

wanting is an appropriate design to identify it as the property of the Society. Thanks are due to our Treasurer for his valuable exertions in regard to this nicely-situated lot of ground.

We are indebted to the Richelieu Company for two free passages to Montreal, and to numerous friends for their very kind aid towards the Charitable objects of the Society.

In conclusion, your Committee must express their regret that the Membership of this Society is comparatively so limited and that a greater interest should not be taken in its affairs generally. They respectfully submit that there are enough Englishmen and their descendants in this city to place the Society on a still firmer footing of usefulness if they would extend to it that support which Englishmen in other cities of the Dominion consider it their duty to extend to their National Society. By so doing, not only would they advance the Charitable undertakings of the Society, but our National Anniversary could be better observed and honored than it has been of late.

Your Committee anticipate a change for the better in this respect, and would suggest that each Member of the Society should endeavour to secure at least one new name during the ensuing year.

The whole respectfully submitted.

W. CLINT,
Secretary.

JOHN S. FRY,
President.

Quebec, 5th January, 1874.
