A GOOD MAN

Mayor Cowan says that H. S. Clements M. P. Know's the Ropes and Makes a Splendid Representative

Mayor Cowan returned from Ottawa last night. As was reported, the Government, deeming that such a large amount of money should not be spent without due deliberation, will send an engineer to report on

the work.

H.s. Worship reports a splendid time, H. S. Clements, M. P., saw to that, Mr. Cowan has returned full of praise for the efficiency of the local member, He says "Herb" is a prime favorite with both the Ministers and the members of both sides of the House. He knowledge of the "ropes" is wonderful. He is as well acquainted with them as a member who has weathered several sessions. Moreover he diplomacy and executive ability have brought him to the front in committee work.

"It is remarkable," continued Mr. Cowan, "how well the Premier looks. He looks easily ten years younger

A BIG FISH

Mrs. Wm. Winter, Orion, Mich., is spending a short time with her sis-ter, Mrs. George Stout, River Road, ter, Mrs. Scorge Scout, R. ver Road, Raleigh, and on Saturday last she decided to try the Canadian stream that passes along the edge of the farm, for a fish, and armed with a rod and a good sized line and nook, took up a position on the bank and cast the line, which was only in the water a short time when she hooked a certific that weighed 34 pounds water a short time when she hook-ed a catfish that weighed 34 pounds, measured 42 inches and was 24 inches around. The fish was one of the largest of the kind ever caught in the river, and it is said the screams of the ladies, comprising Mrs. Stout's household, could be heard for miles along the bank of the river before they were able to land their prize.

OLEVER WORK

Peter Dezelia and James Dodson of the Police Force, have just con-cluded a piece of detective work which is worthy of complimentary notice.

A few days ago they received word

A few days ago they received word of the theft of a Hyslop bleycle from St. Thomas. A bicycle is a hard thing to trace, nevertheless the wheel was spotted in the possession of a man named Kemp, who traded for it, with a man named Sterling. Sterling had quite innocently purchased the wheel for \$12 from a man A M Roberts a strenger, who was chased the wheel for \$12 from a man A. M. Roberts, a stranger, who was driving Knight's grocery wagon. Roberts, who comes from Guelph, had stolen the wheel from St. Thomas and had come to Chatham to work for Knight. Shortly after he sold the wheel he returned and then he was nabbed by the police. Constable Armstrong, of St. Thomas, arrived in the city and took wheel and man back to St. Thomas.

CLOSE RACE

A moot point is likely to be settled this evening at the Grand, when it will definitely be decided who is the homeliest man in Chatham. The entry list is large, but the race has simmered down to four contestants-"Urban" Primeau, Frank Tschirhart, Will Sutherland and Chas. Hicklin, At present Primeau leads by seven votes, but the remaining three are confident of the ability of their physiognomies to win votes for them. Anybody knowing the gentlemen will agree that their confidence is no

Primean is accused of buying up votes. His bankers will be pleased to learn this report is quite false. He can win on his merits — no joke there, either. A mangled wreck of a man, whose visage looked as if it had been spread on hot and had run, was seen in the city this morning. Will Sutherland was of the opinion the others had become afraid of him and were playing the same dodge on him that the electric road is playing, by importing foreign talent to beat him out.

ROUTE SEITLED

It was practically decided this morning that the electric road would run out the town-line to the third cencession, come about half way down the third and then strike through to a point on the corner of the Baldoon and the fourth concession. The original intention was to out through Baldoon between the out through Baldoon between the second and third concessions. The new route will cost about \$5,000 more to build.

SCHOOLS CLEANED

"The Central and McKeough schools are being thoroughly cleaned and disinfected," said Fruant Officer and Health Inspector Anson Mounteer this morning. "Some of the work has been done and the whole work will be completed next Saturday. Every room will be thoroughly scrubbed and then we hope there will be no more diphtheria in the schools. Mr. Mounteer also has his eyes open for truents and has served a couple of notices to offenders in this respect.

OUEER PREDIGAMENT

A citizen pointed out to The Plane this morning the predicament the city is in at present. Acting Mayor Austin was not appointed by reso lution of the Council, consequently he cannot sit as a member of th Police Commissioners. It is desired to have another night constable appointed while the danger of any more rioting exists, as the Police Commissioners are three in number and Judge Bell is away and Mr. Austin unqualified to sit, this cannot be described.

done.

The difficulty could be obviated by having an acting Mayor regularly appointed by resolution instead of verbally by the Mayor.

SHAMROCKS WIN

The Shamrocks, of Chatham, again demonstrated the superiority of Maple City athletes in defeating the Wallaceburg Juniors Thursday by a score of 13-3.

Until half-time the score was nearly even, but in the third quarter Chatham forged ahead so rapidly that the boys from the Burg gave up. Injuries received by one of their forward players had a great deal to do with their defeat.

For Chatham, Downey and McLean played stellar games. The Wallaceburg boys may be "Sugar Beeters," but sugar is easier to "lick" than the Shamrocks proved to be.

The teams were:—
Chatham—McKinley, French, Marshall, fligley, Perry, J. McLean, "Browney" McLean, Hoig, Walker, McDonald and Downey.

Wallaceburg — Wallace, Lockert, McCollom, Nightingale, Young, Topliffe, Morse, Forhn, Knight, Ayres, J. Nightingale and West.

Referee—Lawson. Referee—Lawson. Field Captain—F. Grace.
