be allowed no place at large among peoples of different creeds. These must agree to disagree and live in peace. This is necessary to good citizenship, for it is in any way antagonistic to the promotion of the intelligent religious belief. The Christian religion can in no way be more completely put in bad odor or misrepresented, than by a disregard of the rights of fellow citizens by those who call themselves after the name of Christ. The instilling of the Spirit of Jesus Christ in the heart of the people is a sure remedy for all fanaticism. It has a national as well as a religious value.

Deaths and Burials.

The news of the appointment of the Rev. Canon Dart as Anglican Bishop of New Westminster is now officially confirmed. He was consecrated in Westminster Abbey in London on the 29th ult., and will probably arrive in his future diocese shortly before the end of July. The reverend appointee has had both East Indian and Canadian experience as the president of King's college, Windsor, Nova Scotia, and the

only possible obstacle to the success of his future work in an arduous field of Episcopal labor is the somewhat advanced age of the bishop-elect, who was ordained in 1860 and is now in his fifty-ninth year.—*Ex.*

Steamer advices from China state that in the early part of last month the Protestant and Catholic mission property at Chen Tu Kiang and Yehou was utterly destroyed. Smaller cities have suffered similarly. The officials refused protection until the mob had completed their work. It was obviously an organized systematic attack upon Christians, with the retiring vicerey of Asectan the leader of the mob. No lives were lost, but many foreigners are seriously threatened. In Chang Kiang there were four Protestant establishments, one belonging to the Canadian Methodist mission under the presidency of Virgil Hart. A telegram of June 11 says the English, French-Canadian and American missions had been wrecked at Cheng Tu, Kiang, Yehou, Ping Shan and Sanking. Some of the missionaries are missing, but it is not known that any lives have been lost. Suifu and Yehou are threatened. At Chung King risk is certain. All foreigners left Chen Tu yesterday.

Our little friend had been a sufferer for a long time, but bore his illness with marvellous patience and hope. "I cannot wait, I want to go to heaven," were some of his last words.

HALL.—At St. Croix, Annapolis Co., N. S., June 19th, Uriah Hall, aged 57 years, leaving a sorrowing widow and family. He died with a firm trust in the Lord Jesus Christ as his Saviour. Death had lost its terror for him and he welcomed it as a release from his sufferings and as the gateway to eternal glory.

She leaves a husband and daughter together with a large number of relatives to mourn her loss. May our God, by His own presence, all the vacancy thus caused in this home.

DAVIDSON.—At her late residence, TRURO, N. S., June 27, after a short illness, Mrs. Jane Davidson, aged 75 years, having served her own generation by the council of God, fell asleep in Jesus. Sister Davidson's decease is mourned not only by those especially dear to her, but also by our entire church (Immanuel) in which she was a most worthy member. "Blessed are the dead who die in the Lord."

DENN.—On Monday, 24th ult., at his home in Bear River, Bro. Israel Denn entered into rest, aged 88 years. Bro. Denn professed religion in early manhood and was baptized into the fellowship of the Jacksonville Baptist church by the late David Burpee, missionary to India. He was a man of superior intellect, an exemplary citizen and a faithful Christian. He came down to the end of his life as ripened wheat to the harvesting. Sons and daughters feel their loss but they know dying to him has been gain.

STEVENS.—At Allison, Moncton, June 27, William Stevens aged 34 years. A few years ago this Bro. moved from near Sackville to Allison and shortly after took his membership in the 1st Salisbury church. His consistent Christian life won for him the respect of all. His presence and conversation were always an encouragement to the pastor. During his last illness his words carried with them an inspiration to those privileged to listen. We extend our sympathy to the widow and children in their bereavement and point them to Christ for consolation.

A BOGUS AGENT.

A Who Who Has Falsely Represented Himself as Agent for Messrs. T. Milburn & Co. of This City.

The firm of T. Milburn & Co., manufacturers of proprietary medicines, have for some time past been in receipt of letters from correspondents in and about Orangeville and Meadowdale, stating that a man has been operating in those districts, representing himself as their agent, and has been peddling medicines from house to house, offering them as the medicine—Burdock Blood Bitters, etc.—put up by this well known and reliable firm.

A Globe reporter, having been placed in the hands of our agent, our resident at the office of Messrs. T. Milburn & Co., on Colborne street, and was shown a number of communications from merchants in the localities indicated, all of which confirmed the information at first received, and as given above.

Not only had his firm been in receipt of communications, Mr. Milburn said, but some of his customers from Peel County had called at the office in Toronto and had informed him that this bogus agent had sold stuff at several houses which had necessitated the calling in of the doctor to treat the members of the families who had used his compounds.

In closing the interview, Mr. Milburn, the head of the firm, said that we should understand that any persons peddling from house to house cannot represent us. They should, therefore, be on their guard against bogus medicines being foisted on them for those of our manufacture. We may say that we are willing to defray any expenses incident to the detection and conviction of this man, or of anyone falsely representing himself as our agent.

OUR BOOK ROOM.

A great many contributors to our Book Room have never had the pleasure of visiting it. It is said that the Book Room is the handsomest book store in Halifax, and the writer thinks so. In order that our friends may decide correctly we have on hand a large and beautiful photographic interior view of the room and display of books, and if you have never met Dr. Kempton and the secretary, you will have the pleasure of seeing them too. This picture can be framed and hung in the house or Sunday school room. Several superintendents have ordered one so that the scholars may see for themselves where our books and helps come from. In this Book Room we have reason to proud. We have good loyal backers (Baptists) and we have good work, nothing shabby about it, stock neat and clean and first class all the time.

Now, do you want one of these pictures? Here is the way to get one free! Send your order at once for \$10.00 worth of books or bibles and you have it. This offer holds good for July only. See ad.
