

SARNIA BRIDGE CO., LIMITED

130471

The Rt. Hon. Arthur Meighen,  
Page No. 2,  
Jan. 26th, 1934.

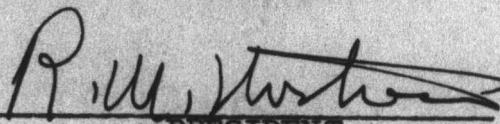

to load up the floor as was done in a previous design. While I realize that the building is supposed to be a monumental building, obsolescence and changes will nevertheless put it out of date in a few years hence, and it seems unnecessary and a waste of money to load up a floor construction to double what is really required.

Any assistance that you can give us in connection with securing this work or any other work that may come up through the Government will be greatly appreciated. We are anxious to preserve our company and this can only be done by securing business.

With kindest regards, I remain

Yours very truly,

SARNIA BRIDGE CO. LIMITED,

Per   
PRESIDENT.
