

WINNIPEG

KEEP CHILDREN OFF STREETS

Speeding Automobiles Make Prairie City Streets Unsafe

TWO ACCIDENTS IN THE PAST WEEK

And in Both Cases Boys were Run Down and Killed by Automobiles

Edmonton Sore at "Made in Canada" Train.

Winnipeg, May 22.—Business in general lines of merchandise is fairly brisk, although there is still considerable complaint among the dealers in various important lines, the money is scarce. This applies especially to the lumber trade and affiliated lines. Crop conditions seem favorable although the weather has been rather cold and backward for May. Real estate is reasonably brisk but business in this line is by no means elastic and sales are rather sticky, unless the property is an exceptionally good one. As at all times when money is scarce, there are many who are willing to sacrifice in order to get cash for immediate needs and the scarcer the cash the more numerous are those who will make sacrifices.

The board of trade of Edmonton has decided to ignore the Made-in-Canada train which will make its tour of the west during the next few weeks. The reason given is the assertion that this excursion is used by eastern manufacturers to exhibit and boost their goods. A Winnipeg business man suggests that the manufacturers of the Edmonton district have the same privileges and if they do not take advantage of it, that is their own fault. There have been two boys run over and killed by automobiles in Winnipeg during the week. The injuries from this source consisted of two lads more or less injured. It is becoming more and more unusual for children in the pastime of walking on Winnipeg's streets. The jury which dealt with one of the above cases recommended that a by-law be passed prohibiting children from playing on the streets. Another jury some months ago recommended with the case of an old man who was run down and killed, mentioned the fact that the victim was old, deaf and near-sighted and that the driver of the car was therefore not responsible. It seems possible that the man who first said "justice is blind" was run down by an automobile.

Rev. Mr. Batty Goes West.

The Winnipeg Free Press, in commenting on the acceptance of the call to Zion Methodist Church, Winnipeg, by the Rev. J. L. Batty, makes the following comment: Many churches of pulpits in the Methodist Churches of the city will take place after the next conference and most of these have been publicly announced. One that has not been announced, is the successor to Rev. Dr. W. A. Cooke, of Zion Church. The quarterly board of that church has invited Rev. J. L. Batty, of Moncton, New Brunswick, to be their minister in succession to Dr. Cooke, who becomes superintendent of the Methodist city mission, and extension committee. Rev. J. L. Batty is one of the best known ministers in the Maritime Provinces. He has always labored in the east and held many of the most important churches there. He is a man of broad personality, one of the strongest pulpits and platform speakers in eastern Methodism, and should be an acquisition to the preaching force of the city. He comes recommended as a powerful temperance advocate, and is strongly interested in the conservation of Protestant purity. Mr. Batty is an Englishman but has lived in eastern Canada for a long time. The invitation was originally that Mr. Batty succeed Dr. Cooke in a year's time, but the new appointment undertaken by Dr. Cooke made it desirable that he should come this year. On the request being made, Mr. Batty consented to come and take up his duties at Zion Church after the coming conference.

Publicity Work.

That the tremendous volume of publicity work carried on by boards of trade and similar bodies in western Canada, as well as by the railroads, brings results is indicated by a number of conspicuous incidents and conditions. Two of these which have been noted during the past week, stand out above the more or less usual condition of immigration and the constant pouring in of a stream of newcomers from eastern Canada and from the Old Country. One of these incidents was the arrival at Winnipeg of nine Austrian families from the Argentine Republic where they had been engaged in farming for the past ten years. The other incident was the removal from Massachusetts, of some three hundred French Canadians who had settled there some time ago and who have now set out for the west.

The election of E. H. Taylor, the Conservative candidate in the bye-election in the constituency of Gimli, was the political event of the week. It was not generally believed that Mr. Taylor's majority would be as large as turned out to be the case and a much harder fight was expected. The local Liberal Press has confined itself to caustic comments upon the rejoicing of the Conservative workers from Winnipeg, when returning from the election. The Free Press was shocked and horrified that these workers should have sung songs and cheered when they arrived in Winnipeg. The result of the election means the

GERMAN DIPLOMACY

CHARLIKE SPEAKS IN THE MIND

Berlin, May 22.—The Crown Prince of Germany, Frederick William, has written a preface to "Germany Under Arms" which is attracting a good deal of interested attention. In view of the fact that this young man is destined some day to rule the German Empire, from the inscription on the fly-leaf of the book, "The world rests no more securely upon the shoulders of Atlas than Germany upon its army and navy," down to the last words of the preface of the Crown Prince, "If the whole German people are resolved steadily to stake life and property, then even though a world full of devils stand in arms against us, we shall conquer," the words of Frederick William are alive with martial spirit and show a keen appreciation of certain tendencies in modern society.

With some unimportant omissions, the preface runs substantially as follows: "Our Fatherland, more than other countries, is compelled to rely upon its strong arm. Situated in the centre of Europe, poorly protected by unfavorable geographical frontiers, not regarded with love by all nations, it is the sacred duty of the German Empire to keep its army and navy ever at the highest point of readiness, to strike, only so, and relying upon our good sword, can we maintain our place, the place that belongs to us, but is not willingly conceded.

U. S. TREASURY SUED THIRTY-FIVE CENTS

Washington, May 22.—The Commonwealth of New Hampshire has lodged a claim for thirty-five cents against the Federal Government of the United States, and the worst of it is the United States has to pay, notwithstanding that economy must be the watchword of the Administration in face of tariff revision. Zealous States authorities in an unrelenting campaign against pests invaded the backyard of the Post Office Building at Dover, N. H., and discovered three brownish moth nests in a hard-working postal employee of their during their rest periods. The State "bugologists" without much ado destroyed the nests of the pernicious bugs, and nonchalantly presented a bill for thirty-five cents, evidently at the established rate of fifteen cents each of the others. The postmaster protested vigorously, with the declaration that he himself could have annihilated the moths without expense to the State. If the state had pointed them out, an issue was threatened, and the quarrel was referred to the Treasury Department. Sherman Allen, assistant secretary of the treasury, who learned diplomacy as an assistant secretary to President Taft, conceded the point. After a formal bill and voucher are rendered a treasury warrant will be sent to the State.

ROSY CHEEKS STRONG NERVES

Should be the Birthright of Every Woman and Growing Girl.

Many women and growing girls who should have bright eyes, rosy cheeks, strong nerves and elastic step, and a good appetite, are none of these. Their spirits grow sluggish, their cheeks become pale, tend to ill-health, or they may have over-worked, over-studied, or worried until the strength of the body was not equal to the demands made upon it. To guard against a complete breakdown in health the blood must be kept pure and rich. No other medicine can do this so well as Dr. Williams' Pink Pills for they act both on the blood and the nerves, restore the appetite and keep every organ toned up. All women cannot rest whenever they should, but this strengthening medicine is within every woman's reach, and will keep them in the enjoyment of good health. And it is especially important that in every stage of woman's life the blood supply be kept pure and rich. The value of Dr. Williams' Pink Pills is well illustrated by the case of Mrs. David Chambers, Bensford, Ont., who says: "Some years ago I suffered greatly from impoverished blood. I was very pale and thin and had no strength left. I took a lot of doctor's medicine without getting any benefit, and at last decided to try Dr. Williams' Pink Pills. I had heard highly recommended, and although some years had passed, I have continued strong and healthy, and I think I owe it entirely to Dr. Williams' Pink Pills.

Sometimes later my daughter then about twelve years of age had been working very hard at school and her health gave way. She was weak and listless and her hands and face were badly swollen and we feared dyspepsia was setting in. However we started to give her Dr. Williams' Pink Pills and she was soon quite well again. I always recommend Dr. Williams' Pink Pills to any suffering as we did, knowing the benefit our family received from them."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Can You Count?

\$1,250 IN GOLD SEVENTY PRIZES

THE ST. JOHN STANDARD'S

BIG PUZZLE CONTEST

No Trick or Chance Involved. Only Accuracy and Patience Required. Old and New Subscribers Can Enter. Note Carefully the Plan of Dividend Prizes.

HOW TO ENTER

This contest is restricted to people residing in the Provinces of New Brunswick and Nova Scotia. A payment on subscription to The St. John Standard of from \$1.00 to \$5.00 entitles the contestant to submit a solution of the puzzle. The amount of money paid in will cover the subscription price for the paper according to the regular rate, whether the rate be for city delivery or by mail. AS MANY DIFFERENT SOLUTIONS MAY BE SUBMITTED AS THE CONTESTANT DESIRES UPON MAKING AN ADDITIONAL PAYMENT WITH EACH ONE, BUT NOT MORE THAN \$5.00 CAN BE PAID WITH ANY ONE SOLUTION. It is not necessary to pay the same amount with each solution if more than one be submitted. As the main prizes have an added value according to what is paid in on subscription with the winning solution, contestants should familiarize themselves with the DIVIDEND schedule before sending in their subscription and solutions.

Remit by check, money order, registered letter or in 1 or 2-cent stamps. Whatever is paid, whether on one or a number of solutions, will apply on a continuous subscription to The Standard. Solutions unaccompanied by cash subscription will not be registered. This contest is open to both old and new subscribers within the territory designated.

DECIDING TIES

In case there are ties, as many prizes will be reserved as there are contestants tied before any prizes are awarded for less correct solutions. For instance, if ten people tie on the correct solution, they would receive the first ten prizes, and those having the next nearest correct answers would receive the remaining prizes. If there should be more ties than there are prizes offered a second puzzle will be presented. No money will have to accompany the solution of the second puzzle. The second puzzle will be practicable and solvable.

AS TO DIVIDEND PRIZES.

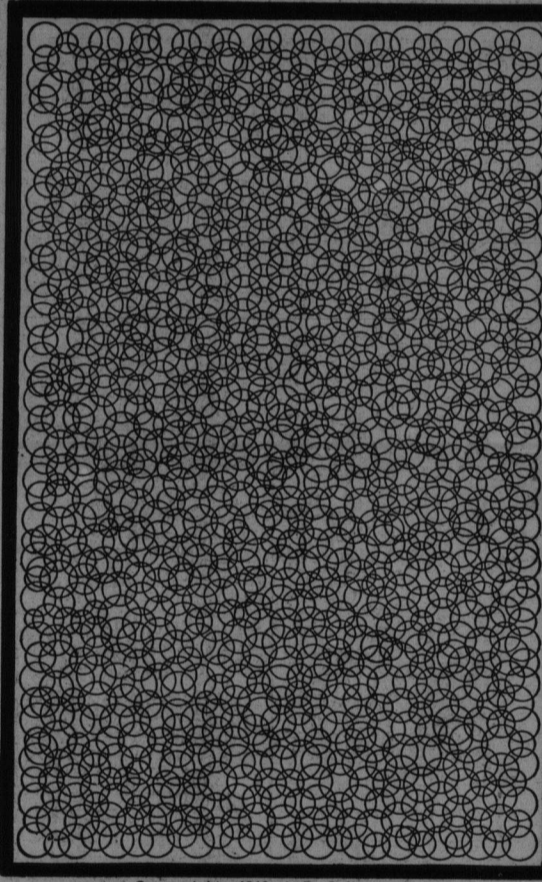

Same will be divided between those who have the correct or nearest correct answers. ALL DIVIDEND prizes will be divided pro rata according to the amount paid in by the winner. For example, if there are two contestants who tie having the correct or nearest correct answer, they will divide the first and second prizes of \$100.00 and \$75.00, giving them \$50.00 each, and will also be entitled to DIVIDEND prizes, which is forty times the amount paid in for the first prize and twenty times the amount paid in on the second prize, the two tying will then be entitled to divide sixty times the amount they have paid in, making thirty times the amount paid in on their subscription.

Now, if one paid \$2.00 and the other paid in \$5.00, the one paying in \$2.00 would receive thirty times the amount paid in or \$60.00 as his DIVIDEND prize, while the one paying in \$5.00 would also receive thirty times the amount paid in, or \$150.00 as a DIVIDEND prize. This same rule and example will be followed throughout in the awarding of prizes in case of ties.

Count the Circles

THE PROBLEM

The problem is to count the circles. Every circle is complete and intersects or touches one or more other circles. There are no parts of circles or shams or deceptions of any sort in the puzzle. In the event that no one counts the exact number the prizes will be awarded for the nearest correct solutions. Accuracy and patience are the main requisites for arriving at the correct or nearest correct count. Those who display these qualifications to the best advantage will solve the puzzle best.

SPECIAL ATTENTION

While the winning of the prizes does not in any measure depend upon the time the solution is sent in, it is best to begin counting at once and send in your solution as soon as you have finished. There is no limit to the number of different solutions you may send in. After a solution has been submitted, it cannot be changed. All those entering the contest will be required to abide by the ruling of the Contest Manager. In the event of any questions arising the Contest Manager, if he deems wise, can appoint a committee to assist him in deciding them, and those who enter the contest do so with the understanding that such decision will be final.
